260E.01 POLICY.

(a) The legislature hereby declares that the public policy of this state is to protect children whose health or welfare may be jeopardized through maltreatment. While it is recognized that most parents want to keep their children safe, sometimes circumstances or conditions interfere with their ability to do so. When this occurs, the health and safety of the children must be of paramount concern. Intervention and prevention efforts must address immediate concerns for child safety and the ongoing risk of maltreatment and should engage the protective capacities of families. In furtherance of this public policy, it is the intent of the legislature under this chapter to:

- (1) protect children and promote child safety;
- (2) strengthen the family;
- (3) make the home, school, and community safe for children by promoting responsible child care in all settings; and
- (4) provide, when necessary, a safe temporary or permanent home environment for maltreated children.

(b) In addition, it is the policy of this state to:

- (1) require the reporting of maltreatment of children in the home, school, and community settings;
- (2) provide for the voluntary reporting of maltreatment of children;
- (3) require an investigation when the report alleges sexual abuse or substantial child endangerment;
- (4) provide a family assessment, if appropriate, when the report does not allege sexual abuse or substantial child endangerment; and
- (5) provide protective, family support, and family preservation services when needed in appropriate cases.

260E.02 MULTIDISCIPLINARY CHILD PROTECTION TEAM.

Subdivision 1. **Establishment of team.** A county shall establish a multidisciplinary child protection team that may include, but not be limited to, the director of the local welfare agency or designees, the county attorney or designees, the county sheriff or designees, representatives of health and education, representatives of mental health or other appropriate human services or community-based agencies, and parent groups. As used in this section, a "community-based agency" may include, but is not limited to, schools, social services agencies, family service and mental health collaboratives, children's advocacy centers, early childhood and family education programs, Head Start, or other agencies serving children and families. A member of the team must be designated as the lead person of the team responsible for the planning process to develop standards for the team's activities with battered women's and domestic abuse programs and services.

Subd. 2. **Duties of team.** A multidisciplinary child protection team may provide public and professional education, develop resources for prevention, intervention, and treatment, and provide case consultation to the local welfare agency or other interested community-based agencies. The community-based agencies may request case consultation from the multidisciplinary child protection team regarding a child or family for whom the community-based agency is providing services. As used in this section, "case consultation" means a case review process in which recommendations are made concerning services to be provided to the identified children and family. Case consultation may be performed by a committee or subcommittee of members representing human services, including mental health and chemical dependency; law enforcement, including probation and parole; the county attorney; a children's advocacy center; health care; education; community-based agencies and other necessary agencies; and persons directly involved in an individual case as designated by other members performing case consultation.

Subd. 3. **Sexually exploited youth outreach program.** A multidisciplinary child protection team may assist the local welfare agency, local law enforcement agency, or an appropriate private organization in developing a program of outreach services for sexually exploited youth, including homeless, runaway, and truant youth who are at risk of sexual exploitation. For the purposes of this subdivision, at least one representative of a youth intervention program or, where this type of program is unavailable, one representative of a nonprofit agency serving youth in crisis shall be appointed to and serve on the multidisciplinary child protection team in addition to the standing members of the team. These services may include counseling, medical care, short-term shelter, alternative living arrangements, and drop-in centers. A juvenile's receipt of intervention services under this subdivision may not be conditioned upon the juvenile providing any evidence or testimony.

Subd. 4. **Information sharing.** (a) The local welfare agency may make available to the case consultation committee or subcommittee all records collected and maintained by the agency under this chapter and in connection with case consultation. A case consultation committee or subcommittee member may share

information acquired in the member's professional capacity with the committee or subcommittee to assist in case consultation.

(b) Case consultation committee or subcommittee members must annually sign a data sharing agreement, approved by the commissioner of human services, assuring compliance with chapter 13. Not public data, as defined in section 13.02, subdivision 8a, may be shared with members appointed to the committee or subcommittee in connection with an individual case when the members have signed the data sharing agreement.

(c) All data acquired by the case consultation committee or subcommittee in exercising case consultation duties are confidential as defined in section 13.02, subdivision 3, and shall not be disclosed except to the extent necessary to perform case consultation, and shall not be subject to subpoena or discovery.

(d) No members of a case consultation committee or subcommittee meeting shall disclose what transpired at a case consultation meeting, except to the extent necessary to carry out the case consultation plan. The proceedings and records of the case consultation meeting are not subject to discovery, and may not be introduced into evidence in any civil or criminal action against a professional or local welfare agency arising out of the matter or matters which are the subject of consideration of the case consultation meeting. Information, documents, or records otherwise available from original sources are not immune from discovery or use in any civil or criminal action merely because they were presented during a case consultation meeting. Any person who presented information before the consultation committee or subcommittee or who is a member shall not be prevented from testifying as to matters within the person's knowledge. However, in a civil or criminal proceeding a person shall not be questioned about the person's presentation of information before the case consultation committee or subcommittee or about opinions formed as a result of the case consultation meetings.

(e) A person who violates this subdivision is subject to the civil remedies and penalties provided under chapter 13.

Subd. 5. **Children's advocacy center; definition.** (a) For purposes of this section, "children's advocacy center" means an organization using a multidisciplinary team approach whose primary purpose is to provide children who have been the victims of abuse and their nonoffending family members with:

- (1) support and advocacy;
- (2) specialized medical evaluation;
- (3) trauma-focused mental health services; and
- (4) forensic interviews.

(b) Children's advocacy centers provide multidisciplinary case review and the tracking and monitoring of case progress.

(b) Nothing in this chapter shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care.

(c) This chapter does not impose upon persons not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care a duty to provide that care.

(d) The local welfare agency may conduct a family assessment for reports that do not allege sexual abuse or substantial child endangerment. In determining that a family assessment is appropriate, the local welfare agency may consider issues of child safety, parental cooperation, and the need for an immediate response.

260E.20 AGENCY DUTIES REGARDING INVESTIGATION AND ASSESSMENT.

Subdivision 1. **General duties.** (a) The local welfare agency shall offer services to prevent future maltreatment, safeguarding and enhancing the welfare of the maltreated child, and supporting and preserving family life whenever possible.

(b) If the report alleges a violation of a criminal statute involving maltreatment or child endangerment under section 609.378, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of the agency's investigation or assessment.

(c) In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether or not maltreatment occurred.

(d) When necessary, the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living.

(e) In performing any of these duties, the local welfare agency shall maintain an appropriate record.

(f) In conducting a family assessment or investigation, the local welfare agency shall gather information on the existence of substance abuse and domestic violence.

(g) If the family assessment or investigation indicates there is a potential for abuse of alcohol or other drugs by the parent, guardian, or person responsible for the child's care, the local welfare agency shall conduct a chemical use assessment pursuant to Minnesota Rules, part 9530.6615.

(h) The agency may use either a family assessment or investigation to determine whether the child is safe when responding to a report resulting from birth match data under section 260E.03, subdivision 23, paragraph (c). If the child subject of birth match data is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

Subd. 2. **Face-to-face contact.** (a) Upon receipt of a screened in report, the local welfare agency shall conduct a face-to-face contact with the child reported to be maltreated and with the child's primary caregiver sufficient to complete a safety assessment and ensure the immediate safety of the child.

(b) The face-to-face contact with the child and primary caregiver shall occur immediately if sexual abuse or substantial child endangerment is alleged and within five calendar days for all other reports. If the alleged offender was not already interviewed as the primary caregiver, the local welfare agency shall also conduct a face-to-face interview with the alleged offender in the early stages of the assessment or investigation. Face-to-face contact with the child and primary caregiver in response to a report alleging sexual abuse or substantial child endangerment may be postponed for no more than five calendar days if the child is residing in a location that is confirmed to restrict contact with the alleged offender as established in guidelines issued by the commissioner, or if the local welfare agency is pursuing a court order for the child's caregiver to produce the child for questioning under section 260E.22, subdivision 5.

(c) At the initial contact with the alleged offender, the local welfare agency or the agency responsible for assessing or investigating the report must inform the alleged offender of the complaints or allegations made against the individual in a manner consistent with laws protecting the rights of the person who made

the report. The interview with the alleged offender may be postponed if it would jeopardize an active law enforcement investigation.

(d) The local welfare agency or the agency responsible for assessing or investigating the report must provide the alleged offender with an opportunity to make a statement. The alleged offender may submit supporting documentation relevant to the assessment or investigation.

Subd. 3. Collection of information. (a) The local welfare agency responsible for conducting a family assessment or investigation shall collect available and relevant information to determine child safety, risk of subsequent maltreatment, and family strengths and needs and share not public information with an Indian's tribal social services agency without violating any law of the state that may otherwise impose a duty of confidentiality on the local welfare agency in order to implement the tribal state agreement.

(b) The local welfare agency or the agency responsible for investigating the report shall collect available and relevant information to ascertain whether maltreatment occurred and whether protective services are needed.

(c) Information collected includes, when relevant, information with regard to the person reporting the alleged maltreatment, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged maltreatment.

(d) Information relevant to the assessment or investigation must be asked for, and may include:

(1) the child's sex and age; prior reports of maltreatment, including any maltreatment reports that were screened out and not accepted for assessment or investigation; information relating to developmental functioning; credibility of the child's statement; and whether the information provided under this clause is consistent with other information collected during the course of the assessment or investigation;

(2) the alleged offender's age, a record check for prior reports of maltreatment, and criminal charges and convictions;

(3) collateral source information regarding the alleged maltreatment and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or the care of the child maintained by any facility, clinic, or health care professional and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child; and

(4) information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

(e) Nothing in this subdivision precludes the local welfare agency, the local law enforcement agency, or the agency responsible for assessing or investigating the report from collecting other relevant information necessary to conduct the assessment or investigation.

(f) Notwithstanding section 13.384 or 144.291 to 144.298, the local welfare agency has access to medical data and records for purposes of paragraph (d), clause (3).

Subd. 4. **Consultation regarding alleged medical neglect.** If the report alleges medical neglect as defined in section 260C.007, subdivision 6, clause (5), the local welfare agency shall, in addition to its other duties under this section, immediately consult with designated hospital staff and with the parents of the infant to verify that appropriate nutrition, hydration, and medication are being provided; and shall immediately secure an independent medical review of the infant's medical charts and records and, if necessary, seek a court order for an independent medical examination of the infant.

Subd. 5. **Law enforcement fact finding.** If the report alleges maltreatment by a person who is not a parent, guardian, sibling, person responsible for the child's care functioning within the family unit, or a person who lives in the child's household and who has a significant relationship to the child, in a setting other than a facility as defined in section 260E.03, the local welfare agency may rely on the fact-finding efforts of the law enforcement investigation to make a determination whether or not threatened injury or other maltreatment has occurred under section 260E.03, subdivision 12, if an alleged offender has minor children or lives with minors.

260E.22 INTERVIEWS.

Subdivision 1. **Authority to interview.** (a) The agency responsible for assessing or investigating reports of maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged offender, and any other person with knowledge of the maltreatment for the purpose of gathering facts, assessing safety and risk to the child, and formulating a plan.

(b) Authority of the local welfare agency responsible for assessing or investigating the maltreatment report, the agency responsible for assessing or investigating the report, and the local law enforcement agency responsible for investigating the alleged maltreatment includes but is not limited to authority to interview, without parental consent, the alleged victim and any other children who currently reside with or who have resided with the alleged offender.

Subd. 2. **Child interview procedure.** (a) The interview may take place at school or at any facility or other place where the alleged victim or other children might be found or the child may be transported to, and the interview may be conducted at a place appropriate for the interview of a child designated by the local welfare agency or law enforcement agency.

(b) The interview may take place outside the presence of the alleged offender or parent, legal custodian, guardian, or school official.

(c) For a family assessment, it is the preferred practice to request a parent or guardian's permission to interview the child before conducting the child interview, unless doing so would compromise the safety assessment.

Subd. 3. **Notification after child interview.** (a) Except as provided in this subdivision, the parent, legal custodian, or guardian shall be notified by the responsible agency or local law enforcement agency no later than the conclusion of the investigation or assessment that the interview has occurred.

(b) Notwithstanding notice required under the Minnesota Rules of Juvenile Protection, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of the interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this subdivision, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

Subd. 4. **Tennessee notice not required.** In conducting investigations and assessments pursuant to this chapter, the notice required by section 13.04, subdivision 2, need not be provided to a child under the age of ten who is the alleged victim of maltreatment.

Subd. 5. **Court order for child interview.** (a) Where the alleged offender or a person responsible for the care of the alleged victim or other child prevents access to the victim or other child by the local welfare agency, the juvenile court may order the parent, legal custodian, or guardian to produce the alleged victim or other child for questioning by the local welfare agency or the local law enforcement agency outside the presence of the alleged offender or any person responsible for the child's care at reasonable places and times as specified by court order.

(b) Before making an order under paragraph (a), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interview and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

Subd. 6. **Interview format.** (a) When conducting an investigation, the local welfare agency shall use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses.

(b) For investigations only, the following interviewing methods and procedures must be used whenever possible when collecting information:

(1) audio recording of all interviews with witnesses and collateral sources; and

(2) in a case of alleged sexual abuse, audio-video recording of each interview with the alleged victim and a child witness.

Subd. 7. **Child interviews on school property.** (a) When the local welfare agency, local law enforcement agency, or the agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials before the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For an interview conducted by the local welfare agency, the notification shall be signed by the chair of the local welfare agency or the chair's designee. The notification shall be private data on individuals subject to the provisions of this subdivision. School officials may not

disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare agency or local law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until that time, the local welfare agency, local law enforcement agency, or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosure regarding the nature of the assessment or investigation.

(b) Except where the alleged offender is believed to be a school official or employee, the time, place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare agency or local law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable, and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare agency or local law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

260E.23 DOCUMENTING INTERVIEWS WITH CHILD MALTREATMENT VICTIMS.

Subdivision 1. **Policy.** It is the policy of this state to encourage adequate and accurate documentation of the number and content of interviews conducted with alleged child maltreatment victims during the course of a child maltreatment assessment or investigation, criminal investigation, or prosecution, and to discourage interviews that are unnecessary, duplicative, or otherwise not in the best interests of the child.

Subd. 2. **Definitions.** As used in this section:

(1) "government employee" means an employee of a state or local agency, and any person acting as an agent of a state or local agency;

(2) "interview" means a statement of an alleged maltreatment victim which is given or made to a government employee during the course of a maltreatment assessment or investigation, criminal investigation, or prosecution; and

(3) "record" means an audio or video recording of an interview, or a written record of an interview.

Subd. 3. **Record required.** Whenever an interview is conducted, the interviewer must make a record of the interview. The record must contain the following information:

(1) the date, time, place, and duration of the interview;

(2) the identity of the persons present at the interview; and

(3) if the record is in writing, a summary of the information obtained during the interview.

Subd. 4. **Records maintained.** The records shall be maintained by the interviewer in accordance with applicable provisions of section 260E.35 and chapter 13.

Subd. 5. **Guidelines on tape recording of interviews.** Every county attorney's office shall be responsible for developing written guidelines on the tape recording of interviews by government employees who conduct

child maltreatment assessments or investigations, criminal investigations, or prosecutions. The guidelines are public data as defined in section 13.02, subdivision 14.

260E.24 CONCLUSION OF FAMILY ASSESSMENT OR FAMILY INVESTIGATION BY LOCAL WELFARE AGENCY.

Subdivision 1. **Timing.** The local welfare agency shall conclude the family assessment or the investigation within 45 days of the receipt of a report. The conclusion of the assessment or investigation may be extended to permit the completion of a criminal investigation or the receipt of expert information requested within 45 days of the receipt of the report.

Subd. 2. **Determination after family assessment.** After conducting a family assessment, the local welfare agency shall determine whether child protective services are needed to address the safety of the child and other family members and the risk of subsequent maltreatment.

Subd. 3. **Determinations after family investigation.** (a) After conducting an investigation, the local welfare agency shall make two determinations: (1) whether maltreatment occurred; and (2) whether child protective services are needed.

(b) No determination of maltreatment shall be made when the alleged offender is a child under the age of ten.

(c) The local welfare agency or the agency responsible for investigating the report may make a determination of no maltreatment early in an investigation, close the case, and retain immunity, if the collected information shows no basis for a full investigation.

Subd. 4. **Child protective services.** For the purposes of this chapter, except for section 260E.37, a determination that child protective services are needed means that the local welfare agency documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 260E.37, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individual or individuals responsible for the child's care have not taken or are not likely to take action to protect the child from maltreatment or risk of maltreatment.

Subd. 5. **Notifications at conclusion of family investigation.** (a) Within ten working days of the conclusion of an investigation, the local welfare agency or agency responsible for investigating the report shall notify the parent or guardian of the child and the person determined to be maltreating the child, if not the parent or guardian of the child, of the determination and a summary of the specific reasons for the determination.

(b) The notice must include a certification that the information collection procedures under section 260E.20 were followed and a notice of the right of a data subject to obtain access to other private data on the subject collected, created, or maintained under this section.

(c) In addition, the notice shall include the length of time that the records will be kept under section 260E.35, subdivision 6. The investigating agency shall notify the parent or guardian of the child who is the subject of the report and any person determined to have maltreated the child of their appeal or review rights under this chapter.

(d) The notice must also state that a finding of maltreatment may result in denial of a license or certification application or background study disqualification under chapter 245C related to employment or

services that are licensed or certified by the Department of Human Services under chapter 245A or 245H, the Department of Health under chapter 144 or 144A, the Department of Corrections under section 241.021, and from providing services related to an unlicensed personal care provider organization under chapter 256B.

Subd. 6. Required referral to early intervention services. A child under age three who is involved in a substantiated case of maltreatment shall be referred for screening under the Individuals with Disabilities Education Act, part C. Parents must be informed that the evaluation and acceptance of services are voluntary. The commissioner of human services shall monitor referral rates by county and annually report the information to the legislature. Refusal to have a child screened is not a basis for a child in need of protection or services petition under chapter 260C.

Subd. 7. Notification at conclusion of family assessment. Within ten working days of the conclusion of a family assessment, the local welfare agency shall notify the parent or guardian of the child of the need for services to address child safety concerns or significant risk of subsequent maltreatment. The local welfare agency and the family may also jointly agree that family support and family preservation services are needed.

260E.25 PROVISION OF MEDICAL CARE.

(a) If lack of medical care due to a parent's, guardian's, or caretaker's good faith selection and dependence upon spiritual means or prayer for treatment or care of disease or remedial care for the child in lieu of medical care may result in serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

(b) If the review or examination required under section 260E.20, subdivision 4, leads to a conclusion of medical neglect, the agency shall intervene on behalf of the infant by initiating legal proceedings under section 260C.141 and by filing an expedited motion to prevent the withholding of medically indicated treatment.

History: *1Sp2020 c 2 art 7 s 25*

260E.26 PROVISION OF CHILD PROTECTIVE SERVICES.

The local welfare agency shall create a written plan, in collaboration with the family whenever possible, within 30 days of the determination that child protective services are needed or upon joint agreement of the local welfare agency and the family that family support and preservation services are needed. Child protective services for a family are voluntary unless ordered by the court.

History: *1Sp2020 c 2 art 7 s 26*

260E.27 CONSULTATION WITH THE COUNTY ATTORNEY.

The local welfare agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, if:

- (1) the family does not accept or comply with a plan for child protective services;
- (2) voluntary child protective services may not provide sufficient protection for the child; or

(3) the family is not cooperating with an investigation or assessment.

260E.28 CONDUCTING INVESTIGATION IN FACILITY OR SCHOOL.

Subdivision 1. **Immediate investigation for alleged maltreatment in a facility.** (a) The commissioner of human services, health, or education, whichever is responsible for investigating the report, shall immediately investigate if the report alleges that:

(1) a child who is in the care of a facility as defined in section 260E.03 is the victim of maltreatment in a facility by an individual in that facility or has been the victim of maltreatment in a facility by an individual in that facility within the three years preceding the report; or

(2) a child is the victim of maltreatment in a facility by an individual in a facility defined in section 260E.03, subdivision 6, while in the care of that facility within the three years preceding the report.

(b) The commissioner of the agency responsible for investigating the report shall arrange for the transmittal to the commissioner of reports received by local agencies and may delegate to a local welfare agency the duty to investigate reports. The commissioner of the agency responsible for investigating the report or local welfare agency may interview any children who are or have been in the care of a facility under investigation and the children's parents, guardians, or legal custodians.

(c) In conducting an investigation under this section, the commissioner has the powers and duties specified for a local welfare agency under this chapter.

Subd. 2. **Preinterview notification for facility investigation.** Before any interview related to maltreatment in a facility under the provisions of section 260E.22, the commissioner of the agency responsible for investigating the report or local welfare agency shall notify the parent, guardian, or legal custodian of a child who will be interviewed in the manner provided for in section 260E.22. If reasonable efforts to reach the parent, guardian, or legal custodian of a child in an out-of-home placement have failed, the child may be interviewed if there is reason to believe the interview is necessary to protect the child or other children in the facility. The commissioner of the agency responsible for assessing or investigating the report or local agency must provide the information required in this subdivision to the parent, guardian, or legal custodian of a child interviewed without parental notification as soon as possible after the interview. When the investigation is completed, any parent, guardian, or legal custodian notified under this subdivision shall receive the written memorandum provided for in section 260E.30, subdivision 5.

Subd. 3. **Facility records.** The commissioner of human services, the ombudsman for mental health and developmental disabilities, the local welfare agencies responsible for investigating reports, the commissioner of education, and the local law enforcement agencies have the right to enter a facility as defined in section 260E.03 and to inspect and copy the facility's records, including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, the commissioner of human services, the ombudsman for mental health and developmental disabilities, the local welfare agencies responsible for investigating reports, the commissioner of education, and the local law enforcement agencies also have the right to inform the facility under investigation that an investigation is being conducted, to disclose to the facility the names of the individuals under investigation for maltreating a child, and to provide the facility with a copy of the report and the investigative findings.

Subd. 4. **Access to information.** In conducting investigations under this chapter, the commissioner or local welfare agency shall obtain access to information consistent with section 260E.20, subdivision 3. In conducting investigations under this section, the commissioner of education shall obtain access to reports

and investigative data that are relevant to a report of maltreatment and are in the possession of a school facility as defined in section 260E.03, subdivision 6, clause (2), notwithstanding the classification of the data as educational or personnel data under chapter 13. This includes but is not limited to school investigative reports, information concerning the conduct of school personnel alleged to have committed maltreatment of students, information about witnesses, and any protective or corrective action taken by the school facility regarding the school personnel alleged to have committed maltreatment.

Subd. 5. Investigation involving school facility. In conducting an investigation involving a school facility as defined in section 260E.03, subdivision 6, clause (2), the commissioner of education shall collect available and relevant information and use the procedures in sections 260E.20, subdivisions 2 and 3, and 260E.22, except that the requirement for face-to-face observation of the child and face-to-face interview of the alleged offender is to occur in the initial stages of the investigation, provided that the commissioner may also base the investigation on investigative reports and data received from the school facility and local law enforcement agency, to the extent those investigations satisfy the requirements of sections 260E.20, subdivisions 2 and 3, and 260E.22.

260E.29 NOTIFICATION REQUIREMENTS FOR SCHOOLS AND FACILITIES.

Subdivision 1. Notification requirements for school facility. (a) Notwithstanding section 260E.09, the commissioner of education must inform the parent, guardian, or legal custodian of the child who is the subject of a report of alleged maltreatment in a school facility within ten days of receiving the report, either orally or in writing, whether the commissioner is investigating the report of alleged maltreatment.

(b) Regardless of whether a report is made under section 260E.09, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

Subd. 2. Notification requirements for other types of facilities. When a report is received that alleges maltreatment of a child while in the care of a licensed or unlicensed day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed or certified according to sections 144.50 to 144.58; 241.021; or 245A.01 to 245A.16; or chapter 144H, 245D, or 245H; or a school as defined in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E; or a nonlicensed personal care provider organization as defined in section 256B.0625, subdivision 19a, the commissioner of the agency responsible for investigating the report or local welfare agency investigating the report shall provide the following information to the parent, guardian, or legal custodian of a child alleged to have been the victim of maltreatment in the facility: the name of the facility; the fact that a report alleging maltreatment in the facility has been received; the nature of the alleged maltreatment in the facility; that the agency is conducting an investigation; any protective or corrective measures being taken pending the outcome of the investigation; and that a written memorandum will be provided when the investigation is completed.

Subd. 3. Discretionary notification. The commissioner of the agency responsible for investigating the report or local welfare agency may also provide the information in subdivision 2 to the parent, guardian, or legal custodian of any other child in the facility if the investigative agency knows or has reason to believe the alleged maltreatment of a child in the facility occurred. In determining whether to exercise this authority, the commissioner of the agency responsible for investigating the report or local welfare agency shall consider the seriousness of the alleged maltreatment of a child in the facility; the number of alleged victims of

maltreatment of a child in the facility; the number of alleged offenders; and the length of the investigation. The facility shall be notified whenever this discretion is exercised.

260E.30 CONCLUSION OF SCHOOL OR FACILITY INVESTIGATION.

Subdivision 1. **Investigation involving a school facility.** If the commissioner of education conducts an investigation, the commissioner shall determine whether maltreatment occurred and what corrective or protective action was taken by the school facility. If a determination is made that maltreatment occurred, the commissioner shall report to the employer, the school board, and any appropriate licensing entity the determination that maltreatment occurred and what corrective or protective action was taken by the school facility. In all other cases, the commissioner shall inform the school board or employer that a report was received; the subject of the report; the date of the initial report; the category of maltreatment alleged as defined in section 260E.03, subdivision 12; the fact that maltreatment was not determined; and a summary of the specific reasons for the determination.

Subd. 2. **Investigation involving a facility.** (a) When maltreatment is determined in an investigation involving a facility, the investigating agency shall also determine whether the facility or individual was responsible, or whether both the facility and the individual were responsible for the maltreatment using the mitigating factors in subdivision 4. Determinations under this subdivision must be made based on a preponderance of the evidence and are private data on individuals or nonpublic data as maintained by the commissioner of education.

(b) Any operator, employee, or volunteer worker at any facility who intentionally maltreats any child in the care of that facility may be charged with a violation of section 609.255, 609.377, or 609.378. Any operator of a facility who knowingly permits conditions to exist that result in maltreatment of a child in a facility while in the care of that facility may be charged with a violation of section 609.378. The facility operator shall inform all mandated reporters employed by or otherwise associated with the facility of the duties required of mandated reporters and shall inform all mandatory reporters of the prohibition against retaliation for reports made in good faith under this section.

Subd. 3. **Nonmaltreatment mistake.** (a) If paragraph (b) applies, rather than making a determination of substantiated maltreatment by the individual, the commissioner of human services shall determine that a nonmaltreatment mistake was made by the individual.

(b) A nonmaltreatment mistake occurs when:

(1) at the time of the incident, the individual was performing duties identified in the center's child care program plan required under Minnesota Rules, part 9503.0045;

(2) the individual has not been determined responsible for a similar incident that resulted in a finding of maltreatment for at least seven years;

(3) the individual has not been determined to have committed a similar nonmaltreatment mistake under this paragraph for at least four years;

(4) any injury to a child resulting from the incident, if treated, is treated only with remedies that are available over the counter, whether ordered by a medical professional or not; and

(5) except for the period when the incident occurred, the facility and the individual providing services were both in compliance with all licensing requirements relevant to the incident.

(c) This subdivision only applies to child care centers licensed under Minnesota Rules, chapter 9503.

Subd. 4. Mitigating factors in investigating facilities. (a) When determining whether the facility or individual is the responsible party or whether both the facility and the individual are responsible for determined maltreatment in a facility, the investigating agency shall consider at least the following mitigating factors:

(1) whether the actions of the facility or the individual caregivers were according to, and followed the terms of, an erroneous physician order, prescription, individual care plan, or directive; however, this is not a mitigating factor when the facility or caregiver was responsible for the issuance of the erroneous order, prescription, individual care plan, or directive or knew or should have known of the errors and took no reasonable measures to correct the defect before administering care;

(2) comparative responsibility between the facility, other caregivers, and requirements placed upon an employee, including the facility's compliance with related regulatory standards and the adequacy of facility policies and procedures, facility training, an individual's participation in the training, the caregiver's supervision, and facility staffing levels and the scope of the individual employee's authority and discretion; and

(3) whether the facility or individual followed professional standards in exercising professional judgment.

(b) The evaluation of the facility's responsibility under paragraph (a), clause (2), must not be based on the completeness of the risk assessment or risk reduction plan required under section 245A.66, but must be based on the facility's compliance with the regulatory standards for policies and procedures, training, and supervision as cited in Minnesota Statutes and Minnesota Rules.

(c) Notwithstanding paragraphs (a) and (b), when maltreatment is determined to have been committed by an individual who is also the facility license holder, both the individual and the facility must be determined responsible for the maltreatment, and both the background study disqualification standards under section 245C.15, subdivision 4, and the licensing or certification actions under sections 245A.06, 245A.07, 245H.06, or 245H.07 apply.

Subd. 5. Notification when school or facility investigation is completed. (a) When the commissioner of the agency responsible for investigating the report or local welfare agency has completed its investigation, every parent, guardian, or legal custodian previously notified of the investigation by the commissioner or local welfare agency shall be provided with the following information in a written memorandum: the name of the facility investigated; the nature of the alleged maltreatment of a child in the facility; the investigator's name; a summary of the investigation findings; a statement of whether maltreatment was found; and the protective or corrective measures that are being or will be taken.

(b) The memorandum shall be written in a manner that protects the identity of the reporter and the child and shall not contain the name or, to the extent possible, reveal the identity of the alleged offender or the identity of individuals interviewed during the investigation.

(c) If maltreatment is determined to exist, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child in the facility who had contact with the individual responsible for the maltreatment.

(d) When the facility is the responsible party for maltreatment, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child who received services in the population of the facility where the maltreatment occurred.

(e) This notification must be provided to the parent, guardian, or legal custodian of each child receiving services from the time the maltreatment occurred until either the individual responsible for maltreatment is no longer in contact with a child or children in the facility or the conclusion of the investigation.

(f) In the case of maltreatment within a school facility, as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E, the commissioner of education need not provide notification to parents, guardians, or legal custodians of each child in the facility, but shall, within ten days after the investigation is completed, provide written notification to the parent, guardian, or legal custodian of any student alleged to have been maltreated.

(g) The commissioner of education may notify the parent, guardian, or legal custodian of any student involved as a witness to alleged maltreatment.

Subd. 6. Notification to parent, child, or offender following investigation. (a) Within ten working days of the conclusion of an investigation, the local welfare agency or agency responsible for investigating the report of maltreatment in a facility shall notify the parent or guardian of the child, the person determined to be maltreating the child, and the director of the facility of the determination and a summary of the specific reasons for the determination.

(b) When the investigation involves a child foster care setting that is monitored by a private licensing agency under section 245A.16, the local welfare agency responsible for investigating the report shall notify the private licensing agency of the determination and shall provide a summary of the specific reasons for the determination. The notice to the private licensing agency must include identifying private data, but not the identity of the reporter of maltreatment.

(c) The notice must also include a certification that the information collection procedures under section 260E.20, subdivision 3, were followed and a notice of the right of a data subject to obtain access to other private data on the subject collected, created, or maintained under this section.

(d) In addition, the notice shall include the length of time that the records will be kept under section 260E.35, subdivision 6.

(e) The investigating agency shall notify the parent or guardian of the child who is the subject of the report and any person or facility determined to have maltreated a child of their appeal or review rights under this section.

(f) The notice must also state that a finding of maltreatment may result in denial of a license or certification application or background study disqualification under chapter 245C related to employment or services that are licensed by the Department of Human Services under chapter 245A or 245H, the Department of Health under chapter 144 or 144A, the Department of Corrections under section 241.021, and from providing services related to an unlicensed personal care provider organization under chapter 256B.

260E.31 REPORTING OF PRENATAL EXPOSURE TO CONTROLLED SUBSTANCES.

Subdivision 1. Reports required. (a) Except as provided in paragraph (b), a person mandated to report under this chapter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including but not limited to tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.

(b) A health care professional or a social service professional who is mandated to report under this chapter is exempt from reporting under paragraph (a) if the professional is providing or collaborating with other professionals to provide the woman with prenatal care, postpartum care, or other health care services, including care of the woman's infant. If the woman does not continue to receive regular prenatal or postpartum care, after the woman's health care professional has made attempts to contact the woman, then the professional is required to report under paragraph (a).

(c) Any person may make a voluntary report if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including but not limited to tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.

(d) An oral report shall be made immediately by telephone or otherwise. An oral report made by a person required to report shall be followed within 72 hours, exclusive of weekends and holidays, by a report in writing to the local welfare agency. Any report shall be of sufficient content to identify the pregnant woman, the nature and extent of the use, if known, and the name and address of the reporter. The local welfare agency shall accept a report made under paragraph (c) notwithstanding refusal by a voluntary reporter to provide the reporter's name or address as long as the report is otherwise sufficient.

(e) For purposes of this section, "prenatal care" means the comprehensive package of medical and psychological support provided throughout the pregnancy.

Subd. 2. **Local welfare agency.** Upon receipt of a report of prenatal exposure to a controlled substance required under subdivision 1, the local welfare agency shall immediately conduct an appropriate assessment and offer services indicated under the circumstances. Services offered may include but are not limited to a referral for chemical dependency assessment, a referral for chemical dependency treatment if recommended, and a referral for prenatal care. The local welfare agency may also take any appropriate action under chapter 253B, including seeking an emergency admission under section 253B.051. The local welfare agency shall seek an emergency admission under section 253B.051 if the pregnant woman refuses recommended voluntary services or fails recommended treatment.

Subd. 3. **Related provisions.** Reports under this section are governed by sections 260E.05, 260E.06, 260E.34, and 260E.35.

Subd. 4. **Controlled substances.** For purposes of this section and section 260E.32, "controlled substance" means a controlled substance listed in section 253B.02, subdivision 2.

History: *1Sp2020 c 2 art 7 s 31; 2021 c 30 art 10 s 56*

260E.32 TOXICOLOGY TESTS REQUIRED.

Subdivision 1. **Test; report.** (a) A physician shall administer a toxicology test to a pregnant woman under the physician's care or to a woman under the physician's care within eight hours after delivery to determine whether there is evidence that she has ingested a controlled substance if the woman has obstetrical complications that are a medical indication of possible use of a controlled substance for a nonmedical purpose.

(b) If the test results are positive, the physician shall report the results under section 260E.31. A negative test result does not eliminate the obligation to report under section 260E.31 if other evidence gives the physician reason to believe the patient has used a controlled substance for a nonmedical purpose.

Subd. 2. **Newborns.** (a) A physician shall administer to each newborn infant born under the physician's care a toxicology test to determine whether there is evidence of prenatal exposure to a controlled substance

if the physician has reason to believe, based on a medical assessment of the mother or the infant, that the mother used a controlled substance for a nonmedical purpose during pregnancy.

(b) If the test results are positive, the physician shall report the results as neglect under section 260E.03. A negative test result does not eliminate the obligation to report under this chapter if other medical evidence of prenatal exposure to a controlled substance is present.

Subd. 3. Report to Department of Health. Physicians shall report to the Department of Health the results of tests performed under subdivisions 1 and 2. A report shall be made on the certificate of live birth medical supplement or the report of fetal death medical supplement filed on or after February 1, 1991. The reports are medical data under section 13.384.

Subd. 4. Reliability of tests. A positive test result reported under this section must be obtained from a confirmatory test performed by a drug testing laboratory that meets the requirements of section 181.953 and must be performed according to the requirements for performance of confirmatory tests imposed by the licensing, accreditation, or certification program listed in section 181.953, subdivision 1, in which the laboratory participates.

260E.33 RECONSIDERATION AND APPEAL OF MALTREATMENT DETERMINATION FOLLOWING INVESTIGATION.

Subdivision 1. **Following family assessment.** Administrative reconsideration is not applicable to a family assessment since no determination concerning maltreatment is made.

Subd. 2. Request for reconsideration. (a) Except as provided under subdivision 5, an individual or facility that the commissioner of human services, a local welfare agency, or the commissioner of education determines has maltreated a child, an interested person acting on behalf of the child, regardless of the determination, who contests the investigating agency's final determination regarding maltreatment may request the investigating agency to reconsider its final determination regarding maltreatment. The request for reconsideration must be submitted in writing to the investigating agency within 15 calendar days after receipt of notice of the final determination regarding maltreatment or, if the request is made by an interested person who is not entitled to notice, within 15 days after receipt of the notice by the parent or guardian of the child. If mailed, the request for reconsideration must be postmarked and sent to the investigating agency within 15 calendar days of the individual's or facility's receipt of the final determination. If the request for reconsideration is made by personal service, it must be received by the investigating agency within 15 calendar days after the individual's or facility's receipt of the final determination.

(b) An individual who was determined to have maltreated a child under this chapter and who was disqualified on the basis of serious or recurring maltreatment under sections 245C.14 and 245C.15 may request reconsideration of the maltreatment determination and the disqualification. The request for reconsideration of the maltreatment determination and the disqualification must be submitted within 30 calendar days of the individual's receipt of the notice of disqualification under sections 245C.16 and 245C.17. If mailed, the request for reconsideration of the maltreatment determination and the disqualification must be postmarked and sent to the investigating agency within 30 calendar days of the individual's receipt of the maltreatment determination and notice of disqualification. If the request for reconsideration is made by personal service, it must be received by the investigating agency within 30 calendar days after the individual's receipt of the notice of disqualification.

Subd. 3. Request for fair hearing. (a) Except as provided under subdivisions 5 and 6, if the investigating agency denies the request or fails to act upon the request within 15 working days after receiving the request for reconsideration, the person or facility entitled to a fair hearing under section 256.045 may submit to the commissioner of human services or the commissioner of education a written request for a hearing under section 256.045. Section 256.045 also governs hearings requested to contest a final determination of the commissioner of education. The investigating agency shall notify persons who request reconsideration of their rights under this paragraph. The hearings specified under this section are the only administrative appeal of a decision issued under subdivision 2. Determinations under this section are not subject to accuracy and completeness challenges under section 13.04.

(b) Except as provided under subdivision 6, if an individual or facility contests the investigating agency's final determination regarding maltreatment by requesting a fair hearing under section 256.045, the commissioner of human services shall ensure that the hearing is conducted and a decision is reached within 90 days of receipt of the request for a hearing. The time for action on the decision may be extended for as many days as the hearing is postponed or the record is held open for the benefit of either party.

Subd. 4. Change of maltreatment determination. If, as a result of a reconsideration or fair hearing, the investigating agency changes the determination of maltreatment, that agency shall notify every parent, guardian, or legal custodian previously notified of the investigation, the commissioner of the agency responsible for assessing or investigating the report, the local welfare agency, and, if applicable, the director of the facility and the private licensing agency.

Subd. 5. Consolidation. If an individual was disqualified under sections 245C.14 and 245C.15 on the basis of a determination of maltreatment which was serious or recurring, and the individual requested reconsideration of the maltreatment determination under subdivision 2 and requested reconsideration of the disqualification under sections 245C.21 to 245C.27, reconsideration of the maltreatment determination and reconsideration of the disqualification shall be consolidated into a single fair hearing. If reconsideration of the maltreatment determination is denied and the individual remains disqualified following a reconsideration decision, the individual may request a fair hearing under section 256.045. If an individual requests a fair hearing on the maltreatment determination and the disqualification, the scope of the fair hearing shall include both the maltreatment determination and the disqualification.

Subd. 6. Contested case hearing. If a maltreatment determination or a disqualification based on serious or recurring maltreatment is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07, the license holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. As provided for under section 245A.08, subdivision 2a, the scope of the contested case hearing shall include the maltreatment determination, disqualification, and licensing sanction or denial of a license. In such cases, a fair hearing regarding the maltreatment determination and disqualification shall not be conducted under section 256.045. Except for family child care and child foster care, reconsideration of a maltreatment determination as provided under this subdivision and reconsideration of a disqualification as provided under section 245C.22 shall also not be conducted when:

(1) a denial of a license under section 245A.05 or a licensing sanction under section 245A.07 is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;

(2) the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and

(3) the license holder appeals the maltreatment determination or disqualification and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under subdivision 2 and section 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under subdivision 2 and sections 245C.27 and 626.557, subdivision 9d.

If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under chapter 245C, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.

Subd. 6a. Notification of contested case hearing. When an appeal of a lead investigative agency determination results in a contested case hearing under chapter 245A or 245C, the administrative law judge shall notify the parent, legal custodian, or guardian of the child who is the subject of the maltreatment determination. The notice must be sent by certified mail and inform the parent, legal custodian, or guardian of the child of the right to file a signed written statement in the proceedings and the right to attend and participate in the hearing. The parent, legal custodian, or guardian of the child may file a written statement with the administrative law judge hearing the case no later than five business days before commencement of the hearing. The administrative law judge shall include the written statement in the hearing record and consider the statement in deciding the appeal. The lead investigative agency shall provide to the administrative law judge the address of the parent, legal custodian, or guardian of the child. If the lead investigative agency is not reasonably able to determine the address of the parent, legal custodian, or guardian of the child, the administrative law judge is not required to send a hearing notice under this subdivision.

Subd. 7. Process for correction order or decertification. If a maltreatment determination is the basis for a correction order under section 245H.06 or decertification under section 245H.07, the certification holder has the right to request reconsideration under sections 245H.06 and 245H.07. If the certification holder appeals the maltreatment determination or disqualification, but does not appeal the correction order or decertification, reconsideration of the maltreatment determination shall be conducted under subdivision 2 and reconsideration of the disqualification shall be conducted under section 245C.22.
