

**151.211 RECORDS OF PRESCRIPTIONS.**

Subdivision 1. **Retention of prescription drug orders.** All prescription drug orders shall be kept on file at the location from which dispensing of the ordered drug occurs for a period of at least two years. Prescription drug orders that are electronically prescribed must be kept on file in the format in which they were originally received. Written or printed prescription drug orders and verbal prescription drug orders reduced to writing, must be kept on file as received or transcribed, except that such orders may be kept in an electronic format as allowed by the board. Electronic systems used to process and store prescription drug orders must be compliant with the requirements of this chapter and the rules of the board. Prescription drug orders that are stored in an electronic format, as permitted by this subdivision, may be kept on file at a remote location provided that they are readily and securely accessible from the location at which dispensing of the ordered drug occurred.

Subd. 2. **Refill requirements.** A prescription drug order may be refilled only with the written, electronic, or verbal consent of the prescriber and in accordance with the requirements of this chapter, the rules of the board, and where applicable, section 152.11. The date of such refill must be recorded and initialed upon the original prescription drug order, or within the electronically maintained record of the original prescription drug order, by the pharmacist, pharmacist intern, or practitioner who refills the prescription.
