

84.942 FISH AND WILDLIFE RESOURCES MANAGEMENT PLAN.

Subdivision 1. **Preparation.** The commissioner of natural resources shall prepare a comprehensive fish and wildlife management plan designed to accomplish the policy of section 84.941. The comprehensive fish and wildlife management plan shall include a strategic plan as outlined in subdivision 2. The strategic plan must be completed by July 1, 1986. The management plan must also include the long-range and operational plans as described in subdivisions 3 and 4. The management plan must be completed by July 1, 1988.

Subd. 2. **Strategic plan.** The strategic plan must be updated every six years and include:

- (1) an issues analysis describing major fish and wildlife management problems;
- (2) a description of strategies to address management problems; and
- (3) an assessment of the need for additional fish and wildlife research facilities.

Subd. 3. **Long-range plan.** The long-range plan must be updated every six years and include:

- (1) an assessment of historical, present, and projected demand for fish and wildlife resources;
- (2) an assessment of the capability of fish and wildlife resources to meet present and future demand;
- (3) development of a database capable of continuous updating and usable as a resource management tool; and
- (4) a statement of major goals, objectives, and policies to address fish and wildlife resource management issues.

Subd. 4. **Operational plan.** The operational plan must be reviewed and updated every two years. The operational plan must include the following:

- (1) a description of specific actions needed to address resource management issues;
- (2) an estimate of the expenditures necessary to implement the management actions and a description of the sources and amounts of revenue available;
- (3) a procedure to review expenditures and evaluate the effectiveness of the management program; and
- (4) recommendations for additional actions necessary to meet fish and wildlife management needs.

Subd. 5. **Public agency coordination.** The commissioner of natural resources must coordinate fish and wildlife planning efforts with appropriate public agencies to achieve optimum public benefit.

Subd. 6. **Public involvement.** The commissioner of natural resources must make fish and wildlife management plans available for public input, review, and comment.
