

**353.665 MERGER OF CERTAIN CONSOLIDATION ACCOUNTS INTO PERA-P&F.**

Subdivision 1. **Merger authorized.** (a) Notwithstanding any provision of law to the contrary, unless the applicable municipality elects otherwise under paragraph (b), every local police and fire consolidation account under chapter 353A in existence on March 1, 1999, becomes a part of the public employees police and fire plan and fund governed by sections 353.63 to 353.659 on July 1, 1999.

(b) If a municipality desires to retain its consolidation account or consolidation accounts, whichever applies, the governing body of the municipality must adopt a resolution to that effect and must file a copy of the resolution with the secretary of state, the state auditor, the legislative auditor, the management and budget commissioner, the revenue commissioner, the executive director of the public employees retirement association, and the executive director of the Legislative Commission on Pensions and Retirement. The retention election must apply to both consolidation accounts if the municipality is associated with more than one consolidation account. The retention resolution must be adopted and filed with all recipients before June 15, 1999.

Subd. 2. **Transfer of liabilities.** Unless the municipality has elected to retain the consolidation account under subdivision 1, paragraph (b), all current and future liabilities of a former local police or fire consolidation account are the liabilities of the public employees police and fire fund as of July 1, 1999, and the accrued benefits of the members are the obligation of the public employees police and fire fund.

Subd. 3. **Transfer of assets.** Unless the municipality has elected to retain the consolidation account under subdivision 1, paragraph (b), the assets of the former local police or fire consolidation account must be transferred and upon transfer, the actuarial value of the assets of a former local police or fire consolidation account less an amount equal to the residual assets as determined under subdivision 7, paragraph (f), are the assets of the public employees police and fire fund as of July 1, 1999. The assets, excluding the amounts for distribution under subdivision 7, paragraph (f), become an asset of the public employees police and fire fund. The public employees police and fire fund also must be credited as an asset with the amount of receivable assets under subdivision 7, paragraph (e).

Subd. 4. **Benefit coverage for active members.** (a) A person who is a police officer or a firefighter who, as such, is an active member of a merging local police or fire consolidation account on June 30, 1999, and who has not previously elected benefit coverage under the relevant provisions of the public employees police and fire fund benefit plan under section 353A.08, subdivision 3, may elect benefit coverage under the relevant provisions of the public employees

police and fire fund benefit plan. This election must be made in writing on a form prescribed by the executive director before September 1, 1999, and is irrevocable.

(b) If an eligible person makes no affirmative election of benefit coverage before September 1, 1999, the person retains the benefit coverage provided by the relief association benefit plan as reflected in the applicable provisions of chapter 353B and may elect benefit coverage under the relevant provisions of the public employees police and fire fund benefit plan when the person terminates active employment for purposes of receiving a service pension, disability benefit, or within 90 days of the date the member terminates active employment and defers receipt of a service pension, whichever applies.

(c) Notwithstanding any provision of section 353A.083 and any municipal action under authority of that statute to the contrary, the provisions of the public employees police and fire fund benefit plan applicable to active members of the merging local police or fire consolidation accounts who elect the public employees police and fire fund benefit plan under section 353A.08, subdivision 3, or paragraph (a), are the applicable provisions of sections 353.63 to 353.659.

**Subd. 5. Benefit coverage for retirees and benefit recipients.** (a) A person who received a service pension, a disability pension or benefit, or a survivor benefit from a merging local police or fire consolidation account for the month of June 1999, and who has not previously elected participation in the Minnesota postretirement investment fund for any future postretirement adjustments rather than the postretirement adjustment mechanism or mechanisms of the relief association benefit plan under section 353A.08, subdivision 1, may elect participation in the Minnesota postretirement investment fund for any future postretirement adjustments or retention of the postretirement adjustment mechanism or mechanisms of the relief association benefit plan as reflected in the applicable provisions of chapter 353B. This election must be in writing on a form prescribed by the executive director and must be made before September 1, 1999.

(b) If an eligible person is a minor, the election must be made by the person's parent or legal guardian. If the eligible person makes no affirmative election under this subdivision, the person retains the postretirement adjustment mechanism or mechanisms of the relief association benefit plan as reflected in the applicable provisions of chapter 353B.

(c) The survivor benefit payable on behalf of any service pension or disability benefit recipient who elects participation in the Minnesota postretirement investment fund must be calculated under the relief association benefit plan in effect on the effective date of consolidation under chapter 353A as reflected in the applicable provisions of chapter 353B.

**Subd. 6. Benefit coverage for deferred members.** A person who terminated before July 1, 1999, active employment as a police officer or a firefighter that gave rise to membership in a

local relief association that has consolidated with the public employees police and fire plan under chapter 353A and is merging under this section and who had sufficient service credit to entitle the person to an eventual service pension retains the benefit plan as reflected in the applicable provisions of chapter 353B, except that the deferred member may elect before September 1, 1999, to participate, upon retirement, in the Minnesota postretirement investment fund. Any election to participate in the Minnesota postretirement investment fund is applicable to any survivor benefit attributable to a deferred member covered by this subdivision.

**Subd. 7. Calculation of final funded status.** (a) As of June 30, 1999, the actuary retained under section 356.214 shall determine the final funded status of local police and fire consolidation accounts under chapter 353A that the applicable municipality has not elected to retain under subdivision 1, paragraph (b), as provided in this subdivision.

(b) The final funded status calculation must be made using the benefit plan provisions applicable to the consolidation account and the actuarial assumptions used for the June 30, 1998, actuarial valuation of the account.

(c) The actuary must calculate the total actuarial accrued liability of the consolidation account, which is the sum of the actuarial accrued liability for all consolidation account members who are not included in the participation of the account in the Minnesota postretirement investment fund calculated using the entry age normal actuarial cost method. If local legislation enacted during the 1999 regular session or any special session occurring before October 1, 1999, provides a benefit increase for one consolidation account member or more, whether the applicable municipality has given final approval to the local legislation yet or not, the total actuarial accrued liability calculation must include that benefit increase. The actuary also must calculate any account unfunded accrued liability or any account funding surplus. An account unfunded accrued liability is the actuarial accrued liability reduced by the amount of the current value of assets, if the resulting number is positive. An account funding surplus is the actuarial accrued liability reduced by the amount of the current value of assets, if the resulting number is negative. If a municipality is associated with two consolidation accounts and one has an account funding surplus and one has an account unfunded accrued liability in the preliminary calculation under this paragraph, the actuary must make a second calculation for the account with a preliminary account unfunded accrued liability, after crediting to that account an amount up to 75 percent of the one-half of the market value of the assets of the account with an account funding surplus that are in excess of 100 percent of the account actuarial accrued liability and that are less than that percentage of the total actuarial accrued liability that equals the public employees police and fire fund funded ratio as of June 30, 1999, but not to exceed the account's unfunded actuarial accrued liability.

(d) The actuary also must calculate the amortizable base for every consolidation account. The amortizable base is the present value of future benefits for all account members who are not included in the participation of the account in the Minnesota postretirement investment fund reduced by the present value of 19 percent of future covered salary and further reduced by the current value of account assets other than its participation in the Minnesota postretirement investment fund, after adjustment for fiscal year 1999 net mortality gains and losses and for the net actuarial affect of the election of postretirement adjustment coverage under subdivision 5.

(e) If the amortizable base under paragraph (d) is a positive number, the receivable assets are an amount equal to the amortizable base number.

(f) If the amortizable base under paragraph (d) is a negative number, the actuary must calculate the residual asset amount. The residual asset amount is:

(1) one-half of the amount by which the current assets of the account exceed 100 percent of the total actuarial accrued liability up to that percentage of the total actuarial accrued liability that equals the public employees police and fire fund funded ratio on June 30, 1999; and

(2) the amount by which the current assets of the account exceed that percentage of the total actuarial accrued liability that equals the public employees police and fire fund funded ratio on June 30, 1999. Following the calculation of the residual asset amount for each applicable municipality and the verification of the amount by the legislative auditor, the executive director of the public employees retirement association shall pay the applicable residual asset amount with interest equal to the average yield on the invested treasurer's cash fund from July 1, 1999, to the first of the month in which the payment is issued to each qualifying municipality. The residual asset amount must be used by the municipality to defray fire department expenditure items if the residual asset amount was derived from a fire consolidation account or to defray police department expenditure items if the residual asset amount was derived from a police consolidation account. Before the residual asset amount payment is made by the Public Employees Retirement Association, the governing body of the applicable municipality, following a public hearing on the issue, must formulate and adopt a plan for the expenditure of the residual amount and must file that plan in the form of a municipal resolution with the state auditor. The residual asset amount must be deposited in a special fund or account in the municipal treasury established for that purpose. The special fund or account must be invested and any investment return attributable to the residual asset amount must be credited to that special fund or account and its disbursement similarly restricted. The special fund or account must be audited periodically by the state auditor.

**Subd. 8. Member and employer contributions.** (a) Effective on the first day of the first full pay period following June 30, 1999, the employee contribution rate for merging former

consolidation account active members is the rate specified in section 353.65, subdivision 2, and the regular municipal contribution rate on behalf of former consolidation account active members is the rate specified in section 353.65, subdivision 3.

(b) The municipality associated with a merging former local consolidation account that had a positive value amortizable base calculation under subdivision 7, paragraph (d), after the preliminary calculation or the second calculation, whichever applies, must make an additional municipal contribution to the public employees police and fire plan for the period from January 1, 2000, to December 31, 2009. The amount of the additional municipal contribution is the amount calculated by the actuary retained under section 356.214 and certified by the executive director of the Public Employees Retirement Association by which the amortizable base amount would be amortized on a level dollar annual end-of-the-year contribution basis, using an 8.5 percent interest rate assumption. The additional municipal contribution is payable during the month of January, is without any interest, or if made after January 31, but before the next following December 31, is payable with interest for the period since January 1 at a rate which is equal to the preretirement interest rate assumption specified in section 356.215, subdivision 8, applicable to the public employees police and fire fund expressed as a monthly rate and compounded on a monthly basis or if made after December 31 of the year in which the additional municipal contribution is due is payable with interest at a rate which is four percent greater than the highest interest rate assumption specified in section 356.215, subdivision 8, expressed as a monthly rate and compounded monthly from January 1 of the year in which the additional municipal contribution is due until the date on which payment is made.

Subd. 9. **Benefit plan coverage.** Unless modified by an election authorized under subdivision 4, 5, or 6, the benefit plan election by any person or on behalf of any person under section 353A.08 remains binding. Merging former consolidation account members who elected the entirety of the public employees police and fire benefit plan are entitled to an applicable annuity or benefit under the provisions of sections 353.63 to 353.68 in effect on the day that the merging former consolidation account member terminated active service as a police officer or firefighter, whichever applies.

Subd. 10. **Consolidation account termination.** Unless the municipality has elected to retain the consolidation account under subdivision 1, paragraph (b), upon the payment of all residual asset amounts under subdivision 7 and the transfer of all liabilities and remaining assets under subdivisions 2 and 3, the local consolidation accounts under chapter 353A in existence on March 1, 1999, are terminated, and all benefits accrued up to the date of termination are the obligation of the public employees police and fire fund.
