

256B.059 TREATMENT OF ASSETS WHEN A SPOUSE IS INSTITUTIONALIZED.

Subdivision 1. **Definitions.** (a) For purposes of this section and sections 256B.058 and 256B.0595, the terms defined in this subdivision have the meanings given them.

(b) "Community spouse" means the spouse of an institutionalized spouse.

(c) "Spousal share" means one-half of the total value of all assets, to the extent that either the institutionalized spouse or the community spouse had an ownership interest at the time of the first continuous period of institutionalization.

(d) "Assets otherwise available to the community spouse" means assets individually or jointly owned by the community spouse, other than assets excluded by subdivision 5, paragraph (c).

(e) "Community spouse asset allowance" is the value of assets that can be transferred under subdivision 3.

(f) "Institutionalized spouse" means a person who is:

(1) in a hospital, nursing facility, or intermediate care facility for persons with developmental disabilities, or receiving home and community-based services under section 256B.0915, and is expected to remain in the facility or institution or receive the home and community-based services for at least 30 consecutive days; and

(2) married to a person who is not in a hospital, nursing facility, or intermediate care facility for persons with developmental disabilities, and is not receiving home and community-based services under section 256B.0915, 256B.092, or 256B.49.

(g) "For the sole benefit of" means no other individual or entity can benefit in any way from the assets or income at the time of a transfer or at any time in the future.

(h) "Continuous period of institutionalization" means a 30-consecutive-day period of time in which a person is expected to stay in a medical or long-term care facility, or receive home and community-based services that would qualify for coverage under the elderly waiver (EW) or alternative care (AC) programs. For a stay in a facility, the 30-consecutive-day period begins on the date of entry into a medical or long-term care facility. For receipt of home and community-based services, the 30-consecutive-day period begins on the date that the following conditions are met:

(1) the person is receiving services that meet the nursing facility level of care determined by a long-term care consultation;

(2) the person has received the long-term care consultation within the past 60 days;

(3) the services are paid by the EW program under section 256B.0915 or the AC program under section 256B.0913 or would qualify for payment under the EW or AC programs if the person were otherwise eligible for either program, and but for the receipt of such services the person would have resided in a nursing facility; and

(4) the services are provided by a licensed provider qualified to provide home and community-based services.

Subd. 1a. **Institutionalized spouse.** The provisions of this section apply only when a spouse begins the first continuous period of institutionalization on or after October 1, 1989.

Subd. 2. **Assessment of spousal share.** At the beginning of the first continuous period of institutionalization of a person beginning on or after October 1, 1989, at the request of either the institutionalized spouse or the community spouse, or upon application for medical assistance, the total value of assets in which either the institutionalized spouse or the community spouse had an interest at the time of the first period of institutionalization of 30 days or more shall be assessed and documented and the spousal share shall be assessed and documented.

Subd. 3. **Community spouse asset allowance.** An institutionalized spouse may transfer assets to the community spouse for the sole benefit of the community spouse. Except for increased amounts allowable under subdivision 4, the maximum amount of assets allowed to be transferred is the amount which, when added to the assets otherwise available to the community spouse, is as follows:

(1) prior to July 1, 1994, the greater of:

(i) \$14,148;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse; and

(2) for persons whose date of initial determination of eligibility for medical assistance following their first continuous period of institutionalization occurs on or after July 1, 1994, the greater of:

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse.

If the assets available to the community spouse are already at the limit permissible under this section, or the higher limit attributable to increases under subdivision 4, no assets may be transferred from the institutionalized spouse to the community spouse. The transfer must be made as soon as practicable after the date the institutionalized spouse is determined eligible for medical assistance, or within the amount of time needed for any court order required for the transfer. On January 1, 1994, and every January 1 thereafter, the limits in this subdivision shall be adjusted by the same percentage change in the Consumer Price Index for All Urban Consumers (all items; United States city average) between the two previous Septembers. These adjustments shall also be applied to the limits in subdivision 5.

Subd. 4. **Increased community spouse asset allowance; when allowed.** (a) If either the institutionalized spouse or community spouse establishes that the community spouse asset allowance under subdivision 3 (in relation to the amount of income generated by such an allowance) is not sufficient to raise the community spouse's income to the minimum monthly maintenance needs allowance in section 256B.058, subdivision 2, paragraph (c), there shall be substituted for the amount allowed to be transferred an amount sufficient, when combined with the monthly income otherwise available to the spouse, to provide the minimum monthly maintenance needs allowance. A substitution under this paragraph may be made only if the assets of the couple have been arranged so that the maximum amount of income-producing assets, at the maximum rate of return, are available to the community spouse under the community spouse asset allowance. The maximum rate of return is the average rate of return available from the financial

institution holding the asset, or a rate determined by the commissioner to be reasonable according to community standards, if the asset is not held by a financial institution.

(b) The community spouse asset allowance under subdivision 3 can be increased by court order or hearing that complies with the requirements of United States Code, title 42, section 1396r-5.

Subd. 5. Asset availability. (a) At the time of initial determination of eligibility for medical assistance benefits following the first continuous period of institutionalization on or after October 1, 1989, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the following amount for the community spouse:

(1) prior to July 1, 1994, the greater of:

(i) \$14,148;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse;

(2) for persons whose date of initial determination of eligibility for medical assistance following their first continuous period of institutionalization occurs on or after July 1, 1994, the greater of:

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse.

The value of assets transferred for the sole benefit of the community spouse under section 256B.0595, subdivision 4, in combination with other assets available to the community spouse under this section, cannot exceed the limit for the community spouse asset allowance determined under subdivision 3 or 4. Assets that exceed this allowance shall be considered available to the institutionalized spouse whether or not converted to income. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision 3; (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under paragraph (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under the supplemental security income program.
