

148E.140 VARIANCES.

The board may grant a variance to the continuing education requirements specified in section 148E.130, when a licensee demonstrates to the satisfaction of the board that the licensee is unable to complete the required number of clock hours during the renewal term. The board may allow a licensee to complete the required number of clock hours within a time frame specified by the board. The board must not allow a licensee to complete less than the required number of clock hours.
