

103F.415 EXCESSIVE SOIL LOSS PROHIBITED.

Subdivision 1. **Prohibited activities.** A person may not cause, conduct, contract for, or authorize an activity that causes excessive soil loss.

Subd. 2. **Agricultural land.** A land occupier of agricultural land is not violating subdivision 1 if the occupier is farming by methods that implement the best practicable conservation practices.

Subd. 3. **Woodland.** A land occupier who uses wooded land for pasture must ensure that proper management is used to prevent excessive soil loss due to overgrazing or cattle paths.

History: 1990 c 391 art 6 s 60
