

119B.125 PROVIDER REQUIREMENTS.

Subdivision 1. **Authorization.** Except as provided in subdivision 5, a county must authorize the provider chosen by an applicant or a participant before the county can authorize payment for care provided by that provider. The commissioner must establish the requirements necessary for authorization of providers. A provider must be reauthorized every two years. A legal, nonlicensed family child care provider also must be reauthorized when another person over the age of 13 joins the household, a current household member turns 13, or there is reason to believe that a household member has a factor that prevents authorization. The provider is required to report all family changes that would require reauthorization. When a provider has been authorized for payment for providing care for families in more than one county, the county responsible for reauthorization of that provider is the county of the family with a current authorization for that provider and who has used the provider for the longest length of time.

Subd. 1a. **Background study required.** This subdivision only applies to legal, nonlicensed family child care providers. Prior to authorization, and as part of each reauthorization required in subdivision 1, the county shall perform a background study on every member of the provider's household who is age 13 and older. The county shall also perform a background study on an individual who has reached age ten but is not yet age 13 and is living in the household where the nonlicensed child care will be provided when the county has reasonable cause as defined under section 245C.02, subdivision 15.

Subd. 1b. **Training required.** (a) Effective November 1, 2011, prior to initial authorization as required in subdivision 1, a legal nonlicensed family child care provider must complete first aid and CPR training and provide the verification of first aid and CPR training to the county. The training documentation must have valid effective dates as of the date the registration request is submitted to the county and the training must have been provided by an individual approved to provide first aid and CPR instruction.

(b) Legal nonlicensed family child care providers with an authorization effective before November 1, 2011, must be notified of the requirements before October 1, 2011, or at authorization, and must meet the requirements upon renewal of an authorization that occurs on or after January 1, 2012.

(c) Upon each reauthorization after the authorization period when the initial first aid and CPR training requirements are met, a legal nonlicensed family child care provider must provide verification of at least eight hours of additional training listed in the Minnesota Center for Professional Development Registry.

(d) This subdivision only applies to legal nonlicensed family child care providers.

Subd. 2. **Persons who cannot be authorized.** (a) The provider seeking authorization under this section shall collect the information required under section 245C.05, subdivision 1, and forward the information to the county agency. The background study must include a review of the information required under section 245C.08, subdivisions 2, 3, and 4, paragraph (b). A nonlicensed family child care provider is not authorized under this section if any household member who is the subject of a background study is determined to have a disqualifying characteristic under paragraphs (b) to (e) or under section 245C.14 or 245C.15. If a county has determined that a provider is able to be authorized in that county, and a family in another county later selects that provider, the provider is able to be authorized in the second county without undergoing a new background investigation unless one of the following conditions exists:

- (1) two years have passed since the first authorization;
 - (2) another person age 13 or older has joined the provider's household since the last authorization;
 - (3) a current household member has turned 13 since the last authorization; or
 - (4) there is reason to believe that a household member has a factor that prevents authorization.
- (b) The person has refused to give written consent for disclosure of criminal history records.
 - (c) The person has been denied a family child care license or has received a fine or a sanction as a licensed child care provider that has not been reversed on appeal.
 - (d) The person has a family child care licensing disqualification that has not been set aside.
 - (e) The person has admitted or a county has found that there is a preponderance of evidence that fraudulent information was given to the county for child care assistance application purposes or was used in submitting child care assistance bills for payment.

Subd. 3. **Authorization exception.** When a county denies a person authorization as a legal nonlicensed family child care provider under subdivision 2, the county later may authorize that person as a provider if the following conditions are met:

- (1) after receiving notice of the denial of the authorization, the person applies for and obtains a valid child care license issued under chapter 245A, issued by a tribe, or issued by another state;
- (2) the person maintains the valid child care license; and
- (3) the person is providing child care in the state of licensure or in the area under the jurisdiction of the licensing tribe.

Subd. 4. **Unsafe care.** A county may deny authorization as a child care provider to any applicant or rescind authorization of any provider when the county knows or has reason to believe that the provider is unsafe or that the circumstances of the chosen child care arrangement are unsafe. The county must include the conditions under which a provider or care arrangement will be determined to be unsafe in the county's child care fund plan under section 119B.08, subdivision 3.

Subd. 5. **Provisional payment.** After a county receives a completed application from a provider, the county may issue provisional authorization and payment to the provider during the time needed to determine whether to give final authorization to the provider.

Subd. 6. **Record-keeping requirement.** All providers receiving child care assistance payments must keep daily attendance records for children receiving child care assistance and must make those records available immediately to the county upon request. The attendance records must be completed daily and include the date, the first and last name of each child in attendance, and the times when each child is dropped off and picked up. To the extent possible, the times that the child was dropped off to and picked up from the child care provider must be entered by the person dropping off or picking up the child. The daily attendance records must be retained for six years after the date of service. A county may deny authorization as a child care provider to any applicant or rescind authorization of any provider when the county knows or has reason to believe that the provider has not complied with the record-keeping requirement in this subdivision.
