353F.01 PURPOSE AND INTENT.

The purpose of this chapter is to ensure, to the extent possible, that persons employed at public medical facilities who are privatized and consequently are excluded from retirement coverage by the Public Employees Retirement Association will be entitled to receive future retirement benefits under the general employees retirement plan of the Public Employees Retirement Association commensurate with the prior contributions made by them or made on their behalf upon the privatization of the medical facility.

Subdivision 1. **Generally.** As used in this chapter, unless the context clearly indicates otherwise, each of the terms in the following subdivisions has the meaning indicated.

Subd. 2. **Allowable service.** "Allowable service" has the meaning provided in section 353.01, subdivision 16, of the edition of Minnesota Statutes published in the year before the year in which the privatization occurred.

Subd. 3. **Effective date of privatization.** "Effective date of privatization" means the date that the operation of a medical facility is assumed by another employer or the date that a medical facility is purchased by another employer and active membership in the Public Employees Retirement Association consequently terminates.

Subd. 3a. **Executive director.** "Executive director" means the executive director of the Public Employees Retirement Association.

Subd. 4. [Repealed, 2013 c 111 art 3 s 31]

Subd. 4b. **Privatization.** "Privatization" means a medical facility that privatizes when the facility ceases to be a governmental subdivision for any reason other than that the medical facility closes or permanently ceases to operate.

Subd. 5. [Repealed, 2013 c 111 art 3 s 31]

Subd. 5a. **Privatized former public employer.** "Privatized former public employer" means a medical facility that was included in the definition of governmental subdivision under section 353.01, subdivision 6, on the day before the effective date of privatization that is privatized and whose employees are certified for participation under this chapter.

Subd. 6. **Privatized former public employee.** (a) "Privatized former public employee" means a person who:

(1) was employed by the privatized former public employer on the day before the effective date of privatization; or

(2) terminated employment with the privatized former public employer on the day before the effective date; and

(3) was a participant in the general employees retirement plan of the Public Employees Retirement Association at the time of termination of employment with the privatized former public employer.

(b) Privatized former public employee does not mean a person who, on the day before the effective date of privatization, was simultaneously employed with the privatized former public employer and by a governmental subdivision under section 353.01, subdivision 6, and who, after the effective date of privatization, continues to accrue service credit under section 353.01, subdivision 16, through simultaneous employment with a governmental subdivision.

Subd. 7. **Years of allowable service.** "Years of allowable service" means the total number of years of allowable service under section 353.01, subdivision 18, of the edition of Minnesota Statutes published in the year before the year in which the privatization occurred.

History: 1999 c 222 art 1 s 2; 2000 c 461 art 8 s 1; 2002 c 392 art 5 s 1; 1Sp2003 c 12 art 5 s 1; 2004 c 267 art 12 s 1; 1Sp2005 c 8 art 6 s 1; 2006 c 271 art 5 s 2,4,5; 2007 c 134 art 5 s 1; 2008 c 349 art 5 s 26; art 7 s 1,2; 2009 c 169 art 4 s 20; 2010 c 359 art 5 s 17; 2012 c 286 art 7 s 1; 2013 c 111 art 3 s 13-16; 2015 c 68 art 12 s 28,29; 2018 c 211 art 10 s 14; 2020 c 108 art 3 s 1-3

353F.025 CERTIFICATION AND DECERTIFICATION OF MEDICAL FACILITIES AND OTHER PUBLIC EMPLOYING UNITS.

Subdivision 1. **Eligibility determination.** (a) The chief clerical officer of a governmental subdivision may submit a resolution from the governing body to the executive director of the Public Employees Retirement Association which supports providing coverage under this chapter for employees of that governmental subdivision who are privatized, and which states that the governing body will pay for actuarial calculations, as further specified in paragraph (c).

(b) The governing body must also provide a copy of any applicable purchase or lease agreement and any other information requested by the executive director to allow the executive director to verify that under the proposed employer change, the new employer does not qualify as a governmental subdivision under section 353.01, subdivision 6, making the employees ineligible for continued coverage as active members of the general employees retirement plan of the Public Employees Retirement Association.

(c) Following receipt of a resolution and a determination by the executive director that the new employer is not a governmental subdivision, the executive director shall direct the consulting actuary retained under section 356.214 to determine whether the general employees retirement plan of the Public Employees Retirement Association, if coverage under this chapter is provided, is expected to receive a net gain or a net loss if privatization occurs. A net gain is expected if the actuarial liability of the special benefit coverage

provided under this chapter, if extended to the applicable employees under the privatization, is less than the actuarial gain otherwise to accrue to the plan. A net loss is expected if the actuarial accrued liability of the special benefit coverage provided under this chapter, if extended to the applicable employees under the privatization, is more than the actuarial gain otherwise to accrue to the plan. The date of the actuarial calculations used to make this determination must be within one year of the effective date of privatization.

Subd. 2. Reporting privatizations. (a) If the actuarial calculations under subdivision 1, paragraph (c), indicate privatization can be approved because a net gain to the general employees retirement plan of the Public Employees Retirement Association is expected, or if paragraph (b) applies, the executive director shall, following acceptance of the actuarial calculations by the board of trustees, forward notice and supporting documentation, including a copy of the actuary's report and findings, to the chair and the executive director of the Legislative Commission on Pensions and Retirement and the chairs and the ranking minority members of the committees with jurisdiction over governmental operations in the house of representatives and senate.

(b) If the calculations under subdivision 1, paragraph (c), indicate a net loss, the executive director shall recommend to the board of trustees that the privatization be approved if the chief clerical officer of the applicable governmental subdivision submits a resolution from the governing body specifying that a lump sum payment will be made to the Public Employees Retirement Association equal to the net loss, plus interest. The interest must be computed using the applicable ultimate investment return assumption under section 356.215, subdivision 8, expressed as a monthly rate, from the date of the actuarial valuation from which the actuarial accrued liability data was used to determine the net loss in the actuarial study under subdivision 1, to the date of payment, with annual compounding. Payment must be made on or after the effective date of privatization.

(c) The Public Employees Retirement Association must maintain a list that includes the names of all privatized former public employers in the association's comprehensive annual financial report and on the association's website.

Subd. 3. [Repealed, 2013 c 111 art 3 s 31]

History: 2008 c 349 art 5 s 27; 2010 c 359 art 5 s 18,19; 2013 c 111 art 3 s 17,18; 2018 c 211 art 10 s 15; 1Sp2019 c 8 art 8 s 23

353F.03 VESTING RULE FOR CERTAIN EMPLOYEES.

Notwithstanding any provision of chapter 353 to the contrary, a privatized former public employee is eligible to receive a retirement annuity under section 353.29 of the edition of Minnesota Statutes published in the year before the year in which the privatization occurred, without regard to the requirement specified in section 353.01, subdivision 47.

History: 1999 c 222 art 1 s 3; 2010 c 359 art 1 s 47; 2013 c 111 art 3 s 19

353F.04 AUGMENTATION INTEREST RATES FOR PRIVATIZED FORMER PUBLIC EMPLOYEES.

Subdivision 1. **Enhanced augmentation rates.** (a) The deferred annuity of a privatized former public employee is subject to augmentation under section 353.34, subdivision 3, except that the rate of augmentation is as specified in this section.

(b) This paragraph applies if the effective date of privatization was on or before January 1, 2007, and also applies to Hutchinson Area Health Care with a privatization effective date of January 1, 2008. For a privatized former public employee, the augmentation rate is 5.5 percent compounded annually until January

1 following the year in which the person attains age 55. After that date, the augmentation rate is 7.5 percent compounded annually.

(c) If paragraph (b) is not applicable, and if the effective date of the privatization is after January 1, 2007, and before January 1, 2011, then the augmentation rate is four percent compounded annually until January 1, following the year in which the person attains age 55. After that date, the augmentation rate is six percent compounded annually.

(d) If the effective date of the privatization is after December 31, 2010, the augmentation rate depends on the result of computations specified in section 353F.025, subdivision 1. If those computations indicate no loss or a net gain to the fund of the general employees retirement plan of the Public Employees Retirement Association, the augmentation rate is two percent compounded annually. If the computations under that subdivision indicate a net loss to the fund if a two percent augmentation rate is used, but a net gain or no loss if a one percent rate is used, then the augmentation rate is one percent compounded annually.

(e) Notwithstanding paragraphs (b) to (d), after June 30, 2020, and before January 1, 2024, the augmentation rate for all privatized former public employees under paragraphs (b) to (d) is two percent compounded annually. After December 31, 2023, no additional augmentation is applied to the privatized former public employee's deferred annuity.

Subd. 2. **Exceptions.** The augmentation rates specified in subdivision 1 do not apply to a privatized former public employee:

(1) beginning the first of the month in which the privatized former public employee becomes covered again by a retirement plan enumerated in section 356.30, subdivision 3, if the employee accrues at least six months of credited service in any single plan enumerated in section 356.30, subdivision 3, except clause (6);

(2) beginning the first of the month in which the privatized former public employee becomes covered again by the general employees retirement plan of the Public Employees Retirement Association;

(3) beginning the first of the month after a privatized former public employee terminates service with the privatized former public employer;

(4) if the privatized former public employee begins receipt of a retirement annuity while employed by the privatized former public employer; or

(5) if the effective date of privatization occurs after June 30, 2020.

353F.05 AUTHORIZATION FOR ADDITIONAL ALLOWABLE SERVICE FOR EARLY RETIREMENT PURPOSES.

(a) For the purpose of determining eligibility for early retirement benefits provided under section 353.30, subdivision 1a, of the edition of Minnesota Statutes published in the year before the year in which the privatization occurred, and notwithstanding any provision of chapter 353, to the contrary, the years of allowable service for a privatized former public employee who transfers employment on the effective date of privatization and does not apply for a refund of contributions under section 353.34, subdivision 1, of the edition of Minnesota Statutes published in the year before the year in which the privatization occurred, or any similar provision, includes service with the privatized former public employer following the effective

date. The privatized former public employer shall provide any reports that the executive director of the Public Employees Retirement Association may reasonably request to permit calculation of benefits.

(b) To be eligible for early retirement benefits under this section, the individual must separate from service with the privatized former public employer. The privatized former public employee, or an individual authorized to act on behalf of that employee, may apply for an annuity following application procedures under section 353.29, subdivision 4.
