(b) "Eligible recipients" means governmental units or other entities eligible to receive loans or other assistance as provided in title VI of the Federal Water Pollution Control Act.

(c) "Federal Water Pollution Control Act" means the Federal Water Pollution Control Act, as amended, United States Code, title 33, sections 1251 et seq.

The authority may exercise powers necessary to comply with the requirements specified in the agreement, which must be in compliance with the Federal Water Pollution Control Act.

Subd. 4. **Intended use plan.** (a) The authority shall annually prepare and submit to the United States Environmental Protection Agency an intended use plan. The plan must identify the intended uses of the amounts available to the clean water revolving fund, including a list of wastewater treatment and storm water projects and all other eligible activities to be funded during the fiscal year.

(b) To be eligible for placement on the intended use plan:

(1) a project must be listed on the Pollution Control Agency's project priority list;

(2) the applicant must submit a written request to the authority, including a brief description of the project, a project cost estimate and the requested loan amount, and a proposed project schedule; and

(3) for a construction loan, the project must have a facility plan approved by the Pollution Control Agency.

(c) The Pollution Control Agency shall annually provide to the authority its project priority list of wastewater and storm water projects to be considered for funding. The authority may not submit the plan until it has received the review and comment of the Pollution Control Agency or until 30 days have elapsed since the plan was submitted to the Pollution Control Agency, whichever occurs first. In addition, the authority shall offer eligible recipients seeking placement on the intended use plan an opportunity to review and comment on the plan before it is adopted. The plan may be amended to add additional projects for consideration for funding as it determines funds are available and additional projects are able to proceed.

Subd. 5. **Applications.** Applications by eligible recipients for loans from the clean water revolving fund must be made to the authority on forms requiring information prescribed by the authority. The Pollution Control Agency shall certify to the authority those projects that appear to

Subd. 6. Award and terms of loans. The authority shall award loans for projects certified by the Pollution Control Agency or shall provide funding for the appropriate state agency or department to make loans for eligible activities identified in the intended use plan, provided the use of funds and the terms and conditions of the loans are in conformance with the Federal Water Pollution Control Act, this section, and rules of the Pollution Control Agency and the authority adopted under this section.

(d) An eligible recipient shall establish a dedicated source of revenue for repayment of the loan.
