Subdivision 1. [Repealed, 1982 c 494 s 5]

Subd. 1a. **Authorized rate of interest charged by banks or banking associations.** A bank organized under the laws of this state, or a national banking association doing business in this state, making a loan of money not exceeding \$35,000 repayable in installments, may charge, at the time the loan is made, a rate of interest upon the unpaid principal balance of the amount financed of 12 percent a year, or the rate of interest authorized by section 48.195, whichever is greater. If the rate of interest charged is permitted by section 48.195 at the time the loan is made, the rate does not later become usurious because of a fluctuation in the federal discount rate.

Subd. 2. **Terms of bank loans.** Installment payments on loans made pursuant to this section by a bank or national banking association shall not extend beyond a period of 12 years and 32 days from the date of the loan. The loan may be secured by a mortgage, pledge, or other collateral.

If the rate of interest charged is permitted by section 48.195 at the time the loan is made, the rate does not later become usurious because of a fluctuation in the federal discount rate.

No loan shall be made pursuant to this section if over 50 percent of the proceeds of the loan are used to finance the purchase of a borrower's primary residence other than a manufactured home.
