201.021 PERMANENT REGISTRATION SYSTEM.

A permanent system of voter registration by county is established, with a single, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state, and assigns a unique identifier to each legally registered voter in the state. The interactive computerized statewide voter registration list constitutes the official list of every legally registered voter in the state. The county auditor shall be chief registrar of voters and the chief custodian of the official registration records in each county. The secretary of state is responsible for defining, maintaining, and administering the centralized system.

History: 1973 c 676 s 3; 1975 c 204 s 94; 1981 c 29 art 2 s 5; 1984 c 560 s 2; 1987 c 361 s 2; 2004 c 293 art 1 s 1

201.061 REGISTRATION ON OR BEFORE ELECTION DAY.

Subdivision 1. **Prior to election day.** At any time except during the 20 days immediately preceding any regularly scheduled election, an eligible voter or any individual who will be an eligible voter at the time of the next election may register to vote in the precinct in which the voter maintains residence by completing a voter registration application as described in section 201.071, subdivision 1, and submitting it in person or by mail to the county auditor of that county or to the Secretary of State's Office. A registration that is received no later than 5:00 p.m. on the 21st day preceding any election shall be accepted. An improperly addressed or delivered registration application shall be forwarded within two working days after receipt to the county auditor of the county where the voter maintains residence. A state or local agency or an individual that accepts completed voter registration applications from a voter must submit the completed applications to the secretary of state or the appropriate county auditor within ten days after the applications are dated by the voter.

For purposes of this section, mail registration is defined as a voter registration application delivered to the secretary of state, county auditor, or municipal clerk by the United States Postal Service or a commercial carrier.

Subd. 1a. **Incomplete registration by mail.** If the county auditor determines that a voter who has submitted a voter registration application by mail has not previously voted in this state for a federal office and has also not presented a document authorized for election day registration in section 201.061, subdivision 3, to the auditor, and the county auditor is unable to verify the

voter's driver's license, state identification, or last four digits of the voter's Social Security number as provided by the voter on the voter registration application, then the county auditor must notify the voter that the registration is incomplete and to complete registration by using one of the following methods:

(1) presenting to the auditor more than 20 days before the election a document authorized for election day registration in section 201.061, subdivision 3;

(2) registering in person before or on election day;

(3) if voting by absentee ballot or by mail, following election day registration procedures for absentee voters as described in section 203B.04, subdivision 4; or

(4) providing proof of residence by any of the methods authorized for election day registration in section 201.061, subdivision 3.

Subd. 2. [Repealed, 1990 c 585 s 34]

Subd. 3. **Election day registration.** (a) An individual who is eligible to vote may register on election day by appearing in person at the polling place for the precinct in which the individual maintains residence, by completing a registration application, making an oath in the form prescribed by the secretary of state and providing proof of residence. An individual may prove residence for purposes of registering by:

(1) presenting a driver's license or Minnesota identification card issued pursuant to section 171.07;

(2) presenting any document approved by the secretary of state as proper identification;

(3) presenting one of the following:

(i) a current valid student identification card from a postsecondary educational institution in Minnesota, if a list of students from that institution has been prepared under section 135A.17 and certified to the county auditor in the manner provided in rules of the secretary of state; or

(ii) a current student fee statement that contains the student's valid address in the precinct together with a picture identification card; or

(4) having a voter who is registered to vote in the precinct, or who is an employee employed by and working in a residential facility in the precinct and vouching for a resident in the facility, sign an oath in the presence of the election judge vouching that the voter or employee personally knows that the individual is a resident of the precinct. A voter who has been vouched for on election day may not sign a proof of residence oath vouching for any other individual on that election day. A voter who is registered to vote in the precinct may sign up to 15 proof-of-residence oaths on any election day. This limitation does not apply to an employee of a residential facility described in this clause. The secretary of state shall provide a form for election judges to use in

recording the number of individuals for whom a voter signs proof-of-residence oaths on election day. The form must include space for the maximum number of individuals for whom a voter may sign proof-of-residence oaths. For each proof-of-residence oath, the form must include a statement that the voter is registered to vote in the precinct, personally knows that the individual is a resident of the precinct, and is making the statement on oath. The form must include a space for the voter's printed name, signature, telephone number, and address.

The oath required by this subdivision and Minnesota Rules, part 8200.9939, must be attached to the voter registration application.

(b) The operator of a residential facility shall prepare a list of the names of its employees currently working in the residential facility and the address of the residential facility. The operator shall certify the list and provide it to the appropriate county auditor no less than 20 days before each election for use in election day registration.

(c) "Residential facility" means transitional housing as defined in section 256E.33, subdivision 1; a supervised living facility licensed by the commissioner of health under section 144.50, subdivision 6; a nursing home as defined in section 144A.01, subdivision 5; a residence registered with the commissioner of health as a housing with services establishment as defined in section 144D.01, subdivision 4; a veterans home operated by the board of directors of the Minnesota Veterans Homes under chapter 198; a residence licensed by the commissioner of human services to provide a residential program as defined in section 245A.02, subdivision 14; a residential facility for persons with a developmental disability licensed by the commissioner of human services under section 252.28; group residential housing as defined in section 256I.03, subdivision 3; a shelter for battered women as defined in section 611A.37, subdivision 4; or a supervised publicly or privately operated shelter or dwelling designed to provide temporary living accommodations for the homeless.

(d) For tribal band members, an individual may prove residence for purposes of registering by:

(1) presenting an identification card issued by the tribal government of a tribe recognized by the Bureau of Indian Affairs, United States Department of the Interior, that contains the name, address, signature, and picture of the individual; or

(2) presenting an identification card issued by the tribal government of a tribe recognized by the Bureau of Indian Affairs, United States Department of the Interior, that contains the name, signature, and picture of the individual and also presenting one of the documents listed in Minnesota Rules, part 8200.5100, subpart 2, item B.

(e) A county, school district, or municipality may require that an election judge responsible for election day registration initial each completed registration application.

Subd. 4. **Registration by election judges; procedures.** Registration at the polling place on election day shall be conducted by the election judges. The election judge who registers an individual at the polling place on election day shall not handle that voter's ballots at any time prior to the opening of the ballot box after the voting ends. Registration applications and forms for oaths shall be available at each polling place. If an individual who registers on election day proves residence by oath of a registered voter, the form containing the oath shall be attached to the individual's registration application. Registration applications completed on election day shall be forwarded to the county auditor who shall add the name of each voter to the registration system unless the information forwarded is substantially deficient. A county auditor who finds an election day registration substantially deficient shall give written notice to the individual whose registration is found deficient. An election day registration shall not be found deficient solely because the individual who provided proof of residence was ineligible to do so.

Subd. 5. **Unregistered voters; penalty.** No election judge in any precinct in which registration is required may receive the vote at any election of any individual whose name is not registered in a manner specified in section 201.054, subdivision 1 or not recorded under section 203B.19. A violation of this subdivision is a felony.

Subd. 6. **Precinct map.** Except as otherwise provided by this subdivision, the county auditor shall provide each precinct with an accurate precinct map or precinct finder to assist the election judges in determining whether an address is located in that precinct. A county auditor may delegate this responsibility as provided in section 201.221, subdivision 4, to a municipal or school district clerk who prepares precinct maps as provided in section 204B.14, subdivision 5.

Subd. 7. **Record of attempted registrations.** The election judge responsible for election day registration shall attempt to keep a record of the number of individuals who attempt to register on election day but who cannot provide proof of residence as required by this section. The record shall be forwarded to the county auditor with the election returns for that precinct.

201.071 REGISTRATION APPLICATIONS.

Subdivision 1. **Form.** A voter registration application must be of suitable size and weight

for mailing and contain spaces for the following required information: voter's first name, middle name, and last name; voter's previous name, if any; voter's current address; voter's previous address, if any; voter's date of birth; voter's municipality and county of residence; voter's telephone number, if provided by the voter; date of registration; current and valid Minnesota driver's license number or Minnesota state identification number, or if the voter has no current and valid Minnesota driver's license or Minnesota state identification, the last four digits of the voter's Social Security number; and voter's signature. The registration application may include the voter's e-mail address, if provided by the voter, and the voter's interest in serving as an election judge, if indicated by the voter. The application must also contain the following certification of voter eligibility:

"I certify that I:

- (1) will be at least 18 years old on election day;
- (2) am a citizen of the United States;
- (3) will have resided in Minnesota for 20 days immediately preceding election day;
- (4) maintain residence at the address given on the registration form;
- (5) am not under court-ordered guardianship in which the court order revokes my right to vote;
- (6) have not been found by a court to be legally incompetent to vote;
- (7) have the right to vote because, if I have been convicted of a felony, my felony sentence has expired (been completed) or I have been discharged from my sentence; and
- (8) have read and understand the following statement: that giving false information is a felony punishable by not more than five years imprisonment or a fine of not more than \$10,000, or both."

The certification must include boxes for the voter to respond to the following questions:

"(1) Are you a citizen of the United States?" and

"(2) Will you be 18 years old on or before election day?"

And the instruction:

"If you checked 'no' to either of these questions, do not complete this form."

The form of the voter registration application and the certification of voter eligibility must be as provided in this subdivision and approved by the secretary of state. Voter registration forms authorized by the National Voter Registration Act must also be accepted as valid. The federal postcard application form must also be accepted as valid if it is not deficient and the voter is eligible to register in Minnesota.

An individual may use a voter registration application to apply to register to vote in Minnesota or to change information on an existing registration.

Subd. 2. **Instructions.** A registration application shall be accompanied by instructions specifying the manner and method of registration, the qualifications for voting, the penalties for false registration, and the availability of registration and voting assistance for elderly and disabled individuals and residents of health care facilities and hospitals. The instructions must indicate that if the voter does not have a valid Minnesota driver's license or identification card, the last four digits of the voter's Social Security number must be provided, unless the voter does not have a Social Security number. If, prior to election day, a person requests the instructions in Braille, on cassette tape, or in a version printed in 16-point bold type with 24-point leading, the county auditor shall provide them in the form requested. The secretary of state shall prepare Braille and cassette copies and make them available.

Subd. 3. **Deficient registration.** No voter registration application is deficient if it contains the voter's name, address, date of birth, current and valid Minnesota driver's license number or Minnesota state identification number, or if the voter has no current and valid Minnesota driver's license or Minnesota state identification number, the last four digits of the voter's Social Security number, if the voter has been issued a Social Security number, prior registration, if any, and signature. The absence of a zip code number does not cause the registration to be deficient. Failure to check a box on an application form that a voter has certified to be true does not cause the registration to be deficient. The election judges shall request an individual to correct a voter registration application if it is deficient or illegible. No eligible voter may be prevented from voting unless the voter's registration application is deficient or the voter is duly and successfully challenged in accordance with section 201.195 or 204C.12.

A voter registration application accepted prior to August 1, 1983, is not deficient for lack of date of birth. The county or municipality may attempt to obtain the date of birth for a voter registration application accepted prior to August 1, 1983, by a request to the voter at any time except at the polling place. Failure by the voter to comply with this request does not make the registration deficient.

A voter registration application accepted before January 1, 2004, is not deficient for lack of a valid Minnesota driver's license or state identification number or the last four digits of a Social Security number. A voter registration application submitted by a voter who does not have a Minnesota driver's license or state identification number, or a Social Security number, is not deficient for lack of any of these numbers.

Subd. 4. **Change of registration.** A county auditor who receives a registration application indicating that an individual was previously registered in a different county in Minnesota shall update the voter's record electronically through the statewide registration system in the manner

prescribed by the secretary of state. A county auditor who receives a registration application or notification requiring a change of registration records under this subdivision as a result of an election day registration shall also check the statewide registration system to determine whether the individual voted in more than one precinct in the most recent election.

The secretary of state may provide copies of the public information lists and other information from the statewide registration system for uses related to elections, political activities, or in response to a law enforcement inquiry from a public official concerning a failure to comply with any criminal statute or any state or local tax statute.

Upon receipt of a statement signed by the voter that withholding the voter's name from the public information list is required for the safety of the voter or the voter's family, the secretary of state and county auditor must withhold from the public information list the name of a registered voter.

Subd. 5. Copy of list to registered voter. 201.162 DUTIES OF STATE AGENCIES.

The commissioner or chief administrative officer of each state agency or community-based public agency or nonprofit corporation that contracts with the state agency to carry out obligations of the state agency shall provide voter registration services for employees and the public. A person may complete a voter registration application or apply to change a voter registration name or address if the person has the proper qualifications on the date of application. Nonpartisan voter registration assistance, including routinely asking members of the public served by the agency whether they would like to register to vote and, if necessary, assisting them in preparing the registration forms must be part of the job of appropriate agency employees.

201.171 POSTING VOTING HISTORY; FAILURE TO VOTE; REGISTRATION REMOVED.

Within six weeks after every election, the county auditor shall post the voting history for every person who voted in the election. After the close of the calendar year, the secretary of state shall determine if any registrants have not voted during the preceding four years. The secretary of state shall perform list maintenance by changing the status of those registrants to "inactive" in the statewide registration system. The list maintenance performed must be conducted in a manner that ensures that the name of each registered voter appears in the official list of eligible voters in the statewide registration system. A voter must not be removed from the official list of eligible voters unless the voter is not eligible or is not registered to vote. List maintenance must include procedures for eliminating duplicate names from the official list of eligible voters.

The secretary of state shall also prepare a report to the county auditor containing the names of all registrants whose status was changed to "inactive."

Registrants whose status was changed to "inactive" must register in the manner specified in section 201.054 before voting in any primary, special primary, general, school district, or special election, as required by section 201.018.

Although not counted in an election, a late or rejected absentee or mail ballot must be considered a vote for the purpose of continuing registration.

201.195 CHALLENGES.

Subdivision 1. **Petition; hearing.** Upon petition filed with the county auditor, any voter registered within a county may challenge the eligibility or residence of any other voter registered within that county. The petition shall state the grounds for challenge and be accompanied by an affidavit stating that the challenge is based on the challenger's personal knowledge. Within five days after receipt of the petition, the county auditor shall set a date for a hearing on the challenge and notify the challenger by mail. A copy of the petition and notice of the hearing shall be served on the challenged voter by the county auditor in the same manner as in a civil action. The hearing shall be held before the county auditor or the auditor's designee who shall then make findings and affirm or dismiss the challenge.

Subd. 2. **Appeal.** If a challenge is affirmed, the voter whose registration has been challenged may appeal the ruling to the secretary of state. The appeal shall be heard within five days but in any case before election day. Upon hearing the appeal the secretary of state shall affirm or reverse the ruling and shall give appropriate instructions to the county auditor.

Subd. 3. **Hearing procedures.** A hearing before the secretary of state shall be conducted as a contested case and determined in accordance with chapter 14.

The office required to perform the functions and duties of this chapter shall bear the costs incurred. If these functions and duties are delegated to another office, that office shall bear the costs. The secretary of state shall pay the costs of operating and maintaining the statewide registration system. 201.221 RULES.

Subdivision 1. **Adoption of rules.** To implement the provisions of this chapter, the secretary of state shall adopt rules consistent with federal and state election laws.

Subd. 2. **Uniform procedures for counties.** The secretary of state shall assist local election officers by devising uniform forms and procedures. The secretary of state shall provide uniform rules for maintaining voter registration records on the statewide registration system. The secretary of state shall supervise the development and use of the statewide registration system to insure that it conforms to applicable federal and state laws and rules.

Subd. 3. **Procedures for polling place rosters.** The secretary of state shall prescribe the form of polling place rosters that include the voter's name, address, date of birth, school district number, and space for the voter's signature. The secretary of state may prescribe additional election-related information to be placed on the polling place rosters on an experimental basis for one state primary and general election cycle; the same information may not be placed on the polling place roster for a second state primary and general election cycle unless specified in this subdivision. The polling place roster must be used to indicate whether the voter has voted in a given election. The secretary of state shall prescribe procedures for transporting the polling place rosters to the election judges for use on election day. The secretary of state shall prescribe the form for a county or municipality to request the date of birth from currently registered voters. The county or municipality shall not request the date of birth from currently registered voters by any communication other than the prescribed form and the form must clearly indicate that a currently registered voter does not lose registration status by failing to provide the date of birth. In accordance with section 204B.40, the county auditor shall retain the prescribed polling place rosters used on the date of election for 22 months following the election.

Subd. 4. **County rules.** The county auditor of each county may adopt rules that delegate to the secretary of state or municipal officials in that county the duties assigned to county auditors by

this chapter. Delegation of duties to the secretary of state requires the approval of the secretary of state. Delegation to a municipal official requires the approval of the governing body of the municipality. Delegation by the county auditor of the duty to accept registrations does not relieve the county auditor of the duty to accept registrations. Each delegation agreement must include a plan to allocate the costs of the duties to be delegated.
