

**148.211 LICENSING.**

Subdivision 1. **Licensure by examination.** (a) An applicant for a license to practice as a registered nurse or licensed practical nurse shall apply to the board for a license by examination on forms prescribed by the board and pay a fee in an amount determined by statute. An applicant applying for reexamination shall pay a fee in an amount determined by law. In no case may fees be refunded.

(b) The applicant must satisfy the following requirements for licensure by examination:

(1) present evidence the applicant has not engaged in conduct warranting disciplinary action under section 148.261;

(2) present evidence of completion of a nursing education program approved by the board, another United States nursing board, or a Canadian province, which prepared the applicant for the type of license for which the application has been submitted; and

(3) pass a national nurse licensure written examination. "Written examination" includes paper and pencil examinations and examinations administered with a computer and related technology and may include supplemental oral or practical examinations approved by the board.

(c) An applicant who graduated from an approved nursing education program in Canada and was licensed in Canada or another United States jurisdiction, without passing the national nurse licensure examination, must also submit a verification of licensure from the original Canadian licensure authority and from the United States jurisdiction.

(d) An applicant who graduated from a nursing program in a country other than the United States or Canada must also satisfy the following requirements:

(1) present verification of graduation from a nursing education program which prepared the applicant for the type of license for which the application has been submitted and is determined to be equivalent to the education required in the same type of nursing education programs in the United States as evaluated by a credentials evaluation service acceptable to the board. The credentials evaluation service must submit the evaluation and verification directly to the board;

(2) demonstrate successful completion of coursework to resolve identified nursing education deficiencies; and

(3) pass examinations acceptable to the board that test written and spoken English, unless the applicant graduated from a nursing education program conducted in English and located in an English-speaking country. The results of the examinations must be submitted directly to the board from the testing service.

(e) An applicant failing to pass the examination may apply for reexamination.

(f) When the applicant has met all requirements stated in this subdivision, the board shall issue a license to the applicant. The board may issue a license with conditions and limitations if it considers it necessary to protect the public.

Subd. 2. **Licensure by endorsement.** The board shall issue a license to practice professional nursing or practical nursing without examination to an applicant who has been duly licensed or registered as a nurse under the laws of another state, territory, or country, if in the opinion of the board the applicant has the qualifications equivalent to the qualifications required in this state as

stated in subdivision 1, all other laws not inconsistent with this section, and rules promulgated by the board.

**Subd. 2a. License recognition for nurses from border states; reciprocity.** (a) A license to practice professional or practical nursing issued by Iowa, North Dakota, South Dakota, or Wisconsin (border state) to a resident in that state must be recognized by the board as authorizing a licensure privilege to practice professional or practical nursing in Minnesota, if:

(1) the licensure standards in the state licensed are substantially the same as Minnesota licensure standards;

(2) the border state has not taken adverse action against the nurse license;

(3) the nurse is not participating in an alternative or diversion program; or

(4) the nurse has not been refused a license to practice nursing in Minnesota.

(b) Within ten days of employment by a hospital, clinic, prepaid medical plan, or other health care institution or organization located in this state, a nurse who practices professional or practical nursing in Minnesota under the authority of a licensure privilege as provided in this subdivision shall report the employment to the board on a form provided by the board. The board shall maintain a list of the nurses practicing in Minnesota under this subdivision.

(c) A nurse who practices professional or practical nursing in Minnesota under the authority of a licensure privilege as provided in this subdivision has the same obligations as if the nurse was licensed in Minnesota and is subject to the laws and rules of Minnesota and the regulatory authority of the board, including taking all forms of disciplinary action provided for in section 148.262, subdivision 1, and corrective action provided for in section 214.103, subdivision 6, against an individual's licensure privilege based on the grounds listed in section 148.261, subdivision 1, any other statute authorizing or requiring the board to take corrective or disciplinary action, and issuing a cease and desist order to limit or revoke a nurse's authority to practice in Minnesota. The board is authorized to recover from a nurse practicing professional or practical nursing in Minnesota under this subdivision the cost of proceedings as provided in section 148.262, subdivision 4. The board shall promptly report any such actions to the border state licensing board.

(d) The board shall seek reciprocity of nurse licensure with Iowa, North Dakota, South Dakota, and Wisconsin. Lack of reciprocity does not limit the board's recognition of nurse licenses from border states.

**Subd. 3.** [Repealed, 1976 c 222 s 209]

**Subd. 4. Education waived.** A person who has been licensed as a licensed practical nurse in another state, who has passed a licensing examination acceptable to the board, and who has had 24 months of experience as a licensed practical nurse in the five years prior to applying for a license is not required to meet any additional educational requirements.

**Subd. 5. Denial of license.** Refusal of an applicant to supply information necessary to determine the applicant's qualifications, failure to demonstrate qualifications, or failure to satisfy the requirements for a license contained in this section or rules of the board may result in denial of a license. The burden of proof is upon the applicant to demonstrate the qualifications and satisfaction of the requirements.
