The plan must include provisions for implementing a health and safety

program that complies with health, safety, and environmental regulations and best practices, including indoor air quality management.

(b) The district must annually update the plan, biennially submit a facility maintenance plan to the commissioner, and indicate whether the district will issue bonds to finance the plan or levy for the costs.

(c) For school districts issuing bonds to finance the plan, the plan must include a debt service schedule demonstrating that the debt service revenue required to pay the principal and interest on the bonds each year will not exceed the projected long-term facilities revenue for that year.

Chapter 475, except sections 475.58 and 475.59, must be complied with. The authority to issue bonds under this section is in addition to any bonding authority authorized by this chapter or other law. The amount of bonding authority authorized under this section must be disregarded in calculating the bonding or net debt limits of this chapter, or any other law other than section 475.53, subdivision 4.

(b) At least 20 days before the earliest of solicitation of bids, the issuance of bonds, or the final certification of levies under subdivision 6, the district must publish notice of the intended projects, the amount of the bond issue, and the total amount of district indebtedness.

(2) if the district has indicated to the commissioner that the plan will be funded through levy, the district may levy according to the schedule approved in the plan after reduction for any aid receivable under subdivision 9; or

(3) if the debt service revenue for a district required to pay the principal and interest on bonds issued under subdivision 5 exceeds the district's long-term facilities maintenance revenue for the same fiscal year, the district's general fund levy must be reduced by the amount of the excess.

Subd. 7. **Long-term facilities maintenance equalization revenue.** (a) For fiscal year 2017 only, a district's long-term facilities maintenance equalization revenue equals the lesser of (1) \$193 times the adjusted pupil units or (2) the district's revenue under subdivision 1.

(1) the lesser of the district's long-term facilities maintenance revenue or the amount of aid the district received for fiscal year 2015 under Minnesota Statutes 2014, section 123B.59, subdivision 6; or

(2) the district's long-term facilities maintenance equalization revenue times the greater of (i) zero or (ii) one minus the ratio of its adjusted net tax capacity per adjusted pupil unit in the year preceding the year the levy is certified to 123 percent of the state average adjusted net tax capacity per adjusted pupil unit in the year preceding the year the levy is certified.

Subd. 9. **Long-term facilities maintenance equalized aid.** For fiscal year 2017 and later, a district's long-term facilities maintenance equalized aid equals its long-term facilities maintenance revenue minus its long-term facilities maintenance equalized levy times the ratio of the actual amount levied to the permitted levy.
