

260C.157 INVESTIGATION; PHYSICAL AND MENTAL EXAMINATION.

Subdivision 1. **Investigation.** (a) Upon request of the court the responsible social services agency or probation officer shall investigate the personal and family history and environment of any minor coming within the jurisdiction of the court under section 260C.101 and shall report its findings to the court. The court may order any minor coming within its jurisdiction to be examined by a duly qualified physician, psychiatrist, or psychologist appointed by the court.

(b) Adoption investigations shall be conducted in accordance with the laws relating to adoptions in chapter 259.

Subd. 2. **Petition requirement.** The court may proceed as described in subdivision 1 only after a petition has been filed.

Subd. 3. **Juvenile treatment screening team.** (a) The responsible social services agency shall establish a juvenile treatment screening team to conduct screenings and prepare case plans under this chapter, chapter 260D, and section 245.487, subdivision 3. Screenings shall be conducted within 15 days of a request for a screening, unless the screening is for the purpose of placement in mental health residential treatment and the child is enrolled in a prepaid health program under section 256B.69 in which case the screening shall be conducted within ten working days of a request. The team, which may be the team constituted under section 245.4885 or 256B.092 or Minnesota Rules, parts 9530.6600 to 9530.6655, shall consist of social workers, juvenile justice professionals, persons with expertise in the treatment of juveniles who are emotionally disabled, chemically dependent, or have a developmental disability, and the child's parent, guardian, or permanent legal custodian under Minnesota Statutes 2010, section 260C.201, subdivision 11, or section 260C.515, subdivision 4. The team may be the same team as defined in section 260B.157, subdivision 3.

(b) The social services agency shall determine whether a child brought to its attention for the purposes described in this section is an Indian child, as defined in section 260C.007, subdivision 21, and shall determine the identity of the Indian child's tribe, as defined in section 260.755, subdivision 9. When a child to be evaluated is an Indian child, the team provided in paragraph (a) shall include a designated representative of the Indian child's tribe, unless the child's tribal authority declines to appoint a representative. The Indian child's tribe may delegate its authority to represent the child to any other federally recognized Indian tribe, as defined in section 260.755, subdivision 12.

(c) If the court, prior to, or as part of, a final disposition, proposes to place a child:

(1) for the primary purpose of treatment for an emotional disturbance, a developmental disability, or chemical dependency in a residential treatment facility out of state or in one which is within the state and licensed by the commissioner of human services under chapter 245A; or

(2) in any out-of-home setting potentially exceeding 30 days in duration, including a postdispositional placement in a facility licensed by the commissioner of corrections or human services, the court shall ascertain whether the child is an Indian child and shall notify the county welfare agency and, if the child is an Indian child, shall notify the Indian child's tribe. The county's juvenile treatment screening team must either: (i) screen and evaluate the child and file its recommendations with the court within 14 days of receipt of the notice; or (ii) elect not to screen a given case and notify the court of that decision within three working days.

(d) The child may not be placed for the primary purpose of treatment for an emotional disturbance, a developmental disability, or chemical dependency, in a residential treatment facility out of state nor in a residential treatment facility within the state that is licensed under chapter 245A, unless one of the following conditions applies:

(1) a treatment professional certifies that an emergency requires the placement of the child in a facility within the state;

(2) the screening team has evaluated the child and recommended that a residential placement is necessary to meet the child's treatment needs and the safety needs of the community, that it is a cost-effective means of meeting the treatment needs, and that it will be of therapeutic value to the child; or

(3) the court, having reviewed a screening team recommendation against placement, determines to the contrary that a residential placement is necessary. The court shall state the reasons for its determination in writing, on the record, and shall respond specifically to the findings and recommendation of the screening team in explaining why the recommendation was rejected. The attorney representing the child and the prosecuting attorney shall be afforded an opportunity to be heard on the matter.

(e) When the county's juvenile treatment screening team has elected to screen and evaluate a child determined to be an Indian child, the team shall provide notice to the tribe or tribes that accept jurisdiction for the Indian child or that recognize the child as a member of the tribe or as a person eligible for membership in the tribe, and permit the tribe's representative to participate in the screening team.

(f) When the Indian child's tribe or tribal health care services provider or Indian Health Services provider proposes to place a child for the primary purpose of treatment for an emotional disturbance, a developmental disability, or co-occurring emotional disturbance and chemical dependency, the Indian child's tribe or the tribe delegated by the child's tribe shall submit necessary documentation to the county juvenile treatment screening team, which must invite the Indian child's tribe to designate a representative to the screening team.
