

325E.314 ACQUISITION AND USE OF LIST.

(a) A caller who makes a telephone solicitation to the telephone line of any residential subscriber must, at the time of the call, have obtained access to a current version of the list at least once in the 90 days prior to the call. A caller who complies with this requirement is not liable for any violation of section 325E.312 relating to a solicitation made to a subscriber during the first 30 days after the caller first obtained a copy of the list including that subscriber's telephone number that has not been superseded by a later list obtained by the caller that does not include the subscriber's telephone number.

(b) If the Federal Trade Commission establishes a national do-not-call list as described in section 325E.313, subdivision 2, a person or entity who is required by law to obtain a copy of the national list may meet its requirement through proof of purchase of the Minnesota numbers from the federal list.
