The manufacturer of a device must apply annually for certification of the device by submitting the form prescribed by the commissioner. The commissioner shall require manufacturers of certified devices to:

(1) provide device installation, servicing, and monitoring to indigent program participants at a discounted rate, according to the standards established by the commissioner; and

(2) include in an ignition interlock device contract a provision that a program participant who voluntarily terminates participation in the program is only liable for servicing and monitoring costs incurred during the time the device is installed on the motor vehicle, regardless of whether the term of the contract has expired.

Subd. 3. **Program requirements.** (a) The commissioner shall establish guidelines for participation in the ignition interlock program. A person who seeks to participate in the program shall sign a written acknowledgment that the person has received, reviewed, and agreed to abide by the program guidelines.

(b) The commissioner must enter a notation on a person's driving record to indicate that the person is a program participant.

Subd. 4. Issuance of restricted license. (a) The commissioner shall issue a class D driver's license, subject to the applicable limitations and restrictions of this section, to a program participant who meets the requirements of this section and the program guidelines. The commissioner shall not issue a license unless the program participant has provided satisfactory proof that:

(1) a certified ignition interlock device has been installed on the participant's motor vehicle at an installation service center designated by the device's manufacturer; and

(2) the participant has insurance coverage on the vehicle equipped with the ignition interlock device. The commissioner shall require the participant to present an insurance identification card, policy, or written statement as proof of insurance coverage, and may require the insurance identification card provided be certified by the insurance company to be noncancelable for a period not to exceed 12 months.

(b) A license issued under authority of this section must contain a restriction prohibiting the program participant from driving, operating, or being in physical control of any motor vehicle not equipped with a functioning ignition interlock device certified by the commissioner. A participant may drive an employer-owned vehicle not equipped with an interlock device while in the normal course and scope of employment duties pursuant to the program guidelines established by the commissioner and with the employer's written consent.

(c) A program participant whose driver's license has been: (1) revoked under section 169A.52, subdivision 3, paragraph (a), clause (1), (2), or (3), or subdivision 4, paragraph (a), clause (1), (2), or (3), or section 169A.54, subdivision 1, clause (1), (2), (3), or (4); or (2) revoked under section 171.17, subdivision 1, paragraph (a), clause (1), or suspended under section 171.187, for a violation of section 609.21, subdivision 1, clause (2), item (i) or (iii), (3), or (4), resulting in bodily harm, substantial bodily harm, or great bodily harm; may apply for conditional reinstatement of the driver's license, subject to the ignition interlock restriction.

After completing a licensed chemical dependency treatment or rehabilitation program and one year of limited license use without violating the ignition interlock restriction, the conditions of limited license use, or program guidelines, the participant may apply for conditional reinstatement of the driver's license, subject to the ignition interlock restriction. If the program participant's ignition interlock device subsequently registers a positive breath alcohol concentration of 0.02 or higher, the commissioner shall cancel the driver's license, and the program participant may apply for another limited license according to this paragraph.

(e) Notwithstanding any statute or rule to the contrary, the commissioner has authority to determine when a program participant is eligible for restoration of full driving privileges, except that the commissioner shall not reinstate full driving privileges until the program participant has met all applicable prerequisites for reinstatement under section 169A.55 and until the program
