Subd. 2. **Deductions for staff model health plan company.** In addition to the exemptions allowed under subdivision 1, a staff model health plan company may deduct from its gross revenues for the year:

(1) amounts paid to hospitals, surgical centers, and health care providers that are not employees of the staff model health plan company for services on which liability for the tax is imposed under section 295.52;

(2) net amounts added to reserves, to the extent that the amounts added do not cause total reserves to exceed 200 percent of the statutory net worth requirement, the calculation of which may be determined on a consolidated basis, taking into account the amounts held in reserve by affiliated staff model health plan companies;

(3) assessments for the comprehensive health insurance plan under section 62E.11; and

(4) amounts spent for administration as reported as total administration to the Department of Health in the statement of revenues, expenses, and net worth pursuant to section 62D.08, subdivision 3, clause (a).

[See Note.]

Subd. 3. **Separate statement of tax.** A hospital, surgical center, health care provider, or wholesale drug distributor must not state the tax obligation under section 295.52 in a deceptive or misleading manner. Pharmacies that separately state the tax obligations on bills provided to consumers or to other payers who purchase legend drugs may state the tax obligation as the wholesale price of the legend drugs multiplied by the tax percentage specified in section 295.52. Pharmacies must not state the tax obligation based on the retail price.

Whenever the commissioner determines that a person has engaged in any act or practice constituting a violation of this subdivision, the commissioner may bring an action in the name of the state in the district court of the appropriate county to enjoin the act or practice and to enforce compliance with this subdivision, or the commissioner may refer the matter to the attorney general or the county attorney of the appropriate county. Upon a proper showing, a permanent or temporary injunction, restraining order, or other appropriate relief must be granted.

Subd. 4. [Expired]

Subd. 4a. **Credit for research.** (a) In addition to the exemptions allowed under subdivision 1, a hospital or health care provider may claim an annual credit against the total amount of tax, if any, the hospital or health care provider owes for that calendar year under sections 295.50 to 295.57. The credit shall equal 2.5 percent of revenues for patient services used to fund expenditures for qualifying research conducted by an allowable research program. The amount of the credit shall not exceed the tax liability of the hospital or health care provider under sections 295.50 to 295.57.

(b) For purposes of this subdivision, the following requirements apply:

(1) expenditures must be for program costs of qualifying research conducted by an allowable research program;

(2) an allowable research program must be a formal program of medical and health care research conducted by an entity which is exempt under section 501(c)(3) of the Internal Revenue Code as defined in section 289A.02, subdivision 7, or is owned and operated under authority of a governmental unit;

(3) qualifying research must:

(A) be approved in writing by the governing body of the hospital or health care provider which is taking the deduction under this subdivision;

(B) have as its purpose the development of new knowledge in basic or applied science relating to the diagnosis and treatment of conditions affecting the human body;

(C) be subject to review by individuals with expertise in the subject matter of the proposed study but who have no financial interest in the proposed study and are not involved in the conduct of the proposed study; and

(D) be subject to review and supervision by an institutional review board operating in conformity with federal regulations if the research involves human subjects or an institutional animal care and use committee operating in conformity with federal regulations if the research involves animal subjects. Research expenses are not exempt if the study is a routine evaluation of health care methods or products used in a particular setting conducted for the purpose of making a management decision. Costs of clinical research activities paid directly for the benefit of an individual patient are excluded from this exemption. Basic research in fields including biochemistry, molecular biology, and physiology are also included if such programs are subject to a peer review process.

(c) No credit shall be allowed under this subdivision for any revenue received by the hospital or health care provider in the form of a grant, gift, or otherwise, whether from a government or nongovernment source, on which the tax liability under section 295.52 is not imposed.

(d) The taxpayer shall apply for the credit under this section on the annual return under section 295.55, subdivision 5.

(e) Beginning September 1, 2001, if the actual or estimated amount paid under this section for the calendar year exceeds \$2,500,000, the commissioner of management and budget shall determine the rate of the research credit for the following calendar year to the nearest one-half percent so that refunds paid under this section will most closely equal \$2,500,000. The commissioner of management and budget shall publish in the State Register by October 1 of each year the rate of the credit for the following calendar year. A determination under this section is not subject to the rulemaking provisions of chapter 14.

295.582 AUTHORITY.

Subdivision 1. **Tax expense transfer.** (a) A hospital, surgical center, or health care provider that is subject to a tax under section 295.52, or a pharmacy that has paid additional expense transferred under this section by a wholesale drug distributor, may transfer additional expense generated by section 295.52 obligations on to all third-party contracts for the purchase of health care services on behalf of a patient or consumer. Nothing shall prohibit a pharmacy from transferring the additional expense generated under section 295.52 to a pharmacy benefits manager. The additional expense transferred to the third-party purchaser or a pharmacy benefits manager must not exceed the tax percentage specified in section 295.52 multiplied against the gross revenues received under the third-party contract, and the tax percentage specified in section 295.52 multiplied against co-payments and deductibles paid by the individual patient or consumer. The expense must not be generated on revenues derived from payments that are excluded from the tax under section 295.53. All third-party purchasers of health care services including, but not limited to, third-party purchasers regulated under chapter 60A, 62A, 62C, 62D, 62H, 62N, 64B, 65A, 65B, 79, or 79A, or under section 471.61 or 471.617, and pharmacy benefits managers must pay the transferred expense in addition to any payments due under existing contracts with the hospital, surgical center, pharmacy, or health care provider, to the extent allowed under federal law. A third-party purchaser of health care services includes, but is not limited to, a health carrier or community integrated service network that pays for health care services on behalf of patients or that reimburses, indemnifies, compensates, or otherwise insures patients for health care services. For purposes of this section, a pharmacy benefits manager means an entity that performs pharmacy benefits management. A third-party purchaser or pharmacy benefits manager shall comply with this section regardless of whether the third-party purchaser or pharmacy benefits manager is a for-profit, not-for-profit, or nonprofit entity. A wholesale drug distributor may transfer additional expense generated by section 295.52 obligations to entities that purchase from the wholesaler, and the entities must pay the additional expense. Nothing in this section limits the ability of a hospital, surgical center, pharmacy, wholesale drug distributor, or health care provider to recover all or part of the section 295.52 obligation by other methods, including increasing fees or charges.

(b) Any hospital, surgical center, or health care provider subject to a tax under section 295.52 or a pharmacy that has paid additional expense transferred under this section by a wholesale drug distributor may file a complaint with the commissioner responsible for regulating the third-party purchaser if at any time the third-party purchaser fails to comply with paragraph (a).

(c) If the commissioner responsible for regulating the third-party purchaser finds at any time that the third-party purchaser has not complied with paragraph (a), the commissioner may take enforcement action against a third-party purchaser which is subject to the commissioner's regulatory jurisdiction and which does not allow a hospital, surgical center, pharmacy, or provider to pass-through the tax. The commissioner may by order fine or censure the third-party purchaser or revoke or suspend the certificate of authority or license of the third-party purchaser to do business in this state if the commissioner finds that the third-party purchaser has not complied with this section. The third-party purchaser may appeal the commissioner's order through a contested case hearing in accordance with chapter 14.

Subd. 2. **Agreement.** A contracting agreement between a third-party purchaser or a pharmacy benefits manager and a resident or nonresident pharmacy registered under chapter 151, may not prohibit:

(1) a pharmacy that has paid additional expense transferred under this section by a wholesale drug distributor from exercising its option under this section to transfer such additional expenses generated by the section 295.52 obligations on to the third-party purchaser or pharmacy benefits manager; or

(2) a pharmacy that is subject to tax under section 295.52, subdivision 4, from exercising its option under this section to recover all or part of the section 295.52 obligations from the third-party purchaser or a pharmacy benefits manager.
