268.051 EMPLOYERS TAXES.

Subdivision 1. **Payments.** (a) Unemployment insurance taxes and any special assessments, fees, or surcharges accrue and become payable by each employer for each calendar year on the taxable wages that the employer paid to employees in covered employment, except for:

(1) nonprofit organizations that elect to make reimbursements as provided in section 268.053; and

(2) the state of Minnesota and political subdivisions that make reimbursements, unless they elect to pay taxes as provided in section 268.052.

Each employer must pay taxes quarterly, at the employer's assigned tax rate under subdivision 6, on the taxable wages paid to each employee. The commissioner must compute the tax due from the wage detail report required under section 268.044 and notify the employer of the tax due. The taxes and any special assessments, fees, or surcharges must be paid to the trust fund and must be received by the department on or before the last day of the month following the end of the calendar quarter.

(b) If for any reason the wages on the wage detail report under section 268.044 are adjusted for any quarter, the commissioner must recompute the taxes due for that quarter and assess the employer for any amount due or credit the employer as appropriate.

Subd. 1a. **Payments by electronic payment required.** (a) Every employer that reports 50 or more employees in any calendar quarter on the wage detail report required under section 268.044 must make any payments due under this chapter and section 116L.20 by electronic payment.

(b) All third-party processors, paying on behalf of a client company, must make any payments due under this chapter and section 116L.20 by electronic payment.

(c) Regardless of paragraph (a) or (b), the commissioner has the discretion to accept payment by other means.

Subd. 2. **Computation of tax rates; additional assessments.** (a) For each calendar year the commissioner must compute the tax rate of each taxpaying employer that qualifies for an experience rating by adding the base tax rate to the employer's experience rating along with assigning any appropriate additional assessment under paragraph (c).

(b) The base tax rate for the calendar year and any additional assessments under this subdivision are determined based upon the amount in the trust fund on March 31 of the prior year as a percentage of total wages paid in covered employment. The base tax rate is:

(1) one-tenth of one percent if the trust fund is equal to or more than 0.75 percent;

(2) two-tenths of one percent if the trust fund is less than 0.75 percent but equal to or more than 0.65 percent;

(3) three-tenths of one percent if the trust fund is less than 0.65 percent but equal to or more than 0.55 percent;

(4) four-tenths of one percent if the trust fund is less than 0.55 percent, but has a positive balance; or

(5) five-tenths of one percent if the trust fund has a negative balance and is borrowing from the federal unemployment trust fund in order to pay unemployment benefits as provided for under section 268.194, subdivision 6.

(c) In addition to the base tax rate, there is an additional assessment for the calendar year on the quarterly unemployment taxes due from every taxpaying employer if the amount in the trust fund on March 31 of the prior year is less than 0.55 percent of total wages paid in covered employment. The assessment is as follows:

(1) a five percent assessment if the trust fund is less than 0.55 percent but equal to or more than 0.45 percent;

(2) a ten percent assessment if the trust fund is less than 0.45 percent but equal to or more than 0.35 percent; or

(3) a 14 percent assessment if the trust fund is less than 0.35 percent.

(d) For the purposes of this subdivision, the trust fund does not include any money borrowed from the federal unemployment trust fund provided for in section 268.194, subdivision 6.

(e) For the purposes of this subdivision, total wages paid in covered employment are those wages paid to all employees in covered employment during the calendar year before the March 31 date used in paragraph (b).

(f) The base tax rate and any additional assessments are assessed on all taxpaying employers to cover a portion of the costs to the trust fund for unemployment benefits paid that do not affect any single employer's future experience rating because:

(1) the employer's experience rating is limited by the maximum under subdivision 3, paragraph (b);

(2) the employer has ceased doing business; or

(3) the unemployment benefits paid have been determined not to be used in computing the employer's experience rating under section 268.047, subdivision 2 or 3.

Subd. 3. **Computation of a taxpaying employer's experience rating.** (a) On or before each December 15, the commissioner must compute an experience rating for each taxpaying employer who has been required to file wage detail reports for the 12 calendar months ending on the prior June 30. The experience rating computed is applicable for the following calendar year.

The experience rating is the ratio obtained by dividing 125 percent of the total unemployment benefits required under section 268.047 to be used in computing the employer's tax rate during the 48 calendar months ending on the prior June 30, by the employer's total taxable payroll for that same period.

(b) The experience rating is computed to the nearest one-hundredth of a percent, to a maximum of 8.90 percent.

(c) The use of 125 percent of unemployment benefits paid under paragraph (a), rather than 100 percent of the amount of unemployment benefits paid, is done in order for the trust fund to recover from all taxpaying employers a portion of the costs of unemployment benefits paid that do not affect any individual employer's future experience rating because of the reasons set out in subdivision 2, paragraph (f).

Subd. 4. **Experience rating history transfer.** (a) The experience rating history of the predecessor employer is transferred to the successor employer when:

(1) a taxpaying employer acquires all of the organization, trade or business, or workforce of another taxpaying employer; and

(2) there is 25 percent or more common ownership or there is substantially common management or control between the predecessor and successor.

(b) A portion of the experience rating history of the predecessor employer is transferred to the successor employer when:

(1) a taxpaying employer acquires a portion, but less than all, of the organization, trade or business, or workforce of another taxpaying employer; and

(2) there is 25 percent or more common ownership or there is substantially common management or control between the predecessor and successor, the successor employer acquires, as of the date of acquisition, the experience rating history attributable to the portion it acquired, and the predecessor employer retains the experience rating history attributable to the portion that it has retained. If the commissioner determines that sufficient information is not available to substantiate that a distinct severable portion was acquired and to assign the appropriate distinct severable portion of the experience rating history, the commissioner must assign the successor employer that percentage of the predecessor employer's experience rating history equal to that percentage of the employment positions it has obtained, and the predecessor employer retains that percentage of the experience rating history equal to the percentage of the employment positions it has retained.

(c) The term "common ownership" for purposes of this subdivision includes ownership by a spouse, parent, grandparent, child, grandchild, brother, sister, aunt, uncle, niece, nephew, or first cousin, by birth or by marriage.

(d) Each successor employer that is subject to paragraph (a) or (b) must notify the commissioner of the acquisition by electronic transmission, in a format prescribed by the commissioner, within 30 calendar days of the date of acquisition. Any successor employer that fails to notify the commissioner is subject to the penalties under section 268.184, subdivision 1a, if the successor's assigned tax rate under subdivision 2 or 5 was lower than the predecessor's assigned tax rate at the time of the acquisition. Payments made toward the penalties are credited to the trust fund.

(e) If the successor employer under paragraphs (a) and (b) had an experience rating at the time of the acquisition, the transferred experience rating history of the predecessor is combined with the successor's experience rating history for purposes of recomputing a tax rate.

(f) If there has been a transfer of an experience rating history under paragraph (a) or (b), employment with a predecessor employer is not considered to have been terminated if similar employment is offered by the successor employer and accepted by the employee.

(g) The commissioner, upon notification of an employer, or upon the commissioner's own motion if the employer fails to provide the required notification, must determine if an employer is a successor within the meaning of this subdivision. The commissioner must, after determining the issue of succession or nonsuccession, recompute the tax rate under subdivision 6 of all employers affected. The commissioner must send the recomputed tax rate to all affected employers by mail or electronic transmission. Any affected employer may appeal the recomputed tax rate in accordance with the procedures in subdivision 6, paragraph (c).

(h) The "experience rating history" for purposes of this subdivision and subdivision 4a means the amount of unemployment benefits paid and the taxable wages that are being used and would be used in computing the current and any future experience rating.

For purposes of this chapter, an "acquisition" means anything that results in the obtaining by the successor employer, in any way or manner, of the organization, trade or business, or workforce of the predecessor employer.

A "distinct severable portion" in paragraph (b) means a location or unit separately identifiable within the employer's wage detail report under section 268.044.

(i) Regardless of the ownership, management, or control requirements of paragraph (a), if there is an acquisition or merger of a publicly held corporation by or with another publicly held corporation the experience rating histories of the corporations are combined as of the date of acquisition or merger for the purpose of recomputing a tax rate.

[See Note.]

Subd. 4a. **Actions that avoid taxes.** (a) If the commissioner determines that any action was done, in whole or in part, to avoid:

(1) an experience rating history;

(2) the transfer of an experience rating history; or

(3) the assignment of a tax rate for new employers under subdivision 5, paragraph (a) or (b), the commissioner, to insure that the trust fund receives all the taxes that would have been received had the action not occurred, may, effective the date of the action, transfer all or part of an experience rating history and recompute the tax rate or assign the appropriate new employer tax rate.

(b) This subdivision applies to any action between persons regardless of whether there is any commonality of ownership, management, or control between the persons. The authority granted to the commissioner under this subdivision is in addition to any other authority granted to the commissioner.

Subd. 5. **Tax rate for new employers.** (a) Each new taxpaying employer that does not qualify for an experience rating under subdivision 3, except new employers in a high experience rating industry, must be assigned, for a calendar year, a tax rate the higher of (1) one percent, or (2) the tax rate computed, to the nearest 1/100 of a percent, by dividing the total amount of unemployment benefits paid all applicants during the 48 calendar months ending on June 30 of the prior calendar year by the total taxable wages of all taxpaying employers during the same period, plus the applicable base tax rate and any additional assessments under subdivision 2, paragraph (c).

(b) Each new taxpaying employer in a high experience rating industry that does not qualify for an experience rating under subdivision 3, must be assigned, for a calendar year, a tax rate the higher of (1) that assigned under paragraph (a), or (2) the tax rate, computed to the nearest 1/100 of a percent, by dividing the total amount of unemployment benefits paid to all applicants from high experience rating industry employers during the 48 calendar months ending on June 30 of the prior calendar year by the total taxable wages of all high experience rating industry employers during the same period, to a maximum provided for under subdivision 3, paragraph (b), plus the applicable base tax rate and any additional assessments under subdivision 2, paragraph (c).

(c) An employer is considered to be in a high experience rating industry if:

(1) the employer is engaged in residential, commercial, or industrial construction, including general contractors;

(2) the employer is engaged in sand, gravel, or limestone mining;

(3) the employer is engaged in the manufacturing of concrete, concrete products, or asphalt; or

(4) the employer is engaged in road building, repair, or resurfacing, including bridge and tunnels and residential and commercial driveways and parking lots.

(d) Regardless of any law to the contrary, a taxpaying employer must be assigned a tax rate under this subdivision if the employer had no taxable wages during the experience rating period under subdivision 3.

(e) The commissioner must send to the new employer, by mail or electronic transmission, a determination of tax rate. An employer may appeal the determination of tax rate in accordance with the procedures in subdivision 6, paragraph (c).

Subd. 6. **Determination of tax rate.** (a) On or before each December 15, the commissioner must notify each employer by mail or electronic transmission of the employer's tax rate, along with any additional assessments, fees, or surcharges, for the following calendar year. The determination must contain the base tax rate and the factors used in determining the employer's experience rating. Unless an appeal of the tax rate is made, the computed tax rate is final, except for fraud or recomputation required under subdivision 4 or 4a, and is the rate at which taxes must be paid. A recomputed tax rate under subdivision 4 or 4a is the rate applicable for the quarter that includes the date of acquisition and any quarter thereafter during the calendar year in which the acquisition occurred. The tax rate is not subject to collateral attack by way of claim for a credit adjustment or refund, or otherwise.

(b) If the legislature, after the sending of the determination of tax rate, changes any of the factors used to determine the rate, a new tax rate based on the new factors must be computed and sent to the employer.

(c) A review of an employer's tax rate may be obtained by the employer filing an appeal within 20 calendar days from the date the determination of tax rate was sent to the employer. Proceedings on the appeal are conducted in accordance with section 268.105.

(d) The commissioner may at any time upon the commissioner's own motion correct any error in the employer's tax rate.

Subd. 7. **Tax rate buydown.** (a) Any taxpaying employer that has been assigned a tax rate based upon an experience rating, and has no amounts past due under this chapter, may, upon the payment of an amount equivalent to any portion or all of the unemployment benefits used in computing the experience rating plus a surcharge of 25 percent, obtain a cancellation of unemployment benefits used equal to the payment made, less the surcharge. The payment is applied to the most recent unemployment benefits paid that are used in computing the experience rating. Upon the payment, the commissioner must compute a new experience rating for the employer, and compute a new tax rate.

(b) Payments for a tax rate buydown may be made only by electronic payment and must be received within 120 calendar days from the beginning of the calendar year for which the tax rate is effective.

(c) For calendar years 2011, 2012, and 2013, the surcharge of 25 percent provided for in paragraph (a) does not apply.

Subd. 8. **Special assessment for interest on federal loan.** (a) If on October 31 of any year, the commissioner, in consultation with the commissioner of management and budget, determines that an interest payment will be due during the following calendar year on any loan from the

federal unemployment trust fund under section 268.194, subdivision 6, a special assessment on taxpaying employers will be in effect for the following calendar year. The legislature authorizes the commissioner, in consultation with the commissioner of management and budget, to determine the appropriate level of the assessment, up to eight percent of the total quarterly unemployment taxes due based upon determined rates and assigned assessments under subdivision 2, that will be necessary to pay the interest due on the loan.

(b) The special assessment must be placed into a special account from which the commissioner must pay any interest that has accrued on any loan from the federal unemployment trust fund provided for under section 268.194, subdivision 6. If, at the end of each calendar quarter, the commissioner, in consultation with the commissioner of management and budget, determines that the balance in this special account, including interest earned on the special account, is more than is necessary to pay the interest on any loan, the commissioner must immediately pay to the trust fund the amount in excess of that necessary to pay the interest on any loan.

Subd. 9. **Assessments, fees, and surcharges; treatment.** Any assessment, fee, or surcharge imposed under the Minnesota Unemployment Insurance Law is treated the same as, and considered as, a tax. Any assessment, fee, or surcharge is subject to the same collection procedures that apply to past due taxes.
