(b) The individual retirement account plan is the default coverage if:

(2) the eligible employee:

(i) was employed before July 1, 2011; or

(c) The Teachers Retirement Association is the default coverage if the eligible employee (1) does not have continuing coverage under subdivision 3, paragraph (c) or (d), (2) is employed on or after July 1, 2011, and (3) has allowable service credit or an account in any retirement plan listed in section 356.30, subdivision 3.

(d) At the time of hire, the employee must certify to the employer the existence of any allowable service credit or an account within any plan listed in section 356.30, subdivision 3. If an employee fails to provide certification, the Minnesota State Colleges and Universities system and its board shall be held harmless and, notwithstanding any law to the contrary, any resulting cost or financial liability becomes the employee's responsibility.

Subd. 3. **Coverage continuation; certain technical college employees.** (a) If an employee was employed in a technical college faculty position with Teachers Retirement Association coverage on or before June 30, 1997, that coverage continues for all covered employment unless the employee elects coverage under paragraph (e).

(b) If an employee was employed in a technical college faculty position on or before June 30, 1995, and covered by a former first class city teacher retirement fund association, the Teachers Retirement Association shall provide coverage for all covered employment unless the employee elects coverage under paragraph (e).

If an election is not made within one year of commencing covered employment and the employee separated from such covered employment prior to completion of the year, an election may be made within 90 days of returning to covered employment.

(c) Except as provided in subdivision 6, purchasing service credit in the Teachers Retirement Association for any period of Minnesota State Colleges and Universities system employment occurring before the election under this section is prohibited.

Retirement Association may charge a faculty member transferring coverage a reasonable fee to cover the costs associated with computing the actuarial cost of purchasing service credit and making the transfer.

(c) A faculty member purchasing service credit in the Teachers Retirement Association may use:

Subd. 7. Coverage; acting, interim, or temporary appointments. An employee on a leave of absence from a classified position who is appointed to an acting, interim, or temporary unclassified position retains the retirement coverage that the employee had in the prior classified position for up to one year of covered employment. Subd. 5. **Omitted member deductions.** (a) If the employing unit that employs a plan participant fails to deduct the member contribution from the participant's salary and a period of less than 60 days from the date on which the deduction should have been made has elapsed, the employing unit must obtain the omitted member deduction by an additional payroll deduction during the pay period next following the discovery of the omission.

(b) If the employing unit of a plan participant fails to deduct the member contribution from the participant's salary and that omission continues for at least 60 days from the date on which the deduction should have been made, the employing unit must pay the amount representing the omitted member contribution, and the full required employer contribution, plus interest at the applicable annual rate or rates specified in section 356.59, subdivision 4, compounded annually. The contributions and any interest must be made within one year of the date on which the omission was discovered.

Subd. 5a. **Excess contributions.** When contributions to the plan exceed limits imposed by federal law or regulation, the excess employee contributions must be returned to the employee and the excess employer contributions must be reallocated in accordance with section 415 of the federal Internal Revenue Code, as amended, and the applicable federal regulations and revenue rulings.

Subd. 6. **Transfer of certain TRA member contribution amounts to IRAP.** (a) Notwithstanding any provisions of chapter 354 to the contrary, a former member of the Teachers Retirement Association who

354B.25 INDIVIDUAL RETIREMENT ACCOUNT PLAN ADMINISTRATION.

Subdivision 1. **General governance.** The individual retirement account plan is the administrative responsibility of the Board of Trustees of the Minnesota State Colleges and Universities. The Board of Trustees of the Minnesota State Colleges and Universities may administer the plan directly or may contract out for administrative services with a qualified third-party plan administrative entity and may contract out for investment review and selection service.

Subd. 1a. [Repealed, 2007 c 133 art 2 s 13]

Subd. 2. **Investment options.** (a) The plan administrator shall arrange for the purchase of investment products.

(b) The investment products must be purchased with contributions under section 354B.23 or with money or assets otherwise provided by law by authority of the board.

(c) Various investment accounts offered through the Minnesota supplemental investment fund established under section 11A.17 and administered by the State Board of Investment may be included as investment products for the individual retirement account plan. Direct access must also be provided to lower expense and no-load mutual funds, as those terms are defined by the federal Securities and Exchange Commission, including stock funds, bond funds, and balanced funds. Other investment products or combination of investment products which may be included are:

(1) savings accounts at federally insured financial institutions;

(2) life insurance contracts, fixed and variable annuity contracts from companies that are subject to regulation by the commerce commissioner;

(3) investment options from open-ended investment companies registered under the federal Investment Company Act of 1940, United States Code, title 15, sections 80a-1 to 80a-64;

(4) investment options from a firm that is a registered investment advisor under the federal Investment Advisers Act of 1940, United States Code, title 15, sections 80b-1 to 80b-21; and

(5) investment options of a bank as defined in United States Code, title 15, section 80b-2, subsection (a), paragraph 2, or a bank holding company as defined in the Bank Holding Company Act of 1956, United States Code, title 12, section 1841, subsection (a), paragraph (1).

Subd. 3. **Selection of financial institutions.** (a) The investment options provided under subdivision 2 must be selected by the board. The board may contract with the State Board of Investment or with a third party to provide the investment review and selection services. The board must not contract with a third party to provide the investment option review and selection services if the third party markets, offers, or has other material interest in investment products. The board must require any third party contracted to provide investment review and selection services to disclose to the board any contracts for services and any financial relationships it has with vendors under consideration to provide investment products under the plan.

In making its selection, at a minimum, the board shall consider the following:

(1) the experience and ability of the financial institution to provide benefits and products that are suited to meet the needs of plan participants;

(2) the relationship of those benefits and products provided by the financial institution to their cost;

(3) the financial strength and stability of the financial institution; and

(4) the fees and expenses associated with the investment products in comparison to other products of similar risk and rates of return.

(b) After selecting a financial institution, the board must periodically review each financial institution and the offered products. The periodic review must occur at least every three years. In making its review, the board may retain appropriate consulting services to assist it in its periodic review, establish a budget for the cost of the periodic review process, and charge a proportional share of these costs to the reviewed financial institution.

(c) Contracts with financial institutions under this section must be executed by the board.

Subd. 4. Benefit ownership. The retirement benefits provided by the annuity contracts and custodial accounts of the individual retirement account plan are held for the benefit of plan participants and must be paid according to this chapter and the plan document.

Subd. 5. Individual retirement account plan administrative expenses. (a) The reasonable and necessary administrative expenses of the individual retirement account plan may be charged to plan participants by the plan sponsor in the form of an annual fee, an asset-based fee, a percentage of the contributions to the plan, or a combination thereof. This amount shall be offset by interest earned on both the plan reserves and unclaimed funds account.

(b) Any administrative expense charge that is not actually needed for the administrative expenses of the individual retirement account plan must be refunded to member accounts.

(c) The Board of Trustees shall report annually, before October 1, to the advisory committee created in subdivision 1a on administrative expenses of the plan. The report must include a detailed accounting of charges for administrative expenses collected from plan participants and expenditure of the administrative expense charges. The administrative expense charges collected from plan participants must be kept in a separate account from any other funds under control of the Board of Trustees and may be used only for the necessary and reasonable administrative expenses of the plan.

Subd. 6. Disposition of abandoned public pension amounts. (a) Any unclaimed plan account amounts are presumed to be abandoned, but are not subject to the provisions of sections 345.31 to 345.60. If the account remains unclaimed after five years following the date that the plan administrator first attempts to locate the former member, surviving spouse, or other beneficiary, the unclaimed plan account amount cancels and must be credited to the reserve account specified in paragraph (b).

(b) The board must establish a separate account to receive unclaimed plan account amounts. A portion of this reserve account and any investment earnings attributable to this reserve account are to be used to offset the reasonable and necessary expenses of the individual retirement account plan, including costs incurred in efforts to locate lost participants, surviving spouses, or other beneficiaries.

(c) If the unclaimed plan account amount exceeded \$25 and the inactive member, surviving spouse, or beneficiary, whichever is applicable, establishes a valid claim to the forfeited account, the forfeited account is to be reestablished in an amount equal to the amount originally forfeited. The board must ensure that the reserve account has sufficient assets to cover any transfers needed to reestablish accounts.

Subdivision 1. **Participation requirements.** A faculty member who has three years or more of service in the Minnesota State Colleges and Universities system, by agreement with the board or with the authorized representative of the board, may be assigned to teaching service in a part-time teaching position under subdivision 2.

Subd. 2. **Part-time teaching position; defined.** For purposes of this section, "part-time teaching position" means a teaching position within the Minnesota State Colleges and Universities system in which the teacher is employed for at least 50 full days or a fractional equivalent as prescribed in section 354.091, and for which the faculty member is compensated in an amount not exceeding 80 percent of the compensation established by the board for a full-time faculty member with identical education and experience with the employing unit.

Subd. 3. **Retirement contributions.** A faculty member assigned to a part-time position under this section shall continue to make employee contributions to the individual retirement account plan during the period of part-time employment on the same basis and in the same amounts as would have been paid if the person had been employed on a full-time basis provided that, prior to June 30 each year, the member and the board make that portion of the required employer contribution to the plan, in any proportion which they may agree upon, that is based on the difference between the amount of compensation that would have been paid if the person had been employed on a full-time basis and the amount of compensation actually received by the person for the services rendered in the part-time assignment. The employing unit shall make that portion of the required employer contributions to the plan on behalf of the person that is based on the amount of compensation actually received by the person for the services rendered in the part-time assignment. The employee and employer contributions shall be based upon the rates of contribution prescribed by section 354B.23. Employee contributions for part-time teaching service pursuant to this section shall not continue for more than ten years.

Subd. 4. **Other membership precluded.** A faculty member entitled to make employee contributions for part-time teaching service pursuant to this section shall not be entitled during the same period of time to be a member of, accrue allowable service credit in, or make employee contributions to any other Minnesota

public employee pension plan, except a volunteer firefighters relief association governed by sections 424A.091 to 424A.096.

Subd. 5. **Insurance.** If the board enters into an agreement authorized by this section, the board shall continue any insurance programs furnished or authorized a full-time teacher on an identical basis and with identical sharing of costs for a part-time teacher pursuant to this section. However, the requirements of this subdivision may be modified by a collective bargaining agreement between a board and an exclusive representative pursuant to chapter 179A. Teachers as defined in section 136F.43 employed on a less than 75 percent time basis pursuant to this section are eligible for state paid insurance benefits as if the teachers were employed full time.

Subd. 6. **Eligibility for credit.** Only teachers who are public employees as defined in section 179A.03, subdivision 14, during the school year preceding the period of part-time employment pursuant to this section qualify for employee contributions to the retirement plan for part-time teaching service under subdivision 4. Notwithstanding section 179A.03, subdivision 14, clauses (e) and (f), teachers who are employed on a part-time basis for purposes of this section and who would therefore be disqualified from the bargaining unit by one or both of those provisions, continue to be in the bargaining unit during the period of part-time employment under this section for purposes of compensation, fringe benefits, and the grievance procedure.

Subd. 7. **Board power not restricted.** This section does not limit the authority of the board to assign a teacher to a part-time teaching position which does not qualify for full accrual of service credit from and employee contributions to the retirement fund under this section.

Subd. 8. **Substitute teaching.** Subdivision 4 does not prohibit a teacher who qualifies for full accrual of service credit from and employee contributions to the retirement fund pursuant to this section in any year from being employed as a substitute teacher by any school district during that year. Notwithstanding sections 354.091 and 354.42, a teacher may not qualify for full accrual of service credit from and employee contributions to the retirement fund for other teaching service rendered for any part of any year for which the teacher qualifies for employee contributions to the retirement plan pursuant to this section.
