(b) Any license of a lower class may be used as an instruction permit to operate a vehicle requiring a higher class license for a period of six months after passage of the written test or tests required for the higher class and when the licensee is accompanied by and receiving instruction from a holder of the appropriate higher class license. A copy of the record of examination taken for the higher class license must be carried by the driver while using the lower class license as an instruction permit.

The department may not issue a Minnesota identification card to an individual who has a driver's license, other than a limited license. The department may not issue an enhanced identification card to an individual who is under 16 years of age, not a resident of this state, or not a citizen of the United States of America. The card must bear: (1) a distinguishing number assigned to the applicant; (2) a colored photograph or an electronically produced image of the applicant; (3) the applicant's full name and date of birth; (4) either (i) the licensee's residence address, or (ii) the designated address under section 5B.05; (5) a description of the applicant in the manner as the commissioner deems necessary; (6) the usual signature of the applicant; and (7) designations and markings provided under this section.

(b) If the United States Postal Service will not deliver mail to the applicant's residence address as listed on the Minnesota identification card, then the applicant shall provide verification from the United States Postal Service that mail will not be delivered to the applicant's residence address and that mail will be delivered to a specified alternate mailing address. When an applicant provides an alternate mailing address under this subdivision, the commissioner shall use the alternate mailing address in lieu of the applicant's residence address for all notices and mailings to the applicant.

(c) Each identification card issued to an applicant under the age of 21 must be of a distinguishing color and plainly marked "Under-21."

(d) Each Minnesota identification card must be plainly marked "Minnesota identification card - not a driver's license."

(e) Except for a noncompliant identification card, a Minnesota identification card must bear a distinguishing indicator for compliance with requirements of the REAL ID Act.

(f) A noncompliant identification card must:

- (1) be marked "not for federal identification" on the face and in the machine-readable portion; and
- (2) have a unique design or color indicator.

(g) A Minnesota identification card issued to a person with temporary lawful status must be marked "temporary" on the face and in the machine-readable portion.

(h) A Minnesota identification card must display the cardholder's full name or no fewer than 39 characters of the name. Any necessary truncation must begin with the last character of the middle name and proceed through the second letter of the middle name, followed by the last character of the first name and proceeding through the second letter of the first name.

(i) The fee for a Minnesota identification card is 50 cents when issued to a person who is developmentally disabled, as defined in section 252A.02, subdivision 2; a physically disabled person, as defined in section 169.345, subdivision 2; or, a person with mental illness, as described in section 245.462, subdivision 20, paragraph (c).

[See Note.]

Subd. 3a. **Identification cards for seniors.** A Minnesota identification card issued to an applicant 65 years of age or over shall be of a distinguishing color and plainly marked "senior." The fee for the card issued to an applicant 65 years of age or over shall be one-half the required fee for a class D driver's license rounded down to the nearest quarter dollar. A Minnesota identification card or a Minnesota driver's license issued to a person 65 years of age or over shall be valid identification for the purpose of qualifying for reduced rates, free licenses or services provided by any board, commission, agency or institution that is wholly or partially funded by state appropriations. This subdivision does not apply to an enhanced identification card issued to an applicant age 65 or older.

Subd. 4. **Identification card expiration.** (a) Except as otherwise provided in this subdivision, the expiration date of a Minnesota identification card is the birthday of the applicant in the fourth year following the date of issuance of the card.

(b) For an applicant age 65 or older:

(1) the expiration date of a Minnesota identification card is the birthday of the applicant in the eighth year following the date of issuance of the card; or

(2) a noncompliant identification card is valid for the lifetime of the applicant.

(c) For the purposes of paragraph (b), "Minnesota identification card" does not include an enhanced identification card issued to an applicant age 65 or older.

(d) The expiration date for an Under-21 identification card is the cardholder's 21st birthday. The commissioner shall issue an identification card to a holder of an Under-21 identification card who applies for the card, pays the required fee, and presents proof of identity and age, unless the commissioner determines that the applicant is not qualified for the identification card.

(e) Notwithstanding paragraphs (a) to (d), the expiration date for an identification card issued to a person with temporary lawful status is the last day of the person's legal stay in the United States, or one year after issuance if the last day of the person's legal stay is not identified.

[See Note.]

Subd. 5. **Anatomical gift; donor document.** The department shall offer a donor document to each person making application for a driver's license or a Minnesota identification card who indicates a desire not to make a decision about making an anatomical gift at the time the application is made. The commissioner of public safety shall prescribe the form of the donor document and the application for a driver's license or a Minnesota identification card. The forms must be designed so that execution by the applicant of the donor document or application will make an anatomical gift under the Darlene Luther Revised Uniform Anatomical Gift Act, chapter 525A. If the donor is 18 years of age or older, the donor document or application must be signed by the donor. If the donor cannot sign, the donor document or application may be signed for the donor at the donor's direction, in the donor's presence, and in the presence of two witnesses who must sign the donor document or application in the donor's presence. If the donor is a minor, the donor document or application must be signed by the minor donor, and one of the minor donor's parents, a legal guardian, or a parent having legal custody. If the minor cannot sign, the donor document or application may not be signed for the minor. The department shall identify donors of anatomical gifts by the designation "donor" on the front side of the donor's driver's license or Minnesota identification card. The issuance of a driver's license or Minnesota identification card identifying the person as a "donor" completes the donation process and the license or identification card constitutes the final donor record. The department is not required to keep the physical record of the donor card or application after issuing the driver's license or identification card for the donation to be valid. The department shall maintain a computer record of donors. Revocation, suspension, expiration, or cancellation of the license does not invalidate the anatomical gift. The designation "donor" constitutes sufficient legal authority for the removal of all body organs or parts upon death of the donor for the purpose of transplantation. The donor designation may be removed only upon written notice to the department. Delivery of the license or Minnesota identification card during the donor's lifetime is not necessary to make the gift valid.

Subd. 6. **Medical alert identifier.** Upon the written request of the applicant, the department shall issue a driver's license or Minnesota identification card bearing a graphic or written medical alert identifier. The applicant must request the medical alert identifier at the time the photograph or electronically produced image is taken. No specific medical information will be contained on the driver's license or Minnesota identification card.

Subd. 6a. **Autism spectrum identifier.** Upon the written request of the applicant, the commissioner must issue a driver's license or Minnesota identification card bearing a graphic or written identifier for an autism spectrum disorder, as defined in section 62A.3094, subdivision 1, paragraph (b). The applicant must submit the written request for the identifier at the time the photograph or electronically produced image is taken. The commissioner must not include any specific medical information on the driver's license or Minnesota identification card.

Subd. 6b. **Mental health identifier.** Upon the written request of the applicant, the commissioner must issue a driver's license or Minnesota identification card bearing a graphic or written identifier for a mental

health condition. The applicant must submit the written request for the identifier at the time the photograph or electronically produced image is taken. The commissioner must not include any specific medical information on the driver's license or Minnesota identification card.

Subd. 7. Living Will/Health Care Directive designation. (a) At the written request of the applicant and on payment of the required fee, the department shall issue, renew, or reissue a driver's license or Minnesota identification card bearing the graphic or written designation of a Living Will/Health Care Directive. The designation does not constitute delivery of a health care declaration under section 145B.05.

(b) On payment of the required fee, the department shall issue a replacement or renewal license or identification card without the designation if requested by the applicant.

(c) This subdivision does not impose any additional duty on a health care provider, as defined in section 145B.02, subdivision 6, or 145C.01, subdivision 6, beyond the duties imposed in chapter 145B or 145C.

(d) For the purposes of this subdivision:

(1) "living will" means a declaration made under section 145B.03; and

(2) "health care directive" means a durable power of attorney for health care under section 145C.02, or any other written advance health care directive of the applicant that is authorized by statute or not prohibited by law.

Subd. 8. Certification; school bus safety laws. Before a driver's license may be issued or renewed, an applicant for a driver's license or renewal shall certify by signature that the applicant is aware of the duties and responsibilities required of drivers under section 169.444 to guard against jeopardizing the safety of school children around school buses and the penalties for violating that section. A failure to make this certification does not bar a prosecution for violation of section 169.444.

Subd. 9. Improved security. The commissioner shall develop new drivers' licenses and identification cards, to be issued beginning January 1, 1994, that must be as impervious to alteration as is reasonably practicable in their design and quality of material and technology. The driver's license security laminate shall be made from materials not readily available to the general public. The design and technology employed must enable the driver's license and identification card to be subject to two or more methods of visual verification capable of clearly indicating the presence of tampering or counterfeiting. The driver's license and identification card must not be susceptible to reproduction by photocopying or simulation and must be highly resistant to data or photograph substitution and other tampering.

Subd. 9a. Security features. (a) A driver's license or identification card must include reasonable security measures to: prevent forgery, alteration, reproduction, and counterfeiting; facilitate detection of fraud; prohibit the ability to superimpose a photograph or electronically produced image; and protect against unauthorized disclosure of personal information contained in the driver's license or identification card. The driver's license must include the best available anticounterfeit laminate technology.

(b) An enhanced driver's license or enhanced identification card may include radio frequency identification technology that is limited to a randomly assigned number, which must be encrypted if agreed to by the United States Department of Homeland Security and does not include biometric data or any information other than the citizenship status of the license holder or cardholder. The commissioner shall ensure that the radio frequency identification technology is secure from unauthorized data access. An applicant must sign an acknowledgment of understanding of the radio frequency identification technology and its use for the

sole purpose of verifying United States citizenship before being issued an enhanced driver's license or an enhanced identification card.

[See Note.]

Subd. 10. **Agreement with other agency.** (a) The commissioner of public safety is authorized to enter into agreements with other agencies to issue cards to clients of those agencies for use in their programs. The cards may be issued to persons who do not qualify for a Minnesota driver's license or do not provide evidence of name and identity as required by rule for a Minnesota identification card. Persons issued cards under this subdivision will meet the identification verification requirements of the contracting agency.

(b) The interagency agreement may include provisions for the payment of the county fee provided in section 171.061, subdivision 4, and the actual cost to manufacture the card.

(c) Cards issued under this subdivision are not Minnesota identification cards for the purposes defined in sections 48.512, 201.061, 201.161, 340A.503, and 604.113.

Subd. 11. **Standby or temporary custodian.** (a) Upon the written request of the applicant and upon payment of an additional fee of \$4.25, the department shall issue a driver's license or Minnesota identification card bearing a symbol or other appropriate identifier indicating that the license holder has appointed an individual to serve as a standby or temporary custodian under chapter 257B.

(b) The request must be accompanied by a copy of the designation executed under section 257B.04.

(c) The department shall maintain a computerized records system of all individuals listed as standby or temporary custodians by driver's license and identification card applicants. This data must be released to appropriate law enforcement agencies under section 13.69. Upon a parent's request and payment of a fee of \$4.25, the department shall revise its list of standby or temporary custodians to reflect a change in the appointment.

(d) At the request of the license or cardholder, the department shall cancel the standby or temporary custodian indication without additional charge. However, this paragraph does not prohibit a fee that may be applicable for a duplicate or replacement license or card, renewal of a license, or other service applicable to a driver's license or identification card.

(e) Notwithstanding sections 13.08, subdivision 1, and 13.69, the department and department employees are conclusively presumed to be acting in good faith when employees rely on statements made, in person or by telephone, by persons purporting to be law enforcement and subsequently release information described in paragraph (b). When acting in good faith, the department and department personnel are immune from civil liability and not subject to suit for damages resulting from the release of this information.

(f) The department and its employees:

(1) have no duty to inquire or otherwise determine whether a designation submitted under this subdivision is legally valid and enforceable; and

(2) are immune from all civil liability and not subject to suit for damages resulting from a claim that the designation was not legally valid and enforceable.

(g) Of the fees received by the department under this subdivision:

(1) Up to \$61,000 received must be deposited in the general fund.

(2) All other fees must be deposited in the driver services operating account in the special revenue fund specified in section 299A.705.

Subd. 12. **Snowmobile safety certificate.** (a) The department shall maintain in its records information transmitted electronically from the commissioner of natural resources identifying each person to whom the commissioner has issued a snowmobile safety certificate. The records transmitted from the Department of Natural Resources must contain the full name and date of birth as required for the driver's license or identification card. Records that are not matched to a driver's license or identification card record may be deleted after seven years.

(b) After receiving information under paragraph (a) that a person has received a snowmobile safety certificate, the department shall include, on all drivers' licenses or Minnesota identification cards subsequently issued to the person, a graphic or written indication that the person has received the certificate.

(c) If a person who has received a snowmobile safety certificate applies for a driver's license or Minnesota identification card before that information has been transmitted to the department, the department may accept a copy of the certificate as proof of its issuance and shall then follow the procedures in paragraph (b).

Subd. 13. **Firearms safety designation.** (a) When an applicant has a record transmitted to the department as described in paragraph (c) or presents:

(1) a firearms safety certificate issued for successfully completing a firearms safety course administered under section 97B.015; or

(2) an advanced hunter certificate issued for successfully completing an advanced hunter education course administered under section 97B.025,

and requests a driver's license or identification card described in paragraph (b), the department shall issue, renew, or reissue to the applicant a driver's license or Minnesota identification card described in paragraph (b).

The records transmitted from the Department of Natural Resources must contain the full name and date of birth as required for the driver's license or identification card. Records that are not matched to a driver's license or identification card record may be deleted after seven years.

Subd. 14. **Use of Social Security number.** An applicant's Social Security number must not be displayed, encrypted, or encoded on the driver's license or Minnesota identification card or included in a magnetic strip or bar code used to store data on the license or Minnesota identification card. The Social Security number must not be used as a Minnesota driver's license or identification number.

Subd. 15. **Veteran designation.** (a) At the request of an eligible applicant and on payment of the required fee, the department shall issue, renew, or reissue to the applicant a driver's license or Minnesota identification card bearing a graphic or written designation of:

(1) Veteran; or

(2) Veteran 100% T&P.

(b) At the time of the initial application for the designation provided under this subdivision, the applicant must:

(3) if the applicant is seeking the disability designation under paragraph (a), clause (2), provide satisfactory evidence of a 100 percent total and permanent service-connected disability as determined by the United States Department of Veterans Affairs.

(c) The commissioner of public safety is required to issue drivers' licenses and Minnesota identification cards with the veteran designation only after entering a new contract or in coordination with producing a new card design with modifications made as required by law.

Subd. 16. Enhanced driver's license and identification card. For purposes of this section, "license" includes "enhanced driver's license," and "identification card" includes "enhanced identification card."

Subd. 17. Disability designation. At the request of an applicant with permanent eligibility for a disability designation and on payment of the required fee, the department shall issue, renew, or reissue to the applicant a driver's license or Minnesota identification card bearing a physical disability designation based on the following medical conditions:

(1) type 1, to an applicant who is permanently blind or disabled and meets the requirements for a free license to take fish under section 97A.441, subdivision 1, paragraph (a), clause (1), (4), (5), or (6); or

171.13 EXAMINATION.

Subdivision 1. **Examination subjects and locations; provisions for color blindness, disabled veterans.** (a) Except as otherwise provided in this section, the commissioner shall examine each applicant for a driver's license by such agency as the commissioner directs. This examination must include:

- (1) a test of the applicant's eyesight;
- (2) a test of the applicant's ability to read and understand highway signs regulating, warning, and directing traffic;
- (3) a test of the applicant's knowledge of (i) traffic laws; (ii) the effects of alcohol and drugs on a driver's ability to operate a motor vehicle safely and legally, and of the legal penalties and financial consequences resulting from violations of laws prohibiting the operation of a motor vehicle while under the influence of alcohol or drugs; (iii) railroad grade crossing safety; (iv) slow-moving vehicle safety; (v) laws relating to pupil transportation safety, including the significance of school bus lights, signals, stop arm, and passing a school bus; (vi) traffic laws related to bicycles; and (vii) the circumstances and dangers of carbon monoxide poisoning;
- (4) an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle; and
- (5) other physical and mental examinations as the commissioner finds necessary to determine the applicant's fitness to operate a motor vehicle safely upon the highways.

(b) Notwithstanding paragraph (a), no driver's license may be denied an applicant on the exclusive grounds that the applicant's eyesight is deficient in color perception. War veterans operating motor vehicles especially equipped for disabled persons, if otherwise entitled to a license, must be granted such license.

(c) The commissioner shall make provision for giving the examinations under this subdivision either in the county where the applicant resides or at a place adjacent thereto reasonably convenient to the applicant.

(d) The commissioner shall ensure that an applicant is able to obtain an appointment for an examination to demonstrate ability under paragraph (a), clause (4), within 14 days of the applicant's request if, under the applicable statutes and rules of the commissioner, the applicant is eligible to take the examination.

Subd. 1a. **Waiver when license issued by another jurisdiction.** (a) The commissioner may waive the requirement that the applicant demonstrate ability to exercise ordinary and reasonable control in the operation of a motor vehicle on determining that the applicant possesses a valid driver's license issued by a jurisdiction that requires a comparable demonstration for license issuance.

(b) For purposes of this subdivision, "jurisdiction" includes, but is not limited to, both the active and reserve components of any branch or unit of the United States armed forces, and "valid driver's license" includes any driver's license that is recognized by that branch or unit as currently being valid, or as having been valid at the time of the applicant's separation or discharge from the military within a period of time deemed reasonable and fair by the commissioner, up to and including one year past the date of the applicant's separation or discharge.

(b) A screening of eyesight required by this subdivision does not constitute the practice of optometry as defined in section 148.56.

(c) The commissioner may adopt rules to administer this subdivision.

Subd. 3. Examination of licensed driver. The commissioner may require an examination by such agency as the commissioner directs of any licensed driver, to determine incompetency, physical or mental disability or disease, or any other condition which might affect the driver from exercising reasonable and ordinary control over a motor vehicle, but no examination shall be required only for the reason that any licensed driver has attained a certain age. If as a result of the examination the commissioner believes that the driver is an unsafe person to operate a motor vehicle upon the public highways, the commissioner may cancel the driver's license of the person. The commissioner shall give the person written notice of the cancellation.

Subd. 4. Cancellation for failure to submit to examination. If a licensee does not submit to any examination required under the provisions of subdivision 3, the commissioner may cancel the driver's license of the licensee. (b) A fee of \$20 must be paid by an individual to take a third and any subsequent skills or road test administered by the department if the individual has previously failed two consecutive skill or road tests in a specified class of motor vehicle.

(c) All fees received under this subdivision must be paid into the state treasury and credited to the driver services operating account in the special revenue fund specified under section 299A.705.

Subd. 8. Test scheduling. The commissioner must not schedule or reserve recurring time with a public, private, or commercial driver education program for purposes of administering skills or road tests to a class D or commercial driver's license applicant.

The commissioner must not charge a fee to a driver education program or an authorized entity for access to the online knowledge testing system or for administering the online knowledge test. The commissioner must administer the fourth or subsequent knowledge test for a person.

(b) Upon written request from a driver education program licensed by the department, the commissioner must grant access to the department's web-based knowledge testing system to the driver education program. Once granted access to the online knowledge testing system, a driver education program may administer the online knowledge test to a student of the program.

(c) An entity other than a driver education program may apply to the commissioner for authority to administer online knowledge tests. The commissioner may approve or disapprove an application for administering the online knowledge tests under this paragraph. Upon approving an application of an entity, the commissioner must grant access to the department's web-based knowledge testing system to that authorized entity. Once granted access to the online knowledge testing system, the authorized entity may administer the online knowledge test.

(d) A driver education program or authorized entity:

(1) must provide all computers and equipment for persons that take the online knowledge test;

(2) must provide appropriate proctors to monitor persons taking the online knowledge test; and

(3) may charge a fee of no more than \$10 for administering the online knowledge test.

Upon receipt of both certifications, the commissioner shall undertake the license actions described in paragraphs (a) and (b).

Subd. 6. Unlicensed drivers; license issuance denial. If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner shall deny to the person the issuance of a

license or permit after the date of the alleged violation for the same period as provided in this section for revocation, subject to review as provided in subdivisions 10 and 11.

Subd. 7. Notice of revocation or disqualification; review. A revocation under this section, or a disqualification under section 171.165, becomes effective at the time the commissioner or a peace officer acting on behalf of the commissioner notifies the person of the intention to revoke, disqualify, or both, and of revocation or disqualification. The notice must advise the person of the right to obtain administrative and judicial review as provided in subdivisions 10 and 11. If mailed, the notice and order of revocation or disqualification is deemed received three days after mailing to the last known address of the person.

Subd. 8. Test refusal; driving privilege lost. (a) On behalf of the commissioner, a peace officer requiring a test or directing the administration of a chemical test pursuant to a search warrant under sections 626.04 to 626.18 shall serve immediate notice of intention to revoke and of revocation on a person who refuses to permit a test or on a person who submits to a test, the results of which indicate an alcohol concentration of 0.08 or more.

(b) On behalf of the commissioner, a peace officer requiring a test or directing the administration of a chemical test of a person driving, operating, or in physical control of a commercial motor vehicle pursuant to a search warrant under sections 626.04 to 626.18 shall serve immediate notice of intention to disqualify and of disqualification on a person who refuses to permit a test or on a person who submits to a test, the results of which indicate an alcohol concentration of 0.04 or more.

(c) The officer shall:

(1) invalidate the person's driver's license or permit card by clipping the upper corner of the card in such a way that no identifying information including the photo is destroyed, and immediately return the card to the person;

(2) issue the person a temporary license effective for only seven days; and

(3) send the notification of this action to the commissioner along with the certificate required by subdivision 5 or 6.

Subd. 9. Notice of action to other states. When a nonresident's privilege to operate a motor vehicle in this state has been revoked or denied, the commissioner shall give information of the action taken in writing to the official in charge of traffic control or public safety of the state of the person's residence and of any state in which the person has a license.

Subd. 10. Administrative review. (a) At any time during a period of revocation imposed under this section, or a period of disqualification imposed under section 171.165, a person may request in writing a review of the order of revocation or disqualification by the commissioner, unless the person is entitled to review under section 171.166. Upon receiving a request, the commissioner or the commissioner's designee shall review the order, the evidence upon which the order was based, and any other material information brought to the attention of the commissioner and determine whether sufficient cause exists to sustain the order. Within 15 days of receiving the request, the commissioner shall report in writing the results of the review. The review provided in this subdivision is not subject to the contested case provisions of the Administrative Procedure Act in sections 14.001 to 14.69.

(b) The availability of administrative review for an order of revocation or disqualification has no effect upon the availability of judicial review under this section.

(c) Review under this subdivision must take place, if possible, at the same time as any administrative review of the person's impoundment order under section 169A.60, subdivision 9.

Subd. 11. **Petition for judicial review.** (a) Within 60 days following receipt of a notice and order of revocation pursuant to this section, a person may petition the court for review. The petition must be filed with the district court administrator in the county where the alleged offense occurred, together with proof of service of a copy on the commissioner, and accompanied by the standard filing fee for civil actions. Responsive pleading is not required of the commissioner, and court fees must not be charged for the appearance of the commissioner in the matter.

(b) The petition must:

(1) be captioned in the full name of the person making the petition as petitioner and the commissioner as respondent;

(2) include the petitioner's date of birth and driver's license number, and the date of the offense; and

(3) state with specificity the grounds upon which the petitioner seeks rescission of the order of revocation, disqualification, or denial.

(c) The filing of the petition does not stay the revocation, disqualification, or denial. The reviewing court may order a stay of the balance of the revocation or disqualification if the hearing has not been conducted within 60 days after filing the petition upon terms the court deems proper.

(d) Judicial reviews must be conducted according to the Rules of Civil Procedure, except that prehearing discovery is mandatory and is limited to:

(1) the notice of revocation;

(2) the certificate of analysis of the blood or urine test;

(3) the peace officer's certificate and any accompanying documentation submitted by the arresting officer to the commissioner; and

(4) disclosure of potential witnesses, including experts, and the basis of their testimony.

Other types of discovery are available only upon order of the court.

Subd. 12. **Judicial hearing; issues, order, appeal.** (a) A judicial review hearing under this section must be before a district judge in any county in the judicial district where the alleged offense occurred. The hearing is to the court and may be conducted at the same time and in the same manner as hearings upon pretrial motions in the criminal prosecution under section 169A.20, if any. The hearing must be recorded. The commissioner shall appear and be represented by the attorney general or through the prosecuting authority for the jurisdiction involved. The hearing must be held at the earliest practicable date, and in any event no later than 60 days following the filing of the petition for review. The judicial district administrator shall establish procedures to ensure efficient compliance with this subdivision. To accomplish this, the administrator may, whenever possible, consolidate and transfer review hearings among the locations within the judicial district where terms of district court are held.

(b) The scope of the hearing is limited to the issues in clauses (1) to (13):

(1) Did the peace officer have probable cause to believe the person was driving, operating, or in physical control of a motor vehicle or commercial motor vehicle in violation of section 169A.20?

(2) Was the person lawfully placed under arrest for violation of section 169A.20?

(3) Was the person involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death?

(4) Did a licensed peace officer apply for a search warrant in accordance with the requirements set forth in sections 626.04 to 626.18?

(5) Did a neutral magistrate review the application for a search warrant and determine there was probable cause to believe that the person was driving, operating, or in physical control of a motor vehicle or commercial motor vehicle in violation of section 169A.20?

(6) Was the search warrant and the process by which it was obtained valid?

(7) At the time of directing the person to take the test, did the peace officer inform the person that refusing the test was a crime as required by subdivision 1?

(8) Did the person refuse to permit the test?

(9) If a test was taken by a person driving, operating, or in physical control of a motor vehicle, did the test results indicate at the time of testing:

(i) an alcohol concentration of 0.08 or more; or

(ii) the presence of a controlled substance listed in Schedule I or II or its metabolite, other than marijuana or tetrahydrocannabinols?

(10) If a test was taken by a person driving, operating, or in physical control of a commercial motor vehicle, did the test results indicate an alcohol concentration of 0.04 or more at the time of testing?

(11) Was the testing method used valid and reliable and were the test results accurately evaluated?

(12) Did the person prove the defense of necessity?

(13) Did the person prove the defense of controlled substance use in accordance with a prescription?

(c) Certified or otherwise authenticated copies of laboratory or medical personnel reports, records, documents, licenses, and certificates are admissible as substantive evidence.

(d) The court shall order that the revocation or disqualification be either rescinded or sustained and forward the order to the commissioner. The court shall file its order within 14 days following the hearing. If the revocation or disqualification is sustained, the court shall also forward the person's driver's license or permit to the commissioner for further action by the commissioner if the license or permit is not already in the commissioner's possession.

(e) Any party aggrieved by the decision of the reviewing court may appeal the decision as provided in the Rules of Appellate Procedure.

(f) The civil hearing under this section shall not give rise to an estoppel on any issues arising from the same set of circumstances in any criminal prosecution.

(g) It is an affirmative defense for the petitioner to prove a necessity.

(h) It is an affirmative defense to the presence of a Schedule I or II controlled substance that the person used the controlled substance according to the terms of a prescription issued for the person according to

sections 152.11 and 152.12, unless the court finds by a preponderance of the evidence that the use of the controlled substance impaired the person's ability to operate a motor vehicle.

Subd. 13. **Test refusal; no test given.** (a) If a person refuses to permit a blood or urine test as required by a search warrant and the provisions of this section, then a test must not be given. However, the applicable provisions of this section, section 169A.52, subdivision 1, and other law apply.

(b) Notwithstanding paragraph (a), if a peace officer has probable cause to believe that a person has violated section 609.2112, 609.2113, 609.2114, or Minnesota Statutes 2012, section 609.21, a test may be required and obtained despite the person's refusal. A refusal to submit to a test does not constitute a violation of section 609.50, unless the refusal was accompanied by force or violence or the threat of force or violence.

Subd. 14. **Definitions.** The definitions in section 169A.03 apply to this section.

171.18 SUSPENSION.

Subdivision 1. **Offenses.** (a) The commissioner may suspend the license of a driver without preliminary hearing upon a showing by department records or other sufficient evidence that the licensee:

- (1) has committed an offense for which mandatory revocation of license is required upon conviction;
- (2) has been convicted by a court for violating a provision of chapter 169 or an ordinance regulating traffic, other than a conviction for a petty misdemeanor, and department records show that the violation contributed in causing an accident resulting in the death or personal injury of another, or serious property damage;
- (3) is an habitually reckless or negligent driver of a motor vehicle;
- (4) is an habitual violator of the traffic laws;
- (5) is incompetent to drive a motor vehicle as determined in a judicial proceeding;
- (6) has permitted an unlawful or fraudulent use of the license;
- (7) has committed an offense in another state that, if committed in this state, would be grounds for suspension;
- (8) has committed a violation of section 169.444, subdivision 2, paragraph (a), within five years of a prior conviction under that section;
- (9) has committed a violation of section 171.22, except that the commissioner may not suspend a person's driver's license based solely on the fact that the person possessed a fictitious or fraudulently altered Minnesota identification card;
- (10) has failed to appear in court as provided in section 169.92, subdivision 4;
- (11) has failed to report a medical condition that, if reported, would have resulted in cancellation of driving privileges;
- (12) has been found to have committed an offense under section 169A.33; or

(13) has paid or attempted to pay a fee required under this chapter for a license or permit by means of a dishonored check issued to the state or a driver's license agent, which must be continued until the registrar determines or is informed by the agent that the dishonored check has been paid in full.

However, an action taken by the commissioner under clause (2) or (5) must conform to the recommendation of the court when made in connection with the prosecution of the licensee.

(b) The commissioner may not suspend the driver's license of an individual under paragraph (a) who was convicted of a violation of section 171.24, subdivision 1, whose license was under suspension at the time solely because of the individual's failure to appear in court or failure to pay a fine.

Subd. 2. **Notice.** The department may not suspend a driver's license until 14 days after the date on which the department mails to the licensee a written notice of the department's intent to suspend the license, addressed to the licensee at the licensee's last known address, with postage prepaid. Suspension of a driver's license shall take effect immediately upon a finding by the commissioner, based on department records or other sufficient evidence, that a delay in the effectiveness of the suspension poses a threat to public safety. The department shall immediately notify the licensee of the suspension by mail, addressed to the licensee's last known address, with postage prepaid.

Subd. 3. **Hearing.** (a) The licensee may request, in writing, a hearing. The department shall afford the requesting licensee an opportunity for a hearing within 20 days after receipt of the request in the county where the licensee resides, unless the department and the licensee agree that the hearing may be held in some other county.

(b) For the hearing, the commissioner may administer oaths and issue subpoenas for the attendance of witnesses and the production of relevant books and papers, and may require a reexamination of the licensee.

(c) Following the hearing, the department shall either rescind its order of suspension or, for good cause shown, may extend the suspension of the license or revoke the license.

(d) The department shall not suspend a license for a period of more than one year.

171.182 SUSPENSION; UNINSURED VEHICLE.

Subdivision 1. **Definition.** For the purposes of sections 171.182 to 171.184, the term "judgment" means a judgment which has become final by expiration without appeal within the time which an appeal might

have been perfected, or by final affirmation on appeal, rendered by a court of competent jurisdiction, including county, municipal, or conciliation court, of any state of the United States, upon a claim for relief arising out of ownership, maintenance, or use of a motor vehicle, for damages, including damages for care and loss of services, because of bodily injury to or death of a person, or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a claim for relief on an agreement of settlement for the damages.

Subd. 2. Copy of judgment to commissioner. If a person fails within 30 days to satisfy a judgment, the court administrator, upon affidavit of the judgment creditor that the judgment has not been satisfied, shall immediately forward to the commissioner a certified copy of the judgment and affidavit of identification.

If the judgment debtor named in a certified copy of a judgment reported to the commissioner is a nonresident, the commissioner shall transmit a certified copy of the judgment to the official in charge of the issuance of drivers' licenses of the state of which the judgment debtor is a resident.

Subd. 3. Conditions. (a) The commissioner, upon receipt of a certified copy of a judgment, shall suspend the license or the nonresident's operating privilege of the person against whom judgment was rendered if:

(1) at the time of the accident the person did not maintain the reparation security required by section 65B.48; and

(2) the judgment has not been satisfied.

(b) Suspensions under this section are subject to the notice requirements of section 171.18, subdivision 2.

Subd. 4. Duration. A license or nonresident's operating privilege shall remain suspended and shall not be renewed, nor shall a license be thereafter issued to the person until every judgment is satisfied in full, or has expired, or to the extent hereinafter provided.

Subd. 5. Affidavit of insurance coverage. A person whose license or nonresident's operating privileges has been suspended or has become subject to suspension because of an unsatisfied judgment may be relieved of the suspension by filing with the commissioner an affidavit stating that at the time of the accident giving rise to the judgment the person was insured, that the insurer is liable for the judgment, and the reason, if known, why the judgment has not been paid. The affidavit shall be accompanied by a copy of the insurance policy and other documents the commissioner requires to show that the loss, injury or damage giving rise to the judgment was covered by the policy. If satisfied that the insurer was authorized to issue the policy and is liable for the judgment, at least to the extent and for the amounts required in this chapter, the commissioner shall not suspend the license, or reinstate the license if already suspended.

Subd. 2. **Stay of suspension.** The commissioner shall not suspend a license or a nonresident's operating privilege if the judgment debtor gives proof of maintaining the reparation security required by section 65B.48, obtains an order or enters into a written agreement with the judgment creditor permitting the payment of the judgment in installments, and does not default on the payment of any installment.

Upon receiving a request, the commissioner or the commissioner's designee shall review the order of suspension, the evidence upon which the order was based, and any other material information brought to the attention of the commissioner, and determine whether sufficient cause exists to sustain the order. Within 15 days of receiving the request, the commissioner shall report in writing the results of the review. The review provided in this subdivision is not subject to the contested case provisions in chapter 14.

(b) In addition to any other reason provided for in this subdivision, a person may request a review of the suspension by the commissioner if the suspension has been in place for at least three months and the person has not been indicted or formally charged with the underlying crime that resulted in the license suspension.

171.2405 LICENSE REINSTATEMENT DIVERSION PROGRAM.

Subdivision 1. **Establishment.** (a) A city or county may establish a license reinstatement diversion program for holders of class D drivers' licenses who have been charged with violating section 171.24, subdivision 1 or 2. An individual charged with driving after revocation under section 171.24, subdivision 2, is eligible for diversion only if the revocation was due to a violation of section 169.791; 169.797; 169A.52; 169A.54; 171.17, subdivision 1, paragraph (a), clause (6); or 171.177. An individual who is a holder of a commercial driver's license or who has committed an offense in a commercial motor vehicle is not eligible to participate in the diversion program. Nothing in this section authorizes the issuance of a driver's license to a diversion program participant during the underlying suspension or revocation period at issue in the violation of section 171.24, subdivision 1 or 2.

(b) Notwithstanding any law or ordinance to the contrary, a city or county may contract with a third party to create and administer the diversion program under this section. Any participating city or county, at its own expense, may request an audit of the administrator.

(c) For purposes of this section, "administrator" means the city, county, or administrator of the program.

Subd. 2. **Diversion of an individual.** (a) A prosecutor for a participating city or county may determine whether to accept an individual for diversion. When making the determination, the prosecutor must consider:

(1) whether the individual has a record of driving without a valid license or other criminal record, or has previously participated in a diversion program;

(2) the strength of the evidence against the individual, along with any mitigating factors; and

(3) the apparent ability and willingness of the individual to participate in the diversion program and comply with program requirements.

(b) A city or county attorney may request that an individual be reviewed for a diversion program without a formal city or county diversion program being established. The city or county attorney must follow the requirements of subdivisions 1 and 2 and may submit the individual's application to an administrator for processing in collaboration with DVS to determine if an individual is eligible for approval into the diversion program. The participant must meet the requirements in subdivision 4.

(c) A judge may submit a request for an individual to apply for entry into a diversion program under subdivisions 1 and 2. The participant must meet the requirements in subdivision 4.

Subd. 3. Diversion driver's license. (a) Notwithstanding any law to the contrary, the commissioner may issue a diversion driver's license to a person who is a participant in a diversion program, after receiving an application and payment of:

(1) the reinstatement fee under section 171.20, subdivision 4, by a participant whose driver's license has been suspended;

(2) the reinstatement fee under section 171.29, subdivision 2, paragraph (a), by a participant whose driver's license has been revoked under section 169.791; 169.797; or 171.17, subdivision 1, paragraph (a), clause (6); or

(3) the reinstatement fee under section 171.29, subdivision 2, paragraph (a), by a participant whose driver's license has been revoked under section 169A.52, 169A.54, or 171.177. The reinstatement fee and surcharge under section 171.29, subdivision 2, paragraph (b), must also be paid during the course of and as a condition of the diversion program.

(b) The commissioner may impose restrictions on a diversion driver's license that are suitable to the licensee's driving ability or applicable to the licensee as the commissioner deems appropriate to ensure the safe operation of a motor vehicle by the licensee. The participant must follow all requirements of this section, the requirements set out by DVS and court restrictions.

(c) Payments made by participants in the diversion program of the reinstatement fee and surcharge under section 171.29, subdivision 2, paragraph (b), must be applied first toward payment of the reinstatement fee and, after the reinstatement fee has been fully paid, toward payment of the surcharge. Each payment that is applied toward the reinstatement fee must be credited as provided in section 171.29, subdivision 2, paragraph (b), and each payment that is applied toward the surcharge must be credited as provided in section 171.29, subdivision 2, paragraphs (c) and (d). After the reinstatement fee and surcharge are satisfied, the participant must pay the program participation fee.

(d) Notwithstanding any law to the contrary, a diversion driver's license issued to a participant in the program must not be revoked or suspended for convictions entered due to payments made under subdivision 4.

Subd. 4. Program components. (a) At a minimum, the diversion program must require individuals to:

(1) successfully attend and complete, at the individual's expense, educational classes that provide, among other things, information on driver's licensure;

(2) pay to the administrator, under a schedule approved by the prosecutor, all required related fees, fines, and charges, including applicable statutory license reinstatement fees and costs of participation in the program;

(3) comply with all traffic laws; and

(4) demonstrate compliance with motor vehicle insurance requirements.

(b) Individuals whose underlying citations cost less than \$250 shall receive a 60 percent discount on the diversion program fee. Individuals whose underlying citations cost \$250 to \$500 shall receive a 40 percent discount on the diversion program fee.

Subd. 5. Termination of participation; reinstatement of driver's license. (a) An individual's participation in the diversion program must be terminated if:

(1) the individual is found guilty of a moving traffic violation;

(2) the individual fails to provide proof of vehicle insurance; or

(3) the administrator of the diversion program informs the commissioner that the individual is no longer satisfying the conditions of the diversion program.

(b) The commissioner must cancel an individual's diversion driver's license upon receiving notice from the administrator that the individual is not complying with the requirements of the program.

171.29 REVOKED LICENSE; CONDITIONS FOR REINSTATEMENT.

Subdivision 1. **Examination required.** No person whose driver's license has been revoked by reason of conviction, plea of guilty, or forfeiture of bail not vacated, under section 169.791, 169.797, 171.17, or 171.172, or revoked under section 169.792, 169A.52, or 171.177 shall be issued another license unless and until that person shall have successfully passed an examination as required by the commissioner of public safety. This subdivision does not apply to an applicant for early reinstatement under section 169.792, subdivision 7a.

Subd. 2. **Reinstatement fees and surcharges allocated and appropriated.** (a) An individual whose driver's license has been revoked as provided in subdivision 1, except under section 169A.52, 169A.54, 171.177, 609.2112, 609.2113, or 609.2114, or Minnesota Statutes 2012, section 609.21, must pay a \$30 fee before the driver's license is reinstated.

(b) A person whose driver's license has been revoked as provided in subdivision 1 under section 169A.52, 169A.54, 171.177, 609.2112, 609.2113, or 609.2114, or Minnesota Statutes 2012, section 609.21, must pay a \$250 fee plus a \$430 surcharge before the driver's license is reinstated, except as provided in paragraph (f). The \$250 fee is to be credited as follows:

(1) Twenty percent must be credited to the driver services operating account in the special revenue fund as specified in section 299A.705.

(2) Sixty-seven percent must be credited to the general fund.

(3) Eight percent must be credited to a separate account to be known as the Bureau of Criminal Apprehension account. Money in this account is annually appropriated to the commissioner of public safety and the appropriated amount must be apportioned 80 percent for laboratory costs and 20 percent for carrying out the provisions of section 299C.065.

(4) Five percent must be credited to a separate account to be known as the vehicle forfeiture account, which is created in the special revenue fund. The money in the account is annually appropriated to the commissioner for costs of handling vehicle forfeitures.

(c) The revenue from \$50 of the surcharge must be credited to a separate account to be known as the traumatic brain injury and spinal cord injury account. The revenue from \$50 of the surcharge on a reinstatement under paragraph (f) is credited from the first installment payment to the traumatic brain injury and spinal cord injury account. The money in the account is annually appropriated to the commissioner of health to be used as follows: 83 percent for contracts with a qualified community-based organization to provide information, resources, and support to assist persons with traumatic brain injury and their families to access services, and 17 percent to maintain the traumatic brain injury and spinal cord injury registry created in section 144.662. For the purposes of this paragraph, a "qualified community-based organization" is a private, not-for-profit organization of consumers of traumatic brain injury services and their family members. The organization must be registered with the United States Internal Revenue Service under section 501(c)(3) as a tax-exempt organization and must have as its purposes:

(1) the promotion of public, family, survivor, and professional awareness of the incidence and consequences of traumatic brain injury;

(2) the provision of a network of support for persons with traumatic brain injury, their families, and friends;

(3) the development and support of programs and services to prevent traumatic brain injury;

- (4) the establishment of education programs for persons with traumatic brain injury; and
- (5) the empowerment of persons with traumatic brain injury through participation in its governance.

A patient's name, identifying information, or identifiable medical data must not be disclosed to the organization without the informed voluntary written consent of the patient or patient's guardian or, if the patient is a minor, of the parent or guardian of the patient.

(d) The remainder of the surcharge must be credited to a separate account to be known as the remote electronic alcohol-monitoring program account. The commissioner shall transfer the balance of this account to the commissioner of management and budget on a monthly basis for deposit in the general fund.

(e) When these fees are collected by a licensing agent, appointed under section 171.061, a handling charge is imposed in the amount specified under section 171.061, subdivision 4. The reinstatement fees and surcharge must be deposited in an approved depository as directed under section 171.061, subdivision 4.

(f) A person whose driver's license has been revoked as provided in subdivision 1 under section 169A.52, 169A.54, or 171.177 and who the court certifies as being financially eligible for a public defender under section 611.17, may choose to pay 50 percent and an additional \$25 of the total amount of the surcharge and 50 percent of the fee required under paragraph (b) to reinstate the person's driver's license, provided the person meets all other requirements of reinstatement. If a person chooses to pay 50 percent of the total and an additional \$25, the driver's license must expire after two years. The person must pay an additional 50 percent less \$25 of the total to extend the license for an additional two years, provided the person is otherwise still eligible for the license. After this final payment of the surcharge and fee, the license may be renewed on a standard schedule, as provided under section 171.27. A handling charge may be imposed for each installment payment. Revenue from the handling charge is credited to the driver services operating account in the special revenue fund and is appropriated to the commissioner.

(g) Any person making installment payments under paragraph (f), whose driver's license subsequently expires, or is canceled, revoked, or suspended before payment of 100 percent of the surcharge and fee, must pay the outstanding balance due for the initial reinstatement before the driver's license is subsequently reinstated. Upon payment of the outstanding balance due for the initial reinstatement, the person may pay any new surcharge and fee imposed under paragraph (b) in installment payments as provided under paragraph (f).

Subd. 3. Compliance with impoundment laws. A person whose license has been revoked under section 169A.52, 169A.54, or 171.177 may not be issued another license at the end of the revocation period unless the person has complied with all applicable registration plate impoundment provisions of sections 168.041 and 169A.60.

Subd. 2. **Performance standards; certification; manufacturer and provider requirements.** (a) The commissioner shall establish performance standards and a process for certifying devices used in the ignition interlock program, except that the commissioner may not establish standards that, directly or indirectly, require devices to use or enable location tracking capabilities without a court order.

(b) The manufacturer of a device must apply annually for certification of the device by submitting the form prescribed by the commissioner. The commissioner shall require manufacturers of certified devices to:

(1) provide device installation, servicing, and monitoring to indigent program participants at a discounted rate, according to the standards established by the commissioner; and

(2) include in an ignition interlock device contract a provision that a program participant who voluntarily terminates participation in the program is only liable for servicing and monitoring costs incurred during the time the device is installed on the motor vehicle, regardless of whether the term of the contract has expired.

(c) The manufacturer of a certified device must include with an ignition interlock device contract a separate notice to the program participant regarding any location tracking capabilities of the device.

Subd. 3. Program requirements. (a) The commissioner shall establish guidelines for participation in the ignition interlock program. A person who seeks to participate in the program shall sign a written acknowledgment that the person has received, reviewed, and agreed to abide by the program guidelines.

(g) The commissioner shall not permit location tracking capabilities on any ignition interlock device to be enabled except as provided in this paragraph. The commissioner shall require the activation of location tracking capabilities on an ignition interlock device when ordered by a court.

Subd. 4. Issuance of restricted license. (a) The commissioner shall issue a class D driver's license, subject to the applicable limitations and restrictions of this section, to a program participant who meets the requirements of this section and the program guidelines. The commissioner shall not issue a license unless the program participant has provided satisfactory proof that:

(1) a certified ignition interlock device has been installed on the participant's motor vehicle at an installation service center designated by the device's manufacturer; and

(2) the participant has insurance coverage on the vehicle equipped with the ignition interlock device. The commissioner shall require the participant to present an insurance identification card, policy, or written statement as proof of insurance coverage, and may require the insurance identification card provided be certified by the insurance company to be noncancelable for a period not to exceed 12 months.

(b) A license issued under authority of this section must contain a restriction prohibiting the program participant from driving, operating, or being in physical control of any motor vehicle not equipped with a functioning ignition interlock device certified by the commissioner. A participant may drive an employer-owned vehicle not equipped with an interlock device while in the normal course and scope of employment duties pursuant to the program guidelines established by the commissioner and with the employer's written consent.

(c) A program participant whose driver's license has been: (1) revoked under section 169A.52, subdivision 3, paragraph (a), clause (1), (2), or (3), or subdivision 4, paragraph (a), clause (1), (2), or (3); 169A.54, subdivision 1, clause (1), (2), (3), or (4); or 171.177, subdivision 4, paragraph (a), clause (1), (2), or (3), or subdivision 5, paragraph (a), clause (1), (2), or (3); or (2) revoked under section 171.17, subdivision 1, paragraph (a), clause (1), or suspended under section 171.187, for a violation of section 609.2113, subdivision 1, clause (2), item (i) or (iii), (3), or (4); subdivision 2, clause (2), item (i) or (iii), (3), or (4); or subdivision 3, clause (2), item (i) or (iii), (3), or (4); or 609.2114, subdivision 2, clause (2), item (i) or (iii), (3), or (4), resulting in bodily harm, substantial bodily harm, or great bodily harm, where the participant has fewer than two qualified prior impaired driving incidents within the past ten years or fewer than three qualified prior impaired driving incidents ever; may apply for conditional reinstatement of the driver's license, subject to the ignition interlock restriction.

(d) A program participant whose driver's license has been: (1) revoked, canceled, or denied under section 169A.52, subdivision 3, paragraph (a), clause (4), (5), or (6), or subdivision 4, paragraph (a), clause (4), (5), or (6); 169A.54, subdivision 1, clause (5), (6), or (7); or 171.177, subdivision 4, paragraph (a), clause (4), (5), or (6), or subdivision 5, paragraph (a), clause (4), (5), or (6); or (2) revoked under section 171.17, subdivision 1, paragraph (a), clause (1), or suspended under section 171.187, for a violation of section 609.2113, subdivision 1, clause (2), item (i) or (iii), (3), or (4); subdivision 2, clause (2), item (i) or (iii), (3), or (4); or subdivision 3, clause (2), item (i) or (iii), (3), or (4); or 609.2114, subdivision 2, clause (2), item (i) or (iii), (3), or (4), resulting in bodily harm, substantial bodily harm, or great bodily harm, where the participant has two or more qualified prior impaired driving incidents within the past ten years or three or more qualified prior impaired driving incidents ever; may apply for a limited license, subject to the ignition interlock restriction, if the program participant is enrolled in a licensed chemical dependency treatment or rehabilitation program as recommended in a chemical use assessment, and if the participant meets the other applicable requirements of section 171.30. After completing a licensed chemical dependency treatment or rehabilitation program and one year of limited license use without violating the ignition interlock restriction, the conditions of limited license use, or program guidelines, the participant may apply for conditional reinstatement of the driver's license, subject to the ignition interlock restriction. If the program participant's ignition interlock device subsequently registers a positive breath alcohol concentration of 0.02 or higher, the commissioner shall cancel the driver's license, and the program participant may apply for another limited license according to this paragraph.

(e) Notwithstanding any statute or rule to the contrary, the commissioner has authority to determine when a program participant is eligible for restoration of full driving privileges, except that the commissioner shall not reinstate full driving privileges until the program participant has met all applicable prerequisites for reinstatement under section 169A.55 and until the program participant's device has registered no positive breath alcohol concentrations of 0.02 or higher during the preceding 90 days.

- (1) 180 days for a first violation;
- (2) one year for a second violation; or
- (3) 545 days for a third and each subsequent violation.

(b) Notwithstanding paragraph (a), the commissioner may terminate participation in the program by any person when, in the commissioner's judgment, termination is necessary to the interests of public safety and welfare. In the event of termination, the commissioner shall not reduce the applicable revocation period under section 169A.52, 169A.54, or 171.177 by the amount of time during which the person possessed a limited or restricted driver's license issued under the authority of subdivision 4.

Subd. 6. Penalties; tampering. (a) A person who lends, rents, or leases a motor vehicle that is not equipped with a functioning ignition interlock device certified by the commissioner to a person with a license issued under this section knowing that the person is subject to the ignition interlock restriction is guilty of a misdemeanor.

(b) A person who tampers with, circumvents, or bypasses the ignition interlock device, or assists another to tamper with, circumvent, or bypass the device, is guilty of a misdemeanor except when the action was taken for emergency purposes or for mechanical repair, and the person limited to the use of an ignition interlock device does not operate the motor vehicle while the device is disengaged.

Subd. 7. Venue. In addition to the provisions of Rule 24 of the Rules of Criminal Procedure and section 627.01, a violation of subdivision 6 or section 171.09, subdivision 1, paragraph (g), may be prosecuted in:

Subdivision 1. **Actions by commissioner.** The commissioner upon receipt of any such information shall take such action as the commissioner deems necessary to insure that each such person meets the accepted visual acuity standards required of all driver's license applicants and such further action as required by law or rule. The driver's license of any person who has been classified as legally blind shall be immediately canceled.

Subd. 2. **Visual acuity examination.** Any person who is notified that the person's driver's license may be canceled because of a defect of visual acuity pursuant to the provisions of this section may demand and shall receive the standard visual acuity examination required of all driver's license applicants, or may be examined by a qualified physician of the person's choice.

Subd. 3. **Use of examination data.** The results of any visual acuity examination administered because of information received pursuant to this section may be communicated by the commissioner to the department from which the person received a benefit. The information received by the commissioner pursuant to this section must not be divulged or otherwise made known in any manner except in connection with the cancellation of drivers' licenses, and then only to the person involved whose license is canceled, and except for statistical purposes which do not reveal the identity of the individuals involved. 171.321 QUALIFICATIONS OF SCHOOL BUS AND TYPE III VEHICLE DRIVERS.

Subdivision 1. **Endorsement.** No person shall drive a school bus when transporting school children to or from school or upon a school-related trip or activity without having a valid class A, class B, or class C driver's license with a school bus endorsement except that a person possessing a valid driver's license but not a school bus endorsement may drive a type III vehicle or a school bus, subject to the requirements of section 171.02, subdivisions 2, 2a, and 2b.

Subd. 2. **Rules.** (a) The commissioner of public safety shall prescribe rules governing (1) the physical qualifications of school bus drivers and tests required to obtain a school bus endorsement, and (2) the physical qualifications of type III vehicle drivers.

(b) The rules under paragraph (a) must provide that an applicant for a school bus endorsement or renewal is exempt from the physical qualifications and medical examination required to operate a school bus upon providing evidence of being medically examined and certified within the preceding 24 months as physically qualified to operate a commercial motor vehicle, pursuant to Code of Federal Regulations, title 49, part 391, subpart E, or rules of the commissioner of transportation incorporating those federal regulations. The commissioner shall accept physical examinations for school bus drivers conducted by medical examiners authorized as provided by Code of Federal Regulations, title 49, chapter 3, part 391, subpart E.

(c) The commissioner of public safety, in conjunction with the commissioner of education, shall adopt rules prescribing a training program for Head Start bus drivers. The program must provide for initial classroom and behind-the-wheel training, and annual in-service training. The program must provide training in defensive driving, human relations, emergency and accident procedures, vehicle maintenance, traffic laws, and use of safety equipment. The program must provide that the training will be conducted by the contract operator for a Head Start agency, the Head Start grantee, a licensed driver training school, or by another person or entity approved by both commissioners.

(d) The commissioner may exempt a type III vehicle driver from the physical qualifications required to operate a type III vehicle upon receiving evidence of the driver having been medically examined and certified within the preceding 24 months as physically qualified to operate a commercial motor vehicle as provided for applicants for a school bus endorsement under paragraph (b).

(e) The actions of the commissioner of public safety in establishing physical qualifications for type III vehicle drivers are not rulemaking for purposes of chapter 14, are not subject to the Administrative Procedure Act contained in chapter 14, and are not subject to section 14.386.

Subd. 3. Records check of applicant. (a) Before issuing or renewing a school bus endorsement, the commissioner shall conduct a criminal history and driver's license records check of the applicant. The commissioner may also conduct the check at any time while a person is so licensed. The check must consist of a criminal history check of the state criminal records repository and a check of the driver's license records system. If the applicant has resided in Minnesota for less than five years, the check must also include a national criminal history check. The commissioner shall accept the national criminal history check request and the fingerprints of the applicant and is authorized to exchange fingerprints with the Federal Bureau of Investigation and request the Federal Bureau of Investigation to conduct a criminal history check. The applicant's failure to cooperate with the commissioner in conducting the records check is reasonable cause to deny an application or cancel a school bus endorsement. The commissioner may not release the results of the records check to any person except the applicant or the applicant's designee in writing.

(b) The commissioner may issue to an otherwise qualified applicant a temporary school bus endorsement, effective for no more than 180 days, upon presentation of (1) an affidavit by the applicant that the applicant has not been convicted of a disqualifying offense and (2) a criminal history check from each state of residence for the previous five years. The criminal history check may be conducted and prepared by any public or private source acceptable to the commissioner. The commissioner may reissue the temporary endorsement if the national criminal records repository check is timely submitted but not completed within the 180-day period.

Subd. 4. Training. (a) No person shall drive a class A, B, C, or D school bus when transporting school children to or from school or upon a school-related trip or activity without having demonstrated sufficient skills and knowledge to transport students in a safe and legal manner.

- (5) handle emergency situations; and
- (6) safely load and unload students.

(c) The commissioner of public safety shall develop a comprehensive model school bus driver training program and model assessments for school bus driver training competencies, which are not subject to chapter 14. A school district, nonpublic school, or private contractor may use alternative assessments for bus driver training competencies with the approval of the commissioner of public safety. A driver may receive at least

eight hours of school bus in-service training any year, as an alternative to being assessed for bus driver competencies after the initial year of being assessed for bus driver competencies. The employer shall keep the assessment or a record of the in-service training for the current period available for inspection by representatives of the commissioner.

(d) A school district, nonpublic school, or private contractor shall provide in-service training annually to each school bus driver.

Subd. 5. Annual evaluation and license verification. (a) For purposes of this section, "annually" means at least once every 380 days from the initial or previous evaluation and at least once every 380 days from the initial or previous license verification.

(b) A school district, nonpublic school, or private contractor shall annually verify with the National Driver Register or with the Department of Public Safety the validity of the driver's license of each employee who regularly transports students for the district in:

A school bus driver whose endorsement or privilege to operate a school bus in Minnesota has been permanently canceled may not apply for reinstatement. Within ten days of receiving notice under section 631.40, subdivision 1a, or otherwise receiving notice for a nonresident driver, that a school bus driver has been convicted of a violation of section 169A.20, or a similar statute or ordinance from another state, and within ten days of revoking a school bus driver's license under section 169A.52 or 171.177, the commissioner shall cancel the school bus driver's endorsement on the offender's driver's license or the nonresident's privilege to operate a school bus in Minnesota for five years. After five years, a school bus driver may apply to the commissioner for reinstatement. Even after five years, cancellation of a school bus driver's endorsement or a nonresident's privilege to operate a school bus in Minnesota for a violation under section 169A.20, sections 169A.50 to 169A.53, section 171.177, or a similar statute or ordinance from another state, shall remain in effect until the driver provides proof of successful completion of an alcohol or controlled substance treatment program. For a first offense, proof of completion is required only if treatment was ordered as part of a chemical use assessment. Within ten days of receiving notice under section 631.40, subdivision 1a, or otherwise receiving notice for a nonresident driver, that a school bus driver has been convicted of a fourth moving violation in the last three years, the commissioner shall cancel the school bus driver's endorsement on the offender's driver's license or the nonresident's privilege to operate a school bus in Minnesota until one year has elapsed since the last conviction. A school bus driver who has no new convictions after one year may apply for reinstatement. Upon canceling the offender's school bus driver's endorsement, the commissioner shall immediately notify the licensed offender of the cancellation in writing, by depositing in the United States post office a notice addressed to the licensed offender at the licensed offender's last known address, with postage prepaid thereon.

Subd. 2a. **Cancellation for crime against minor.** Within ten days of receiving notice that a Head Start bus driver has committed a crime against a minor, the commissioner shall permanently cancel the passenger endorsement on the offender's driver's license. Upon canceling the offender's passenger endorsement, the commissioner shall immediately notify the licensed offender of the cancellation in writing, by depositing in the United States post office a notice addressed to the licensed offender at the licensed offender's last known address, with postage prepaid thereon. Subd. 3. **Background check.** Before issuing or renewing a driver's license with a school bus driver's endorsement, the commissioner shall conduct an investigation to determine if the applicant has been convicted of committing a disqualifying offense, four moving violations in the previous three years, a violation of section 169A.20 or a similar statute or ordinance from another state, a gross misdemeanor, or if the applicant's driver's license has been revoked under section 169A.52 or 171.177. The commissioner shall not issue a

new bus driver's endorsement and shall not renew an existing bus driver's endorsement if the applicant has been convicted of committing a disqualifying offense. For a first offense, proof of completion is required only if treatment was ordered as part of a chemical use assessment. A school district or contractor that employs a nonresident school bus driver must conduct a background check of the employee's driving record and criminal history in both Minnesota and the driver's state of residence. Convictions for disqualifying offenses, gross misdemeanors, a fourth moving violation within the previous three years, or violations of section 169A.20, or a similar statute or ordinance in another state, must be reported to the Department of Public Safety.

Subd. 2. **Reimbursements.** The commissioner of public safety, to the extent that funds are available, may reimburse schools and other approved organizations offering approved motorcycle safety education courses for up to 50 percent of the actual cost of the courses. No commercial driver training school shall be established or operated after January 1, 1968, unless such school has applied for and obtained a license from the commissioner. The commissioner shall issue or adopt rules governing the requirements for a license, which may include requirements concerning location, equipment, courses of instruction, previous records of the school and instructors, financial statements, filing of schedule of maximum fees and charges, character and reputation of the instructors, insurance in such sum and with such provisions as the commissioner deems necessary to protect the interests of the public, and such other matters as the commissioner may prescribe, but the applicant shall not be required to have qualified for a teacher's certificate as required in the public school system.

The commissioner may also conduct the check at any time while a person is so licensed. The check must consist of a criminal history check of the state criminal records repository, a national criminal history check, and a check of the driver's license records system. The commissioner shall accept the applicant's signed informed consent form for the national criminal history check request, fingerprints, and required fees. The commissioner shall submit the applicant's signed informed consent form, fingerprints, and fees to the superintendent of the Bureau of Criminal Apprehension, who is authorized to exchange the fingerprints with the Federal Bureau of Investigation to obtain the applicant's national criminal history record information. The superintendent shall also retrieve Minnesota criminal history data and provide the results of both checks to the commissioner. Using the criminal history data provided by the superintendent, the commissioner shall determine whether the applicant is disqualified from licensure. The applicant's failure to cooperate with the

commissioner in conducting the records check is reasonable cause to deny an application or suspend a driving instructor license.

(b) The commissioner may issue to an otherwise qualified applicant a temporary driving instructor license, effective for no more than 180 days, upon presentation of (1) an affidavit by the applicant that the applicant has not been convicted of a gross misdemeanor or felony, and (2) a criminal history check from each state of residence. DRIVER LICENSE COMPACT

171.50 DRIVER LICENSE COMPACT.

The Driver License Compact is enacted into law and entered into with all other jurisdictions legally joining in it, in the form substantially as follows:

DRIVER LICENSE COMPACT

ARTICLE I

Findings and Declaration of Policy

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances, and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II

Definitions

As used in this compact:

(a) "State" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance, or administrative rule or regulation, or a forfeiture of bail, bond, or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III

Reports of Convictions

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code, or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond, or other security; and shall include any special findings made in connection therewith.

ARTICLE IV

Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation, or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) driving a motor vehicle while under the influence of intoxicating liquor or narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) any felony in the commission of which a motor vehicle is used;

(4) failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to article III, the licensing authority in the home state shall give such effect to the conduct as provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this article, such party state shall construe the denominations and descriptions appearing in the subdivision (a) hereof as being applicable to and identifying

those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V

Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI

Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII

Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for the state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII

Entry Into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the

validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.
