

201.158 USE OF DEPARTMENT OF PUBLIC SAFETY DATA.

As required by the Help America Vote Act of 2002, Public Law 107-252, the commissioner of public safety shall make electronic data on citizenship available to the secretary of state. The secretary of state must determine whether the data newly indicates that any individuals who have active records in the statewide voter registration system are not citizens. The secretary of state shall prepare a list of those voters for each county auditor. The county auditor shall change the status of those registrants in the statewide voter registration system to reflect that they are challenged based upon their citizenship and must notify the county attorney.

In 2010, the secretary of state must make the determination and provide lists to the county auditors between 30 and 60 days before the general election and again between six and ten weeks after the election. In 2011, the secretary of state must make this determination again as part of the annual list maintenance. By August 1, 2012, the secretary of state must provide electronic lists to the counties at least monthly.
