(9) a strong existing program upon which the proposed center will build; and

(10) a separate fund for donations dedicated for the program within current institutional foundations.

The board may adopt additional criteria that promote general goals of the centers. The board shall give priority to programs that integrate the academic and training outcomes of the center with business clusters that have a significant multiplier effect on the state's economy based on projections of job, income, or general economic growth. The board shall consult with the Department of Employment and Economic Development to identify these clusters and the potential economic impact of developing a center for excellence.

Subd. 3. Advisory committee and reports required. A center of excellence must create an advisory committee representing local, statewide, and national leaders in the field. By January 15 of each odd-numbered year, each designated center must provide a report to the governor and the chairs of committees of the legislature with jurisdiction over higher education finance, that includes annual and integrated data on program enrollment, student demographics, student admission data, endowment growth, graduation rates, graduation outcomes, employer involvement, indicators of student or graduate employment success, and other outcomes as determined by the board. Subd. 2. **Technical and consolidated technical colleges.** (a) A technical college or consolidated technical community college shall offer students the option of pursuing diplomas or certificates in each technical education program, unless the board determines that a degree is the only acceptable credential for career entry in a specific field. All vocational and technical credits earned for a diploma or certificate shall be applicable toward any available degree in the same program.

(b) Certificates and diplomas are credentials that demonstrate competence in a vocational or technical area and, therefore, may include a general education component only as part of an articulation agreement or to meet occupational requirements as established by the trade or profession, or by the program advisory committee. Students shall be provided with applied training in general studies as necessary for competence in the program area. Students who have earned a certificate or diploma may earn a degree in the same field if they complete the general education and other degree requirements.

Subd. 3. **Assessment.** To reduce barriers to enrollment and to train a skilled workforce, students may be assessed for skills necessary for competency in a technical or vocational field as part of their program. The results of standardized assessment tests shall not prohibit enrollment in a student's certificate or diploma program.

The board may, upon the terms and conditions it sets, develop, sell, transfer, or otherwise dispose of real property acquired under this section. A sale, transfer, or other disposition must be at fair market value. For purposes of this section, a sale price resulting from public bidding, public auction, or negotiations between unrelated parties acting in their self-interest is fair market value. Where real property acquired under this section cannot be sold, the board may lease the real property under the terms and conditions it sets. Where the board makes improvements to real property it does not own, the landowner may compensate the board for the fair market value, nominal consideration, or without consideration as may be agreed on between the parties, of the board's contribution to the improvements. No other authorizing legislation or legislative approval is required for an acquisition, improvement, or sale under this section. Proceeds from the sale, lease, or improvement of real property under this section are appropriated to the board.

Subd. 2. **Exemptions.** The sale requirements of chapters 92 and 94 do not apply to this section. The board shall develop policies for leasing requirements and construction supervision. The board will normally competitively bid contracts related to instructional construction but may negotiate contracts without competitive bidding where it deems appropriate.

Subd. 3. **Warranties.** The board may, in its discretion, offer the warranties contained in chapter 327A, less extensive warranties or no warranties.

Subd. 4. **Storage and retention of documents.** Notwithstanding section 16A.58, the board may store and retain at the respective technical college original documents from carpentry program transactions, including but not limited to deeds, abstracts of title, and certificates of title.

The maximum duration of an extended leave of absence pursuant to this section shall be determined by mutual agreement of the board and the teacher at the time the leave is granted and shall be at least three but no more than five years. An extended leave of absence under this section shall be taken by mutual consent of the board and the teacher. No teacher may receive more than one leave of absence under this section.

Subd. 3. **Reinstatement.** A teacher on an extended leave of absence under this section shall have the right to be reinstated to the same position or a similar position within the department or program from which the leave was granted at the beginning of the school year which immediately follows a year of extended leave of absence, unless the teacher is discharged or placed on retrenchment or on layoff or the teacher's contract is terminated while the teacher is on the extended leave. The board shall not be obligated to reinstate a teacher who is on an extended leave of absence under this section unless the teacher advises the board of an intention to return before February 1 in the school year preceding the school year in which the teacher wishes to return.

Subd. 4. **Seniority rights.** A teacher who is reinstated to the same or similar position after an extended leave under this section shall not lose tenure or credit for previous seniority in the employing state college or university. 136F.45 ANNUITIES.

Subdivision 1. **Purchase.** (a) At the request of an employee, the board may negotiate and purchase an individual custodial account under section 403(b)(7) of the Internal Revenue Code, for an employee for retirement or other purposes from a company licensed to do business in Minnesota, and may allocate a portion of the compensation otherwise payable to the employee as salary for the purpose of paying the entire contribution due or to become due under the account. The allocation shall be made in a manner that will qualify the custodial account contributions, or portions thereof, for the benefit afforded under section 403(b)(7) of the current federal Internal Revenue Code or any equivalent provision of subsequent federal income tax law. The employee shall own the account and the employee's rights thereunder shall be nonforfeitable except for failure to pay contributions.

(b) At its discretion, and in the same manner provided in paragraph (a), the board may negotiate and purchase individual custodial accounts under section 403(b)(7) of the Internal Revenue Code, for employees of the Minnesota Office of Higher Education as defined in section 136A.03. Participation under this paragraph must be in accordance with any applicable federal law.

Subd. 1a. **Subsequent vendor contracts.** (a) The board may limit the number of vendors under subdivision 1.

(b) In addition to any other tax-sheltered annuity program investment options, the board may offer as an investment option the Minnesota supplemental investment fund administered by the State Board of Investment under section 11A.17.

(c) The board shall actively solicit participation of and shall include as vendors lower expense and "no-load" mutual funds or equivalent investment products as those terms are defined by the federal Securities and Exchange Commission. To the extent that offering a lower expense "no-load" product increases the total necessary and reasonable expenses of the program and if the board is unable to negotiate a rebate of fees from the mutual fund or equivalent investment product providers, the board may charge the participants utilizing the lower expense "no-load" mutual fund products a fee to cover those expenses. The participant fee may not exceed one percent of the participant's annual contributions or \$20 per participant per year, whichever is greater. Any excess fee revenue generated under this subdivision must be reimbursed to participant accounts in the manner provided in subdivision 3a.

Subd. 2. **Deposits; payment.** All amounts so allocated shall be deposited in an account established by the board. Payment of custodial account contributions shall be made when due or in accordance with the salary agreement entered into between the employee and the board. The money in the account is not subject to the budget, allotment, and incumbrance system provided for in chapter 16A.

Subd. 3. [Repealed, 1998 c 390 art 2 s 21]

Subd. 3a. **Sharing of fees.** (a) For purposes of this subdivision, a gross fee amount is defined as the fees, commissions, and other charges which an annuity investment provider or vendor would charge a typical consumer of those services for identical or similar products. A net fee amount is an amount below the gross fee amount reflecting a negotiated reduction below gross fees.

(b) To offset the board's necessary and reasonable expenses incurred under subdivisions 1 and 2, the Minnesota State Colleges and Universities system is authorized to negotiate with an annuity investment provider or vendor to establish a net fee amount.

(c) Under the negotiated arrangements, the Minnesota State Colleges and Universities system is authorized to either make arrangements to recapture the difference between gross and net fee amounts through a rebate from the annuity investment provider or vendor, or deduct those amounts prior to transmitting the contributions or premiums.

(d) The revenues collected or retained under these negotiated arrangements must be used to offset the board's necessary and reasonable expenses incurred under this section. Any excess above the necessary and reasonable expenses must be allocated annually to the accounts of the participants.

Subd. 4. **Periodic review.** If the board so chooses, it may solicit bids or proposals for options under subdivision 1. The board may retain consulting services to assist it in soliciting and evaluating bids or proposals and in the periodic review of companies offering options under subdivision 1. The board may annually establish a budget for its costs in the soliciting, evaluating, and periodic review processes. The board may charge a proportional share of all costs related to the periodic review to each company currently under contract and may charge a proportional share of all costs related to soliciting and evaluating bids or proposals to each company selected by the board. Contracts must provide that all options in subdivision 1 must: (1) be presented in an unbiased manner, (2) be reported on a periodic basis to all employees participating in the tax-sheltered annuity program, and (3) not be the subject of unreasonable solicitation of state employees to participate in the program. The contract may not permit any person to jeopardize the tax-deferred status of money invested by state employees under this section. All costs or fees in relation to the bid solicitation and evaluation process for the options provided under subdivision 1 must be paid by the underwriting companies ultimately selected by the board.

The commissioner shall issue a warrant for the deducted amount to the nonprofit foundation. The Penny Fellowship and the Nellie Stone Johnson Scholarship Program of the Minnesota State University Student Association shall be considered nonprofit state college and university foundations for purposes of this section.

Subd. 2. **Foundation application; approval.** A nonprofit state college or university foundation that desires to receive contributions through payroll deductions shall apply to the

(e) If a collective bargaining agreement covering a person provides for an early retirement incentive that is based on age, the incentive provided to the person must be based on the person's age at the time employment under this section ends. However, the salary used to determine the amount of the incentive must be the salary that would have been paid if the person had been employed full time for the year immediately preceding the time employment under this section ends.

The amount needed may be spent from sums previously appropriated for purposes of the state colleges and universities, including, but not limited to, general fund appropriations for instructional or noninstructional expenditures, general fund appropriations carried forward, or state college and university activity fund appropriations. The board may pay relocation costs, at its discretion, when acquiring property.

(2) for the acquisition, construction, or remodeling costs of facilities for which state capital appropriations have been made and whose use will not be substantially changed; or

(3) for capital projects not authorized by the legislature if the board first certifies that project revenues, other gifts or grants, or other sources of capital funds are available for project costs and that no tuition revenues or state or federal appropriations are used for the capital or operating costs, including all program costs, salaries, and benefits, of the facility.

(c) The board may convey or lease real property under the board's control, with or without monetary consideration, to provide a facility for the primary benefit of a state college or university or its students if the board certifies that project revenues, other gifts or grants, or other sources of funds are available for project costs and that no tuition revenues or state or federal appropriations are used for the capital cost of the facility. Agreements under this paragraph must demonstrate to the board's satisfaction the financial viability of the proposed project, including all proposed financial and contractual obligations, and operating costs, including all program costs, salaries and benefits, and other costs reasonably expected to be incurred or binding upon the college or university. Siting and design of the facility must be consistent with the campus master plan and Minnesota State Colleges and Universities building standards. The notice must be in writing and is effective 90 days after the notice is sent by certified mail to the last known address of the holder of record of the easement. If the address of the holder of the easement or permit is not known, it expires 90 days after the notice is recorded in the office of the county recorder of the county in which the land is located. Upon revocation of an easement or permit, the board may allow a reasonable time to vacate the premises affected.
