

**145.4246 REPORTING REQUIREMENTS.**

Subdivision 1. **Reporting form.** Within 90 days after July 1, 2003, the commissioner of health shall prepare a reporting form for physicians containing a reprint of sections 145.4241 to 145.4249 and listing:

(1) the number of females to whom the physician provided the information described in section 145.4242, clause (1); of that number, the number provided by telephone and the number provided in person; and of each of those numbers, the number provided in the capacity of a referring physician and the number provided in the capacity of a physician who is to perform the abortion;

(2) the number of females to whom the physician or an agent of the physician provided the information described in section 145.4242, clause (2); of that number, the number provided by telephone and the number provided in person; of each of those numbers, the number provided in the capacity of a referring physician and the number provided in the capacity of a physician who is to perform the abortion; and of each of those numbers, the number provided by the physician and the number provided by an agent of the physician;

(3) the number of females who availed themselves of the opportunity to obtain a copy of the printed information described in section 145.4243 other than on the website and the number who did not; and of each of those numbers, the number who, to the best of the reporting physician's information and belief, went on to obtain the abortion; and

(4) the number of abortions performed by the physician in which information otherwise required to be provided at least 24 hours before the abortion was not so provided because an immediate abortion was necessary to avert the female's death and the number of abortions in which such information was not so provided because a delay would create serious risk of substantial and irreversible impairment of a major bodily function.

Subd. 2. **Distribution of forms.** The commissioner of health shall ensure that copies of the reporting forms described in subdivision 1 are provided:

(1) by December 1, 2003, and by December 1 of each subsequent year thereafter to all physicians licensed to practice in this state; and

(2) to each physician who subsequently becomes newly licensed to practice in this state, at the same time as official notification to that physician that the physician is so licensed.

Subd. 3. **Reporting requirement.** By April 1, 2005, and by April 1 of each subsequent year thereafter, each physician who provided, or whose agent provided, information to one or more females in accordance with section 145.4242 during the previous calendar year shall submit to the commissioner of health a copy of the form described in subdivision 1 with the requested data entered accurately and completely.

Subd. 4. **Additional reporting.** Nothing in this section shall be construed to preclude the voluntary or required submission of other reports or forms regarding abortions.

Subd. 5. **Failure to report as required.** Reports that are not submitted by the end of a grace period of 30 days following the due date shall be subject to a late fee of \$500 for each additional 30-day period or portion of a 30-day period they are overdue. Any physician required to report according to this section who has not submitted a report, or has submitted only an incomplete report, more than one year following the due date, may, in an action brought by the commissioner of health, be directed by a court of competent jurisdiction to submit a complete report within a period stated by court order or be subject to sanctions for civil contempt.

Subd. 6. **Public statistics.** By July 1, 2005, and by July 1 of each subsequent year thereafter, the commissioner of health shall issue a public report providing statistics for the previous calendar year compiled from all of the reports covering that year submitted according to this section for each of the items listed in subdivision 1. Each report shall also provide the statistics for all previous calendar years, adjusted to reflect any additional information from late or corrected reports. The commissioner of health shall take care to ensure that none of the information included in the public reports could reasonably lead to the identification of any individual providing or provided information according to section 145.4242.

Subd. 7. **Consolidation.** The commissioner of health may consolidate the forms or reports described in this section with other forms or reports to achieve administrative convenience or fiscal savings or to reduce the burden of reporting requirements.
