The report must be made to the appropriate licensing board within ten days after the discharge, suspension, or resignation has occurred. The licensing board to which the report is made must investigate the report for violation of subdivision 1 and the reporting board, administrator, or authorizer must cooperate in the investigation. Notwithstanding any provision in chapter 13 or any law to the contrary, upon written request from the licensing board having jurisdiction over the license, a board, charter school, authorizer, charter school executive director, or school superintendent shall provide the licensing board with information about the teacher or administrator from the district's files, any termination or disciplinary proceeding, any settlement or compromise, or any investigative file. Upon written request from the appropriate licensing board, a board or school superintendent may, at the discretion of the board or school superintendent, solicit the written consent of a student and the student's parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board

may provide a consent form to the district. Any data transmitted to any board under this section is private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

(b) The licensing board to which a report is made must transmit to the Attorney General's Office any record or data it receives under this subdivision for the sole purpose of having the Attorney General's Office assist that board in its investigation. When the Attorney General's Office has informed an employee of the appropriate licensing board in writing that grounds exist to suspend or revoke a teacher's license to teach, that licensing board must consider suspending or revoking or decline to suspend or revoke the teacher's or administrator's license within 45 days of receiving a stipulation executed by the teacher or administrator under investigation or a recommendation from an administrative law judge that disciplinary action be taken.

(c) The Professional Educator Licensing and Standards Board and Board of School Administrators must report to the appropriate law enforcement authorities a revocation, suspension, or agreement involving a loss of license, relating to a teacher or administrator's inappropriate sexual conduct with a minor. For purposes of this section, "law enforcement authority" means a police department, county sheriff, or Tribal police department. A report by the Professional Educator Licensing and Standards Board to appropriate law enforcement authorities does not diminish, modify, or otherwise affect the responsibilities of a school board or any person mandated to report abuse under chapter 260E.

Subd. 3. **Immunity from liability.** A school board, its members in their official capacity, and employees of the district run by the board are immune from civil or criminal liability for reporting or cooperating as required under subdivision 2, if their actions required under subdivision 2 are done in good faith and with due care.

Subdivision 1. **Requirements for American sign language/English interpreters.** (a) In addition to any other requirements that a school district establishes, any person employed to provide American sign language/English interpreting or sign transliterating services on a full-time or part-time basis for a school district after July 1, 2000, must:

(1) hold current interpreter or transliterator certificates awarded by the Registry of Interpreters for the Deaf (RID), or the general level interpreter proficiency certificate awarded by the National Association of the Deaf (NAD), or a comparable state certification from the commissioner of education, and satisfactorily complete an interpreter/transliterator training program affiliated with an accredited educational institution; or

(2) hold a certified deaf interpreter certification issued by RID.

(b) New graduates of an interpreter/transliterator program affiliated with an accredited education institution or deaf interpreters who have completed 40 hours of RID-approved continuing education units shall be granted a two-year provisional certificate by the commissioner. A person for whom a nonrenewable, two-year certificate is issued also must enroll in a state-approved training program and demonstrate progress towards the certification required under paragraph (a) sufficient for the person to be certified at the end of the two-year period.

(c) Consistent with the requirements of this paragraph, a person holding a provisional certificate may apply to the commissioner for one time-limited extension. The commissioner, in consultation with the Commission of the Deaf, DeafBlind and Hard of Hearing, must grant the person a time-limited extension of the provisional certificate based on the following documentation:

(1) letters of support from the person's mentor, a parent of a pupil the person serves, the special education director of the district in which the person is employed, and a representative from the regional service center of the deaf and hard-of-hearing;

(2) records of the person's formal education, training, experience, and progress on the person's education plan; and

(3) an explanation of why the extension is needed.

As a condition of receiving the extension, the person must comply with a plan and the accompanying time line for meeting the requirements of this subdivision. A committee composed of the deaf and hard-of-hearing state specialist, a representative of the Minnesota Association of Deaf Citizens, a representative of the Minnesota Registry of Interpreters of the Deaf, and other appropriate persons selected by the commissioner must develop the plan and time line for the person receiving the extension.

Subd. 3. Qualified interpreters. The Department of Education state specialist for deaf and hard-of-hearing shall work with existing interpreter/transliterators training programs, other training/educational institutions, and the regional service centers to ensure that ongoing staff development training for educational interpreters/transliterators is provided throughout the state.

Subd. 4. Reimbursement. (a) For purposes of revenue under section 125A.76, the Department of Education must only reimburse school districts for the services of those interpreters/transliterators who satisfy the standards of competency under this section.

(b) Notwithstanding paragraph (a), a district shall be reimbursed for the services of interpreters with a nonrenewable provisional certificate, interpreters/transliterators employed to mentor the provisional certified interpreters, and persons for whom a time-limited extension has been granted under subdivision 1, paragraph (d), or subdivision 2, paragraph (c).

122A.33 LICENSE AND DEGREE EXEMPTION FOR HEAD COACH.

Subdivision 1. **Employment.** Notwithstanding section 122A.15, subdivision 1, a school district may employ as a head varsity coach of an interscholastic sport at its secondary school a person who does not have a license as head varsity coach of interscholastic sports and who does not have a bachelor's degree if:

(1) in the judgment of the school board, the person has the knowledge and experience necessary to coach the sport;

(2) can verify completion of six quarter credits, or the equivalent, or 60 clock hours of instruction in first aid and the care and prevention of athletic injuries; and

(3) can verify completion of a coaching methods or theory course.

Subd. 2. **Annual contract.** Notwithstanding section 122A.58, a person employed as a head varsity coach has an annual contract as a coach that the school board may or may not renew as the board sees fit.

Subd. 3. **Notice of nonrenewal; opportunity to respond.** A school board that declines to renew the coaching contract of a licensed or nonlicensed head varsity coach must notify the coach within 14 days of that decision. If the coach requests reasons for not renewing the coaching contract, the board must give the coach its reasons in writing within ten days of receiving the request. The existence of parent complaints must not be the sole reason for a board not to renew a coaching contract. Upon request, the board must provide the coach with a reasonable opportunity to respond to the reasons at a board meeting. The hearing may be opened or closed at the election of the coach unless the board closes the meeting under section 13D.05, subdivision 2, to discuss private data.

EMPLOYMENT CONTRACTS; TERMS AND CONDITIONS

122A.40 EMPLOYMENT; CONTRACTS; TERMINATION.

Subdivision 1. **Teacher defined.** A principal, supervisor, and classroom teacher and any other professional employee required to hold a license from the state department shall be deemed to be a "teacher" within the meaning of this section. A superintendent is a "teacher" only for purposes of subdivisions 3 and 19.

Subd. 2. **Nonprovisional license defined.** For purposes of this section, "nonprovisional license" means an entrance, continuing, or life license.

Subd. 3. **Hiring; dismissing.** (a) School boards must hire or dismiss teachers at duly called meetings. Where a husband and wife, brother and sister, or two brothers or sisters, constitute a quorum, no contract employing a teacher shall be made or authorized except upon the unanimous vote of the full board. A teacher related by blood or marriage, within the fourth degree, computed by the civil law, to a board member shall not be employed except by a unanimous vote of the full board. The initial employment of the teacher in the district must be by written contract, signed by the teacher and by the chair and clerk. All subsequent employment of the teacher in the district must be by written contract, signed by the teacher and by the chair and clerk, except where there is a master agreement covering the employment of the teacher. Contracts for teaching or supervision of teaching can be made only with qualified teachers. A teacher shall not be required to reside within the employing district as a condition to teaching employment or continued teaching employment.

(b) A school district must annually report to the Professional Educator Licensing and Standards Board: (1) all new teacher hires and terminations, including layoffs, by race and ethnicity; and (2) the reasons for all teacher resignations and requested leaves of absence. The report must not include data that would personally identify individuals.

Subd. 4. **Employment in supervisory positions.** Notwithstanding other law, a teacher, as defined in section 179A.03, does not have a right to employment in a district as an assistant superintendent, as a principal defined in section 179A.03, as a confidential or supervisory employee defined in section 179A.03, or in a position that is a promotion from the position currently held, based on seniority, seniority date, or order of employment by the district. This provision shall not alter the reinstatement rights of an individual who is

placed on leave from an assistant superintendent, principal or assistant principal, or supervisory or confidential employee position pursuant to this chapter.

Subd. 5. Probationary period. (a) The first three consecutive years of a teacher's first teaching experience in Minnesota in a single district are deemed to be a probationary period of employment, and, the probationary period in each district in which the teacher is thereafter employed shall be one year. The school board must adopt a plan for written evaluation of teachers during the probationary period that is consistent with subdivision 8. Evaluation must occur at least three times periodically throughout each school year for a teacher performing services during that school year; the first evaluation must occur within the first 90 days of teaching service. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school must not be included in determining the number of school days on which a teacher performs services. Except as otherwise provided in paragraph (b), during the probationary period any annual contract with any teacher may or may not be renewed as the school board shall see fit. However, the board must give any such teacher whose contract it declines to renew for the following school year written notice to that effect before July 1. If the teacher requests reasons for any nonrenewal of a teaching contract, the board must give the teacher its reason in writing, including a statement that appropriate supervision was furnished describing the nature and the extent of such supervision furnished the teacher during the employment by the board, within ten days after receiving such request. The school board may, after a hearing held upon due notice, discharge a teacher during the probationary period for cause, effective immediately, under section 122A.44.

(b) A board must discharge a probationary teacher, effective immediately, upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's license has been revoked due to a conviction for child abuse or sexual abuse.

(c) A probationary teacher whose first three years of consecutive employment are interrupted for active military service and who promptly resumes teaching consistent with federal reemployment timelines for uniformed service personnel under United States Code, title 38, section 4312(e), is considered to have a consecutive teaching experience for purposes of paragraph (a).

(d) A probationary teacher whose first three years of consecutive employment are interrupted for maternity, paternity, or medical leave and who resumes teaching within 12 months of when the leave began is considered to have a consecutive teaching experience for purposes of paragraph (a) if the probationary teacher completes a combined total of three years of teaching service immediately before and after the leave.

(e) A probationary teacher must complete at least 90 days of teaching service each year during the probationary period. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school do not count as days of teaching service under this paragraph.

(f) Notwithstanding any law to the contrary, a teacher who has taught for three consecutive years in a single school district or single charter school in Minnesota or another state must serve a probationary period of no longer than one year in a Minnesota school district.

Subd. 6. Mentoring for probationary teachers. A school board and an exclusive representative of the teachers in the district must develop a probationary teacher peer review process through joint agreement that is consistent with subdivision 8. The process may include having trained observers serve as mentors or coaches or having teachers participate in professional learning communities.

Subd. 7. Termination of contract after probationary period. (a) A teacher who has completed a probationary period in any district, and who has not been discharged or advised of a refusal to renew the

teacher's contract under subdivision 5, shall elect to have a continuing contract with such district where contract terms and conditions, including salary and salary increases, are established based either on the length of the school calendar or an extended school calendar under section 120A.415. Thereafter, the teacher's contract must remain in full force and effect, except as modified by mutual consent of the board and the teacher, until terminated by a majority roll call vote of the full membership of the board prior to April 1 upon one of the grounds specified in subdivision 9 or July 1 upon one of the grounds specified in subdivision 10 or 11, or until the teacher is discharged pursuant to subdivision 13, or by the written resignation of the teacher submitted prior to April 1. If an agreement as to the terms and conditions of employment for the succeeding school year has not been adopted pursuant to the provisions of sections 179A.01 to 179A.25 prior to March 1, the teacher's right of resignation is extended to the 30th calendar day following the adoption of said contract in compliance with section 179A.20, subdivision 5. Such written resignation by the teacher is effective as of June 30 if submitted prior to that date and the teachers' right of resignation for the school year then beginning shall cease on July 15. Before a teacher's contract is terminated by the board, the board must notify the teacher in writing and state its ground for the proposed termination in reasonable detail together with a statement that the teacher may make a written request for a hearing before the board within 14 days after receipt of such notification. If the grounds are those specified in subdivision 9 or 13, the notice must also state a teacher may request arbitration under subdivision 15. Within 14 days after receipt of this notification the teacher may make a written request for a hearing before the board or an arbitrator and it shall be granted upon reasonable notice to the teacher of the date set for hearing, before final action is taken. If no hearing is requested within such period, it shall be deemed acquiescence by the teacher to the board's action. Such termination shall take effect at the close of the school year in which the contract is terminated in the manner aforesaid. Such contract may be terminated at any time by mutual consent of the board and the teacher and this section does not affect the powers of a board to suspend, discharge, or demote a teacher under and pursuant to other provisions of law.

(b) A teacher electing to have a continuing contract based on the extended school calendar under section 120A.415 must participate in staff development training under subdivision 7a and shall receive an increased base salary.

Subd. 7a. Additional staff development and salary. (a) A teacher electing to have a continuing contract based on the extended school calendar under section 120A.415 must participate in a total number of staff development days where the total number of such days equals the difference between the total number of days of student instruction and 240 days. Staff development includes peer mentoring, peer gathering, continuing education, professional development, or other training. A school board may schedule such days throughout the calendar year. Staff development programs provided during such days shall enable teachers to achieve the staff development outcomes under section 122A.60, subdivision 3.

(b) A public employer and the exclusive representative of the teachers must include terms in the collective bargaining agreement for all teachers who participate in additional staff development days under paragraph (a) that increase base salaries.

Subd. 8. Development, evaluation, and peer coaching for continuing contract teachers. (a) To improve student learning and success, a school board and an exclusive representative of the teachers in the district, consistent with paragraph (b), may develop a teacher evaluation and peer review process for probationary and continuing contract teachers through joint agreement. If a school board and the exclusive representative of the teachers do not agree to an annual teacher evaluation and peer review process, then the school board and the exclusive representative of the teachers must implement the state teacher evaluation plan under paragraph (c). The process must include having trained observers serve as peer coaches or having teachers participate in professional learning communities, consistent with paragraph (b).

(b) To develop, improve, and support qualified teachers and effective teaching practices, improve student learning and success, and provide all enrolled students in a district or school with improved and equitable access to more effective and diverse teachers, the annual evaluation process for teachers:

(1) must, for probationary teachers, provide for all evaluations required under subdivision 5;

(2) must establish a three-year professional review cycle for each teacher that includes an individual growth and development plan, a peer review process, and at least one summative evaluation performed by a qualified and trained evaluator such as a school administrator. For the years when a tenured teacher is not evaluated by a qualified and trained evaluator, the teacher must be evaluated by a peer review;

(3) must include a rubric of performance standards for teacher practice that: (i) is based on professional teaching standards established in rule; (ii) includes culturally responsive methodologies; and (iii) provides common descriptions of effectiveness using at least three levels of performance;

(4) must coordinate staff development activities under sections 122A.60 and 122A.61 with this evaluation process and teachers' evaluation outcomes;

(5) may provide time during the school day and school year for peer coaching and teacher collaboration;

(6) may include job-embedded learning opportunities such as professional learning communities;

(7) may include mentoring and induction programs for teachers, including teachers who are members of populations underrepresented among the licensed teachers in the district or school and who reflect the diversity of students under section 120B.35, subdivision 3, paragraph (b), clause (2), who are enrolled in the district or school;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.187, subdivision 3, and include teachers' own performance assessment based on student work samples and examples of teachers' work, which may include video among other activities for the summative evaluation;

(9) must use data from valid and reliable assessments aligned to state and local academic standards and must use state and local measures of student growth and literacy that may include value-added models or student learning goals to determine 35 percent of teacher evaluation results;

(10) must use longitudinal data on student engagement and connection, and other student outcome measures explicitly aligned with the elements of curriculum for which teachers are responsible, including academic literacy, oral academic language, and achievement of content areas of English learners;

(11) must require qualified and trained evaluators such as school administrators to perform summative evaluations and ensure school districts and charter schools provide for effective evaluator training specific to teacher development and evaluation;

(12) must give teachers not meeting professional teaching standards under clauses (3) to (11) support to improve through a teacher improvement process that includes established goals and timelines; and

(13) must discipline a teacher for not making adequate progress in the teacher improvement process under clause (12) that may include a last chance warning, termination, discharge, nonrenewal, transfer to a different position, a leave of absence, or other discipline a school administrator determines is appropriate.

Data on individual teachers generated under this subdivision are personnel data under section 13.43. The observation and interview notes of peer coaches may only be disclosed to other school officials with the consent of the teacher being coached.

(c) The department, in consultation with parents who may represent parent organizations and teacher and administrator representatives appointed by their respective organizations, representing the Professional Educator Licensing and Standards Board, the Minnesota Association of School Administrators, the Minnesota School Boards Association, the Minnesota Elementary and Secondary Principals Associations, Education Minnesota, and representatives of the Minnesota Assessment Group, the Minnesota Business Partnership, the Minnesota Chamber of Commerce, and Minnesota postsecondary institutions with research expertise in teacher evaluation, must create and publish a teacher evaluation process that complies with the requirements in paragraph (b) and applies to all teachers under this section and section 122A.41 for whom no agreement exists under paragraph (a) for an annual teacher evaluation and peer review process. The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 5.

(d) Consistent with the measures of teacher effectiveness under this subdivision:

(1) for students in kindergarten through grade 4, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that grade; and

(2) for students in grades 5 through 12, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that subject area and grade.

All data created and used under this paragraph retains its classification under chapter 13.

[See Note.]

Subd. 9. **Grounds for termination.** A continuing contract may be terminated, effective at the close of the school year, upon any of the following grounds:

- (1) inefficiency in teaching or in the management of a school, consistent with subdivision 8, paragraph (b);
- (2) neglect of duty, or persistent violation of school laws, rules, regulations, or directives;
- (3) conduct unbecoming a teacher which materially impairs the teacher's educational effectiveness; or
- (4) other good and sufficient grounds rendering the teacher unfit to perform the teacher's duties.

A contract must not be terminated upon one of the grounds specified in clause (1), (2), (3), or (4), unless the teacher fails to correct the deficiency after being given written notice of the specific items of complaint and reasonable time within which to remedy them.

Subd. 10. **Negotiated unrequested leave of absence.** The school board and the exclusive bargaining representative of the teachers must negotiate a plan providing for unrequested leave of absence without pay

or fringe benefits for as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts.

Subd. 11. MS 2018 [Repealed, 1Sp2017 c 5 art 2 s 58]

Subd. 12. **Suspension and leave of absence for health reasons.** Affliction with a communicable disease, mental illness, drug or alcoholic addiction, or other serious incapacity shall be grounds for temporary suspension and leave of absence while the teacher is suffering from such disability. Unless the teacher consents, such action must be taken only upon evidence that suspension is required from a physician who has examined the teacher. The physician must be competent in the field involved and must be selected by the teacher from a list of three provided by the school board, and the examination must be at the expense of the school district. A copy of the report of the physician shall be furnished the teacher upon request. If the teacher fails to submit to the examination within the prescribed time, the board may discharge the teacher, effective immediately. In the event of mental illness, if the teacher submits to such an examination and the examining physician's or psychiatrist's statement is unacceptable to the teacher or the board, a panel of three physicians or psychiatrists must be selected to examine the teacher at the board's expense. The board and the teacher shall each select a member of this panel, and these two members shall select a third member. The panel must examine the teacher and submit a statement of its findings and conclusions to the board. Upon receipt and consideration of the statement from the panel the board may suspend the teacher. The board must notify the teacher in writing of such suspension and the reasons therefor. During the leave of absence, the district must pay the teacher sick leave benefits up to the amount of unused accumulated sick leave, and after it is exhausted, the district may in its discretion pay additional benefits. The teacher must be reinstated to the teacher's position upon evidence from such a physician of sufficient recovery to be capable of resuming performance of duties in a proper manner. In the event that the teacher does not qualify for reinstatement within 12 months after the date of suspension, the continuing disability may be a ground for discharge under subdivision 13.

Subd. 13. **Immediate discharge.** (a) Except as otherwise provided in paragraph (b), a board may discharge a continuing-contract teacher, effective immediately, upon any of the following grounds:

- (1) immoral conduct, insubordination, or conviction of a felony;
- (2) conduct unbecoming a teacher which requires the immediate removal of the teacher from classroom or other duties;
- (3) failure without justifiable cause to teach without first securing the written release of the school board;
- (4) gross inefficiency which the teacher has failed to correct after reasonable written notice;
- (5) willful neglect of duty; or
- (6) continuing physical or mental disability subsequent to a 12 months leave of absence and inability to qualify for reinstatement in accordance with subdivision 12.

For purposes of this paragraph, conduct unbecoming a teacher includes an unfair discriminatory practice described in section 363A.13.

Prior to discharging a teacher under this paragraph, the board must notify the teacher in writing and state its ground for the proposed discharge in reasonable detail. Within ten days after receipt of this notification the teacher may make a written request for a hearing before the board and it shall be granted before final action is taken. The board may suspend a teacher with pay pending the conclusion of the hearing and determination of the issues raised in the hearing after charges have been filed which constitute ground for

discharge. If a teacher has been charged with a felony and the underlying conduct that is the subject of the felony charge is a ground for a proposed immediate discharge, the suspension pending the conclusion of the hearing and determination of the issues may be without pay. If a hearing under this paragraph is held, the board must reimburse the teacher for any salary or compensation withheld if the final decision of the board or the arbitrator does not result in a penalty to or suspension, termination, or discharge of the teacher.

(b) A board must discharge a continuing-contract teacher, effective immediately, upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's license has been revoked due to a conviction for child abuse, as defined in section 609.185; sex trafficking in the first degree under section 609.322, subdivision 1; sex trafficking in the second degree under section 609.322, subdivision 1a; engaging in hiring or agreeing to hire a minor to engage in prostitution under section 609.324, subdivision 1; sexual abuse under section 609.342, 609.343, 609.344, 609.345, 609.3451, subdivision 3, or 617.23, subdivision 3; solicitation of children to engage in sexual conduct or communication of sexually explicit materials to children under section 609.352; interference with privacy under section 609.746 or harassment or stalking under section 609.749 and the victim was a minor; using minors in a sexual performance under section 617.246; possessing pornographic works involving a minor under section 617.247; or any other offense not listed in this paragraph that requires the person to register as a predatory offender under section 243.166, or a crime under a similar law of another state or the United States.

(c) When a teacher is discharged under paragraph (b) or when the commissioner makes a final determination of child maltreatment involving a teacher under section 260E.35, subdivision 5, the school principal or other person having administrative control of the school must include in the teacher's employment record the information contained in the record of the disciplinary action or the final maltreatment determination, consistent with the definition of public data under section 13.41, subdivision 5, and must provide the Professional Educator Licensing and Standards Board and the licensing division at the department with the necessary and relevant information to enable the Professional Educator Licensing and Standards Board and the department's licensing division to fulfill their statutory and administrative duties related to issuing, renewing, suspending, or revoking a teacher's license. Information received by the Professional Educator Licensing and Standards Board or the licensing division at the department under this paragraph is governed by section 13.41 or other applicable law governing data of the receiving entity. In addition to the background check required under section 123B.03, a school board or other school hiring authority must contact the Professional Educator Licensing and Standards Board and the department to determine whether the teacher's license has been suspended or revoked, consistent with the discharge and final maltreatment determinations identified in this paragraph. Unless restricted by federal or state data practices law or by the terms of a collective bargaining agreement, the responsible authority for a school district must disseminate to another school district private personnel data on a current or former teacher employee or contractor of the district, including the results of background investigations, if the requesting school district seeks the information because the subject of the data has applied for employment with the requesting school district.

Subd. 14. Hearing procedures. Any hearing held pursuant to this section must be held upon appropriate and timely notice to the teacher, and any hearing held pursuant to subdivision 9 or 13 must be private or public at the discretion of the teacher. At the hearing, the board and the teacher may each be represented by counsel at each party's own expense, and such counsel may examine and cross-examine witnesses and present arguments. The board must first present evidence to sustain the grounds for termination or discharge and then receive evidence presented by the teacher. Each party may then present rebuttal evidence. Dismissal of the teacher must be based upon substantial and competent evidence in the record. All witnesses shall be sworn upon oath administered by the presiding officer of the board. The clerk of the board shall issue subpoenas for witnesses or the production of records pertinent to the grounds upon the request of either the

board or the teacher. The board must employ a court reporter to record the proceedings at the hearing, and either party may obtain a transcript of the hearing at its own expense.

Subd. 15. **Hearing and determination by arbitrator.** A teacher whose termination is proposed under subdivision 7 on grounds specified in subdivision 9, or whose discharge is proposed under subdivision 13, may elect a hearing before an arbitrator instead of the school board. The hearing is governed by this subdivision.

(a) The teacher must make a written request for a hearing before an arbitrator within 14 days after receiving notification of proposed termination on grounds specified in subdivision 9 or within ten days of receiving notification of proposed discharge under subdivision 13. If a request for a hearing does not specify that the hearing be before an arbitrator, it is considered to be a request for a hearing before the school board.

(b) If the teacher and the school board are unable to mutually agree on an arbitrator, the board must request from the bureau of mediation services a list of five persons to serve as an arbitrator. If the matter to be heard is a proposed termination on grounds specified in subdivision 9, arbitrators on the list must be available to hear the matter and make a decision within a time frame that will allow the board to comply with all statutory timelines relating to termination. If the teacher and the board are unable to mutually agree on an arbitrator from the list provided, the parties shall alternately strike names from the list until the name of one arbitrator remains. The person remaining after the striking procedure must be the arbitrator. If the parties are unable to agree on who shall strike the first name, the question must be decided by a flip of a coin. The teacher and the school board must share equally the costs and fees of the arbitrator.

(c) The arbitrator shall determine, by a preponderance of the evidence, whether the grounds for termination or discharge specified in subdivision 9 or 13 exist to support the proposed termination or discharge. A lesser penalty than termination or discharge may be imposed by the arbitrator only to the extent that either party proposes such lesser penalty in the proceeding. In making the determination, the arbitration proceeding is governed by sections 572B.15 to 572B.28 and by the collective bargaining agreement applicable to the teacher.

(d) An arbitration hearing conducted under this subdivision is a meeting for preliminary consideration of allegations or charges within the meaning of section 13D.05, subdivision 3, paragraph (a), and must be closed, unless the teacher requests it to be open.

(e) The arbitrator's award is final and binding on the parties, subject to sections 572B.18 to 572B.28.

Subd. 16. **Decision.** After the hearing, the board must issue a written decision and order. If the board orders termination of a continuing contract or discharge of a teacher, its decision must include findings of fact based upon competent evidence in the record and must be served on the teacher, accompanied by an order of termination or discharge, prior to April 1 in the case of a contract termination for grounds specified in subdivision 9, prior to July 1 for grounds specified in subdivision 10 or 11, or within ten days after conclusion of the hearing in the case of a discharge. If the decision of the board or of a reviewing court is favorable to the teacher, the proceedings must be dismissed and the decision entered in the board minutes, and all references to such proceedings must be excluded from the teacher's record file.

Subd. 17. **Judicial review.** The pendency of judicial proceedings must not be grounds for postponement of the effective date of the board's order, but if judicial review eventuates in reinstatement of the teacher, the board must pay the teacher all compensation withheld as a result of the termination or dismissal order.

Subd. 18. **Exception.** This section does not apply to any district in a city of the first class.

Subd. 19. **Records relating to individual teacher; access; expungement.** All evaluations and files generated within a school district relating to each individual teacher must be available to each individual teacher upon written request. Effective January 1, 1976, all evaluations and files, wherever generated, relating to each individual teacher must be available to each individual teacher upon written request. The teacher shall have the right to reproduce any of the contents of the files at the teacher's expense and to submit for inclusion in the file written information in response to any material contained therein.

A district may destroy the files as provided by law and must expunge from the teacher's file any material found to be false or inaccurate through the grievance procedure required pursuant to section 179A.20, subdivision 4. The grievance procedure promulgated by the director of the bureau of mediation services, pursuant to section 179A.04, subdivision 3, clause (h), applies to those principals and supervisory employees not included in an appropriate unit as defined in section 179A.03. Expungement proceedings must be commenced within the time period provided in the collective bargaining agreement for the commencement of a grievance. If no time period is provided in the bargaining agreement, the expungement proceedings must commence within 15 days after the teacher has knowledge of the inclusion in the teacher's file of the material the teacher seeks to have expunged.

122A.41 TEACHER TENURE ACT; CITIES OF THE FIRST CLASS; DEFINITIONS.

Subdivision 1. **Words, terms, and phrases.** Unless the language or context clearly indicates that a different meaning is intended, the following words, terms, and phrases, for the purposes of the following subdivisions in this section shall be defined as follows:

(a) **Teachers.** The term "teacher" includes every person regularly employed, as a principal, or to give instruction in a classroom, or to superintend or supervise classroom instruction, or as placement teacher and visiting teacher. Persons regularly employed as counselors and school librarians shall be covered by these sections as teachers if licensed as teachers or as school librarians.

(b) **School board.** The term "school board" includes a majority in membership of any and all boards or official bodies having the care, management, or control over public schools.

(c) **Demote.** The word "demote" means to reduce the compensation a person actually receives in the new position.

(d) **Nonprovisional license.** For purposes of this section, "nonprovisional license" shall mean an entrance, continuing, or life license.

Subd. 2. Probationary period; discharge or demotion. (a) The first three consecutive years of a teacher's first teaching experience in Minnesota in a single district are deemed to be a probationary period of employment, and the probationary period in each district in which the teacher is thereafter employed shall be one year. The school site management team or the school board if there is no school site management team, shall adopt a plan for a written evaluation of teachers during the probationary period according to subdivisions 3 and 5. Evaluation by the peer review committee charged with evaluating probationary teachers under subdivision 3 shall occur at least three times periodically throughout each school year for a teacher performing services during that school year; the first evaluation must occur within the first 90 days of teaching service. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school shall not be included in determining the number of school days on which a teacher performs services. The school board may, during such probationary period, discharge or demote a teacher for any of the causes as specified in this code. A written statement of the cause of such discharge or demotion shall be given to the teacher by the school board at least 30 days before such removal or demotion shall become effective, and the teacher so notified shall have no right of appeal therefrom.

(b) A probationary teacher whose first three years of consecutive employment are interrupted for active military service and who promptly resumes teaching consistent with federal reemployment timelines for uniformed service personnel under United States Code, title 38, section 4312(e), is considered to have a consecutive teaching experience for purposes of paragraph (a).

(c) A probationary teacher whose first three years of consecutive employment are interrupted for maternity, paternity, or medical leave and who resumes teaching within 12 months of when the leave began is considered to have a consecutive teaching experience for purposes of paragraph (a) if the probationary teacher completes a combined total of three years of teaching service immediately before and after the leave.

(d) A probationary teacher must complete at least 90 days of teaching service each year during the probationary period. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school do not count as days of teaching service under this paragraph.

(e) Notwithstanding any law to the contrary, a teacher who has taught for three consecutive years in a single school district or single charter school in Minnesota or another state must serve a probationary period of no longer than one year in a Minnesota school district.

Subd. 3. Mentoring for probationary teachers. A board and an exclusive representative of the teachers in the district must develop a probationary teacher peer review process through joint agreement that is consistent with subdivision 5. The process may include having trained observers serve as mentors or coaches or having teachers participate in professional learning communities.

Subd. 4. Period of service after probationary period; discharge or demotion. (a) After the completion of such probationary period, without discharge, such teachers as are thereupon reemployed shall continue in service and hold their respective position during good behavior and efficient and competent service and must not be discharged or demoted except for cause after a hearing. The terms and conditions of a teacher's employment contract, including salary and salary increases, must be based either on the length of the school year or an extended school calendar under section 120A.415.

(b) A probationary teacher is deemed to have been reemployed for the ensuing school year, unless the school board in charge of such school gave such teacher notice in writing before July 1 of the termination of such employment.

(c) A teacher electing to have an employment contract based on the extended school calendar under section 120A.415 must participate in staff development training under subdivision 4a and shall receive an increased base salary.

Subd. 4a. Additional staff development and salary. (a) A teacher electing to have a continuing contract based on the extended school calendar under section 120A.415 must participate in a total number of staff development days where the total number of such days equals the difference between the total number of days of student instruction and 240 days. Staff development includes peer mentoring, peer gathering, continuing education, professional development, or other training. A school board may schedule such days throughout the calendar year. Staff development programs provided during such days shall enable teachers to achieve the staff development outcomes under section 122A.60, subdivision 3.

(b) A public employer and the exclusive representative of the teachers must include terms in the collective bargaining agreement for all teachers who participate in additional staff development days under paragraph (a) that increase base salaries.

Subd. 5. Development, evaluation, and peer coaching for continuing contract teachers. (a) To improve student learning and success, a school board and an exclusive representative of the teachers in the district, consistent with paragraph (b), may develop an annual teacher evaluation and peer review process for probationary and nonprobationary teachers through joint agreement. If a school board and the exclusive representative of the teachers in the district do not agree to an annual teacher evaluation and peer review process, then the school board and the exclusive representative of the teachers must implement the state teacher evaluation plan developed under paragraph (c). The process must include having trained observers serve as peer coaches or having teachers participate in professional learning communities, consistent with paragraph (b).

(b) To develop, improve, and support qualified teachers and effective teaching practices and improve student learning and success, and provide all enrolled students in a district or school with improved and equitable access to more effective and diverse teachers, the annual evaluation process for teachers:

(1) must, for probationary teachers, provide for all evaluations required under subdivision 2;

(2) must establish a three-year professional review cycle for each teacher that includes an individual growth and development plan, a peer review process, and at least one summative evaluation performed by a qualified and trained evaluator such as a school administrator;

(3) must include a rubric of performance standards for teacher practice that: (i) is based on professional teaching standards established in rule; (ii) includes culturally responsive methodologies; and (iii) provides common descriptions of effectiveness using at least three levels of performance;

(4) must coordinate staff development activities under sections 122A.60 and 122A.61 with this evaluation process and teachers' evaluation outcomes;

(5) may provide time during the school day and school year for peer coaching and teacher collaboration;

(6) may include job-embedded learning opportunities such as professional learning communities;

(7) may include mentoring and induction programs for teachers, including teachers who are members of populations underrepresented among the licensed teachers in the district or school and who reflect the diversity of students under section 120B.35, subdivision 3, paragraph (b), clause (2), who are enrolled in the district or school;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.187, subdivision 3, and include teachers' own performance assessment based on student work samples and examples of teachers' work, which may include video among other activities for the summative evaluation;

(9) must use data from valid and reliable assessments aligned to state and local academic standards and must use state and local measures of student growth and literacy that may include value-added models or student learning goals to determine 35 percent of teacher evaluation results;

(10) must use longitudinal data on student engagement and connection and other student outcome measures explicitly aligned with the elements of curriculum for which teachers are responsible, including academic literacy, oral academic language, and achievement of English learners;

(11) must require qualified and trained evaluators such as school administrators to perform summative evaluations and ensure school districts and charter schools provide for effective evaluator training specific to teacher development and evaluation;

(12) must give teachers not meeting professional teaching standards under clauses (3) to (11) support to improve through a teacher improvement process that includes established goals and timelines; and

(13) must discipline a teacher for not making adequate progress in the teacher improvement process under clause (12) that may include a last chance warning, termination, discharge, nonrenewal, transfer to a different position, a leave of absence, or other discipline a school administrator determines is appropriate.

Data on individual teachers generated under this subdivision are personnel data under section 13.43. The observation and interview notes of peer coaches may only be disclosed to other school officials with the consent of the teacher being coached.

(c) The department, in consultation with parents who may represent parent organizations and teacher and administrator representatives appointed by their respective organizations, representing the Professional Educator Licensing and Standards Board, the Minnesota Association of School Administrators, the Minnesota School Boards Association, the Minnesota Elementary and Secondary Principals Associations, Education Minnesota, and representatives of the Minnesota Assessment Group, the Minnesota Business Partnership, the Minnesota Chamber of Commerce, and Minnesota postsecondary institutions with research expertise in teacher evaluation, must create and publish a teacher evaluation process that complies with the requirements in paragraph (b) and applies to all teachers under this section and section 122A.40 for whom no agreement exists under paragraph (a) for an annual teacher evaluation and peer review process. The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 2.

(d) Consistent with the measures of teacher effectiveness under this subdivision:

(1) for students in kindergarten through grade 4, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that grade; and

(2) for students in grades 5 through 12, a school administrator must not place or approve the placement of a student in the classroom of a teacher who is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that subject area and grade.

All data created and used under this paragraph retains its classification under chapter 13.

[See Note.]

Subd. 5a. **Probationary period for principals hired internally.** A board and the exclusive representative of the school principals in the district may negotiate a plan for a probationary period of up to two school years for licensed teachers employed by the board who are subsequently employed by the board as a licensed school principal or assistant principal and an additional probationary period of up to two years for licensed assistant principals employed by the board who are subsequently employed by the board as a licensed school principal.

Subd. 6. **Grounds for discharge or demotion.** (a) Except as otherwise provided in paragraph (b), causes for the discharge or demotion of a teacher either during or after the probationary period must be:

- (1) immoral character, conduct unbecoming a teacher, or insubordination;
- (2) failure without justifiable cause to teach without first securing the written release of the school board having the care, management, or control of the school in which the teacher is employed;
- (3) inefficiency in teaching or in the management of a school, consistent with subdivision 5, paragraph (b);
- (4) affliction with a communicable disease must be considered as cause for removal or suspension while the teacher is suffering from such disability; or
- (5) discontinuance of position or lack of pupils.

For purposes of this paragraph, conduct unbecoming a teacher includes an unfair discriminatory practice described in section 363A.13.

(b) A probationary or continuing-contract teacher must be discharged immediately upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's license has been revoked due to a conviction for child abuse, as defined in section 609.185; sex trafficking in the first degree under section 609.322, subdivision 1; sex trafficking in the second degree under section 609.322, subdivision 1a; engaging in hiring or agreeing to hire a minor to engage in prostitution under section 609.324, subdivision 1; sexual abuse under section 609.342, 609.343, 609.344, 609.345, 609.3451, subdivision 3, or 617.23, subdivision 3; solicitation of children to engage in sexual conduct or communication of sexually explicit materials to children under section 609.352; interference with privacy under section 609.746 or harassment or stalking under section 609.749 and the victim was a minor; using minors in a sexual performance under section 617.246; possessing pornographic works involving a minor under section 617.247; or any other offense not listed in this paragraph that requires the person to register as a predatory offender under section 243.166, or a crime under a similar law of another state or the United States.

(c) When a teacher is discharged under paragraph (b) or when the commissioner makes a final determination of child maltreatment involving a teacher under section 260E.35, subdivision 5, the school principal or other person having administrative control of the school must include in the teacher's employment

record the information contained in the record of the disciplinary action or the final maltreatment determination, consistent with the definition of public data under section 13.41, subdivision 5, and must provide the Professional Educator Licensing and Standards Board and the licensing division at the department with the necessary and relevant information to enable the Professional Educator Licensing and Standards Board and the department's licensing division to fulfill their statutory and administrative duties related to issuing, renewing, suspending, or revoking a teacher's license. Information received by the Professional Educator Licensing and Standards Board or the licensing division at the department under this paragraph is governed by section 13.41 or other applicable law governing data of the receiving entity. In addition to the background check required under section 123B.03, a school board or other school hiring authority must contact the Professional Educator Licensing and Standards Board and the department to determine whether the teacher's license has been suspended or revoked, consistent with the discharge and final maltreatment determinations identified in this paragraph. Unless restricted by federal or state data practices law or by the terms of a collective bargaining agreement, the responsible authority for a school district must disseminate to another school district private personnel data on a current or former teacher employee or contractor of the district, including the results of background investigations, if the requesting school district seeks the information because the subject of the data has applied for employment with the requesting school district.

Subd. 7. Hearing of charges against teacher. The charges against a teacher must be in writing and signed by the person making the same and then filed with the secretary or clerk of the school board having charge of the school in which the teacher is employed. Before the school board discharges or demotes a teacher, the board must notify the teacher in writing and state in reasonable detail its grounds for the proposed discharge or demotion, together with a statement that the teacher may request in writing within ten days after receiving the notice a hearing before the board. The board may have the notice served personally or may send it by certified mail addressed to the teacher at the teacher's last known post office address. The teacher, under subdivision 13, also may elect a hearing before an arbitrator instead of the school board. Within ten days after receiving the notice the teacher may request in writing a hearing before the board or an arbitrator and it shall be granted. The teacher must be given reasonable notice of the time and place of the hearing before final action is taken. A teacher who fails to request a hearing within ten days is considered to acquiesce in the board's action. If the charge is made by a person not connected with the school system the charge may be disregarded by the school board. If the grounds are those specified in subdivision 6, clause (1), (2), (3), or (4), the notice must also state a teacher may request arbitration under subdivision 13. At the hearing, the school board or arbitrator shall hear all evidence that may be adduced in support of the charges and for the teacher's defense to the charges. Either party has the right to have a written record of the hearing at the expense of the board and to have witnesses subpoenaed and all witnesses so subpoenaed must be examined under oath. Any member of the school board conducting such a hearing has authority to issue subpoenas and to administer oaths to witnesses.

Subd. 8. Counsel; examination of witnesses. Each party appearing before the school board has the right to be represented by counsel, and such counsel may examine and cross-examine witnesses and present arguments.

Subd. 9. Hearings. All hearings before the school board must be private or may be public at the decision of the teacher against whom such charges have been filed.

Subd. 10. Decision, when rendered. The hearing must be concluded and a decision in writing, stating the grounds on which it is based, rendered within 25 days after giving of such notice. Where the hearing is before a school board the teacher may be discharged or demoted upon the affirmative vote of a majority of the members of the board. If the charges, or any of such, are found to be true, the board conducting the hearing must discharge, demote, or suspend the teacher, as seems to be for the best interest of the school.

A teacher must not be discharged for either of the causes specified in subdivision 6, clause (3), except during the school year, and then only upon charges filed at least four months before the close of the school sessions of such school year.

Subd. 11. **Charges expunged from records.** In all cases where the final decision is in favor of the teacher the charge or charges must be physically expunged from the records.

Subd. 12. **Suspension pending hearing; salary.** After charges are filed against a teacher, the school board may suspend the teacher from regular duty. If the teacher is suspended or removed after the final decision, the board may in its discretion determine the teacher's salary or compensation as of the time of filing the charges. If the final decision is favorable to the teacher, the board must not abate the teacher's salary or compensation.

Subd. 13. **Hearing and determination by arbitrator.** A teacher against whom charges have been filed alleging any cause for discharge or demotion specified in subdivision 6, clause (1), (2), (3), or (4), may elect a hearing before an arbitrator instead of the school board. The hearing is governed by this subdivision.

(a) The teacher must make a written request for a hearing before an arbitrator within ten days after receiving a written notice of the filing of charges required by subdivision 7. Failure to request a hearing before an arbitrator during this period is considered acquiescence to the board's action.

(b) If the teacher and the school board are unable to mutually agree on an arbitrator, the board must request from the Bureau of Mediation Services a list of five persons to serve as an arbitrator. If the teacher and the school board are unable to mutually agree on an arbitrator from the list provided, the parties shall alternately strike names from the list until the name of one arbitrator remains. The person remaining after the striking procedure must be the arbitrator. If the parties are unable to agree on who shall strike the first name, the question must be decided by a flip of a coin. The teacher and the board must share equally the costs and fees of the arbitrator.

(c) The arbitrator shall determine, by a preponderance of the evidence, whether the causes specified in subdivision 6, clause (1), (2), (3), or (4), exist to support the proposed discharge or demotion. A lesser penalty than discharge or demotion may be imposed by the arbitrator only to the extent that either party proposes such lesser penalty in the proceeding. In making the determination, the arbitration proceeding is governed by sections 572B.15 to 572B.28 and by the collective bargaining agreement applicable to the teacher.

(d) An arbitration hearing conducted under this subdivision is a meeting for preliminary consideration of allegations or charges within the meaning of section 13D.05, subdivision 3, paragraph (a), and must be closed, unless the teacher requests it to be open.

(e) The arbitrator's decision is final and binding on the parties, subject to sections 572B.18 to 572B.28.

Subd. 14. MS 2018 [Repealed, 1Sp2017 c 5 art 2 s 58]

Subd. 14a. **Negotiated unrequested leave of absence.** The school board and the exclusive bargaining representative of the teachers must negotiate a plan providing for unrequested leave of absence without pay or fringe benefits for as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts.

Subd. 15. **Records relating to individual teacher; access; expungement.** All evaluations and files generated within a district relating to each individual teacher must be available to each individual teacher upon the teacher's written request. Effective January 1, 1976, all evaluations and files, wherever generated,

relating to each individual teacher must be available to each individual teacher upon the teacher's written request. The teacher has the right to reproduce any of the contents of the files at the teacher's expense and to submit for inclusion in the file written information in response to any material contained therein.

A district may destroy the files as provided by law and must expunge from the teacher's file any material found to be false or substantially inaccurate through the grievance procedure required pursuant to section 179A.20, subdivision 4. The grievance procedure promulgated by the director of the Bureau of Mediation Services, pursuant to section 179A.04, subdivision 3, clause (h), applies to those principals and supervisory employees not included in an appropriate unit as defined in section 179A.03. Expungement proceedings must be commenced within the time period provided in the collective bargaining agreement for the commencement of a grievance. If no time period is provided in the bargaining agreement, the expungement proceedings must commence within 15 days after the teacher has knowledge of the inclusion in the teacher's file of the material the teacher seeks to have expunged.

Subd. 16. **Reporting of hires and terminations.** A school district must annually report to the Professional Educator Licensing and Standards Board: (1) all new teacher hires and terminations, including layoffs, by race and ethnicity; and (2) the reasons for all teacher resignations and requested leaves of absence. The report must not include data that would personally identify individuals.

122A.415 ALTERNATIVE COMPENSATION REVENUE.

Subdivision 1. **Revenue amount.** (a) A school district, intermediate school district, cooperative unit as defined in section 123A.24, subdivision 2, school site, or charter school that meets the conditions of section 122A.414 and submits an application approved by the commissioner is eligible for alternative teacher compensation revenue.

(b) For school district and intermediate school district applications, the commissioner must consider only those applications to participate that are submitted jointly by a district and the exclusive representative of the teachers. The application must contain an alternative teacher professional pay system agreement that:

(1) implements an alternative teacher professional pay system consistent with section 122A.414; and

(2) is negotiated and adopted according to the Public Employment Labor Relations Act under chapter 179A, except that notwithstanding section 179A.20, subdivision 3, a district may enter into a contract for a term of two or four years.

Alternative teacher compensation revenue for a qualifying school district or site in which the school board and the exclusive representative of the teachers agree to place teachers in the district or at the site on the alternative teacher professional pay system equals \$260 times the number of pupils enrolled at the district or site on October 1 of the previous fiscal year. Alternative teacher compensation revenue for a qualifying intermediate school district or cooperative must be calculated under subdivision 4, paragraph (b).

(c) For a newly combined or consolidated district, the revenue shall be computed using the sum of pupils enrolled on October 1 of the previous year in the districts entering into the combination or consolidation. The commissioner may adjust the revenue computed for a site using prior year data to reflect changes attributable to school closings, school openings, or grade level reconfigurations between the prior year and the current year.

(d) The revenue is available only to school districts, intermediate school districts, cooperatives, school sites, and charter schools that fully implement an alternative teacher professional pay system by October 1 of the current school year.

Subd. 2. [Repealed, 1Sp2005 c 5 art 1 s 55]

Subd. 3. Revenue timing. (a) Districts, intermediate school districts, cooperatives, school sites, or charter schools with approved applications must receive alternative compensation revenue for each school year that the district, intermediate school district, cooperative, school site, or charter school implements an alternative teacher professional pay system under this subdivision and section 122A.414. A qualifying district, intermediate school district, cooperative, school site, or charter school that received alternative teacher compensation aid for the previous fiscal year must receive at least an amount of alternative teacher compensation revenue equal to the lesser of the amount it received for the previous fiscal year or the amount it qualifies for under subdivision 1 for the current fiscal year if the district, intermediate school district, cooperative, school site, or charter school submits a timely application and the commissioner determines that the district, intermediate school district, cooperative, school site, or charter school continues to implement an alternative teacher professional pay system, consistent with its application under this section.

(b) The commissioner shall approve applications that comply with subdivision 1, and section 122A.414, subdivisions 2, paragraph (b), and 2a, if the applicant is a charter school or cooperative, in the order in which they are received, select applicants that qualify for this program, notify school districts, intermediate school districts, cooperatives, school sites, and charter schools about the program, develop and disseminate application materials, and carry out other activities needed to implement this section.

Subd. 4. Basic alternative teacher compensation aid. (a) The basic alternative teacher compensation aid for a school with a plan approved under section 122A.414, subdivision 2b, equals 65 percent of the alternative teacher compensation revenue under subdivision 1. The basic alternative teacher compensation aid for a charter school with a plan approved under section 122A.414, subdivisions 2a and 2b, equals \$260 times the number of pupils enrolled in the school on October 1 of the previous year, or on October 1 of the current year for a charter school in the first year of operation, times the ratio of the sum of the alternative teacher compensation aid and alternative teacher compensation levy for all participating school districts to the maximum alternative teacher compensation revenue for those districts under subdivision 1.

(b) Notwithstanding paragraph (a) and subdivision 1, the state total basic alternative teacher compensation aid entitlement must not exceed \$88,118,000 for fiscal year 2023; \$88,461,000 for fiscal year 2024; \$88,461,000 for fiscal year 2025; and \$89,486,000 for fiscal year 2026 and later. The commissioner must limit the amount of alternative teacher compensation aid approved under this section so as not to exceed these limits by not approving new participants or by prorating the aid among participating districts, intermediate school districts, school sites, and charter schools. The commissioner may also reallocate a portion of the allowable aid for the biennium from the second year to the first year to meet the needs of approved participants.

(c) Basic alternative teacher compensation aid for an intermediate district or other cooperative unit equals \$3,000 times the number of licensed teachers employed by the intermediate district or cooperative unit on October 1 of the previous school year.

Subd. 5. Alternative teacher compensation levy. The alternative teacher compensation levy for a district receiving basic alternative teacher compensation aid equals the product of (1) the difference between the district's alternative teacher compensation revenue and the district's basic alternative teacher compensation aid, times (2) the lesser of one or the ratio of the district's adjusted net tax capacity per adjusted pupil unit to \$6,100.

Subd. 6. Alternative teacher compensation equalization aid. (a) A district's alternative teacher compensation equalization aid equals the district's alternative teacher compensation revenue minus the district's basic alternative teacher compensation aid minus the district's alternative teacher compensation

levy. If a district does not levy the entire amount permitted, the alternative teacher compensation equalization aid must be reduced in proportion to the actual amount levied.

(b) A district's alternative teacher compensation aid equals the sum of the district's basic alternative teacher compensation aid and the district's alternative teacher compensation equalization aid.

Subd. 9. **Benefits.** A teacher on an extended leave of absence shall receive all of the health, accident, medical, surgical and hospitalization insurance or benefits, for both the teacher and the teacher's dependents, for which the teacher would otherwise be eligible if not on an extended leave. A teacher shall receive the coverage if such coverage is available from the school district's insurer, if the teacher requests the coverage, and if the teacher either (a) reimburses the district for the full amount of the premium necessary to maintain the coverage within one month preceding the district's payment of the premium, or (b) if the district is wholly

or partially self-insured, pays the district, according to a schedule agreed upon by the teacher and the school board, an amount determined by the school board to be the amount that would be charged for the coverage chosen by the teacher if the school board purchased all health, accident, medical, surgical and hospitalization coverage for its teachers from an insurer. A school district may enter into an agreement with the exclusive bargaining representative of the teachers in the district where the district agrees, for an individual teacher, to pay all or a portion of the premium for such coverage. 122A.55 STAFF EXCHANGE PROGRAM.

Subdivision 1. **Establishment.** A staff exchange program is established to allow local districts to arrange temporary and voluntary exchanges among members of their kindergarten through grade 12 instructional and administrative staffs. The purpose of the program is to provide participants with an understanding of the educational concerns of other local school districts, including concerns of class organization, curriculum development, instructional practices, and characteristics of the student population.

The educational needs and interests of the host district and the training, experience, and interests of the participants must determine the assignments of the participants in the host district. Participants may teach courses, provide counseling and tutorial services, work with teachers to better prepare students for future educational experiences, serve an underserved population in the district, or assist with administrative functions. The assignments participants perform for the host district must be comparable to the assignments the participants perform for the district employing the participants. Participation in the exchange program need not be limited to one school or one school district and may involve other education organizations including education districts and SCs.

Subd. 2. **Program requirements.** All staff exchanges made under this section are subject to the requirements in this subdivision.

(a) A school district employing a participating staff member must not adversely affect the staff member's salary, seniority, or other employment benefits, or otherwise penalize the staff member for participating in the program.

(b) Upon completion or termination of an exchange, a district employing a participating staff member must permit the staff member to return to the same assignment the staff member performed in the district before the exchange, if available, or, if not, a similar assignment.

(c) A district employing a participating staff member must continue to provide the staff member's salary and other employment benefits during the period of the exchange.

(d) A participant must be licensed and tenured.

(e) Participation in the program must be voluntary.

(f) The length of participation in the program must be no less than one-half of a school year and no more than one school year, and any premature termination of participation must be upon the mutual agreement of the participant and the participating district.

(g) A participant is responsible for transportation to and from the host district.

(h) This subdivision does not abrogate or change rights of staff members participating in the staff exchange program or the terms of an agreement between the exclusive representative of the school district employees and the district.

(i) Participating districts may enter into supplementary agreements with the exclusive representative of the school district employees to accomplish the purpose of this section.

Subd. 3. Application procedures. The school board of a district must decide by resolution to participate in the staff exchange program. A staff member wishing to participate in the exchange program must submit an application to the school district employing the staff member. The district must, in a timely and appropriate manner, provide to the exclusive bargaining representatives of teachers in the state the number and names of prospective participants within the district, the assignments available within the district, and the length of time for each exchange. The exclusive bargaining representatives are requested to cooperatively participate in the coordination of exchanges to facilitate exchanges across all geographical regions of the state. Prospective participants must contact teachers and districts with whom they are interested in making an exchange. The prospective participants must make all arrangements to accomplish their exchange and the superintendents of the participating districts must approve the arrangements for the exchange in writing.

122A.56 FACULTY EXCHANGE AND TEMPORARY ASSIGNMENT PROGRAM.

Subdivision 1. Establishment. A program of faculty collaboration is established to allow Minnesota school districts and postsecondary institutions to arrange temporary placements in each other's institutions. These arrangements must be made on a voluntary cooperative basis between a school district and postsecondary institution, or between postsecondary institutions. Exchanges between postsecondary institutions may occur among campuses in the same system or in different systems.

Subd. 2. Uses of program. Each participating school district and postsecondary institution may determine the way in which the staff member's time is to be used, but it must be in a way that promotes understanding of the needs of each educational system or institution. For example, a public school educator may teach courses, provide counseling and tutorial services, assist with the preparation of future educators, or take

professional development courses. A postsecondary teacher might teach courses at the school district, counsel students, or work in school administration. Participation need not be limited to one school or institution and may involve other groups including service cooperatives.

Subd. 3. **Salaries; benefits; certification.** Temporary placements made under the program must not have a negative effect on participants' salaries, seniority, or other benefits. Notwithstanding sections 123B.02, subdivision 14, and 122A.16, a member of the staff of a postsecondary institution may teach in an elementary or secondary school or perform a service, agreed upon according to this section, for which a license would otherwise be required without holding the applicable license. In addition, a licensed educator employed by a school district may teach or perform a service, agreed upon according to this section, at a postsecondary institution without meeting the applicable qualifications of the postsecondary institution. A district is not subject to section 127A.43 as a result of entering into an agreement according to this section that enables a postsecondary educator to teach or provide services in the district. All arrangements and details regarding the exchange must be mutually agreed to by each participating school district and postsecondary institution before implementation.

Subd. 4. **Educators' employment; continuation.** An educator who held a temporary position or an exchanged position under this section must be continued in or restored to the position previously held, or to a position of like seniority, status, and pay upon return. Retirement benefits under an employer-sponsored pension or retirement plan must not be reduced because of time spent on an exchange or temporary position under this section.

Subd. 5. **Entitlement to benefits and position.** An educator who is continued in or restored to a position in accordance with subdivision 4:

(1) must be continued or restored without loss of seniority; and

(2) may participate in insurance or other benefits offered by the employer under its established rules and practices.

122A.57 EXCHANGES BETWEEN EDUCATION FACULTY.

Subdivision 1. **Authority; limits.** The Board of Trustees of the Minnesota State Colleges and Universities and the Board of Regents of the University of Minnesota may develop programs to exchange faculty between colleges or schools of education and school districts, subject to section 122A.56.

The programs must be used to assist in improving teacher education by involving current teachers in education courses and placing postsecondary faculty in elementary and secondary classrooms. Programs must include exchanges that extend beyond the immediate service area of the institution to address the needs of different types of schools, students, and teachers.

Subd. 2. **Compensation.** State money for faculty exchange programs is to compensate for expenses that are unavoidable and beyond the normal living expenses exchange participants would incur if they were not involved in this exchange. The Board of Trustees of the Minnesota State Colleges and Universities, the Board of Regents of the University of Minnesota, and their respective campuses, in conjunction with the participating school districts, must control costs for all participants as much as possible, through means such as arranging housing exchanges, providing campus housing, and providing university, state, or school district

cars for transportation. The boards and campuses may seek other sources of funding to supplement these appropriations, if necessary.

122A.58 COACHES, TERMINATION OF DUTIES.

Subdivision 1. **Termination; hearing.** Before a district terminates the coaching duties of an employee who is required to hold a license as an athletic coach from the commissioner of education, the district must notify the employee in writing and state its reason for the proposed termination. Within 14 days of receiving this notification, the employee may request in writing a hearing on the termination before the board. If a hearing is requested, the board must hold a hearing within 25 days according to the hearing procedures specified in section 122A.40, subdivision 14, and the termination is final upon the order of the board after the hearing.

Subd. 2. **Final decision.** Within ten days after the hearing, the board must issue a written decision regarding the termination. If the board decides to terminate the employee's coaching duties, the decision must state the reason on which it is based and include findings of fact based upon competent evidence in the record. The board may terminate the employee's duties or not, as it sees fit, for any reason which is found to be true based on substantial and competent evidence in the record.

Subd. 3. **Nonapplication of section.** This section shall not apply to the termination of coaching duties pursuant to a district transfer policy or as a result of the nonrenewal or termination of the employee's contract or the employee's discharge, demotion or suspension pursuant to section 122A.40 or 122A.41. This section shall not apply to the termination of an employee's coaching duties before completing the probationary period of employment.

Subd. 2. **Eligibility.** A district or school must verify that the hiring bonus is given to persons from another state or country who:

- (1) immediately qualify for a Tier 2 or higher Minnesota license;
- (2) have moved to Minnesota; and

(3) belong to a racial or ethnic group that is underrepresented among teachers compared to students in the district or school under section 120B.35, subdivision 3, paragraph (b), clause (2).

Subd. 3. **Bonus amount.** A district or school may offer a hiring and retention bonus of a minimum of \$4,000 and a maximum of \$8,000 to a teacher who meets the eligibility requirements. A teacher who meets the eligibility requirements and meets a licensure shortage area in the economic development region of the state where the school is located may be offered a hiring bonus of a minimum of \$5,000 and a maximum of \$10,000. A teacher must be paid half of the bonus when starting employment and half after completing four years of service in the hiring district or school if the teacher has demonstrated teaching effectiveness and is

not on a professional improvement plan under section 122A.40, subdivision 8, paragraph (b), clause (12) or (13), or section 122A.41, subdivision 5, paragraph (b), clause (12) or (13), or is not being considered for termination for a reason listed in section 122A.40, subdivision 9, including a teacher hired by a school district located in a city of the first class. A teacher who does not complete their first school year upon receiving a hiring bonus must repay the hiring bonus. A teacher must have a Tier 3 or Tier 4 Minnesota teaching license to qualify for the second half of the bonus. A district must prorate the second half of the bonus if the eligible teacher is nonrenewed due to reasons not having to do with teaching effectiveness or misconduct.

Subd. 4. **Administration.** (a) The commissioner must establish a process for districts or schools to seek reimbursement for hiring bonuses given to teachers in shortage areas moving to and working in Minnesota schools experiencing specific shortages. The commissioner must provide guidance for districts to seek repayment of a hiring bonus from a teacher who does not complete the first year of employment. The department may conduct a pilot program with a small number of teachers during the 2022-2023 biennium to establish feasibility. The department must submit a report by December 1, 2022, to the chairs and ranking minority members of the legislative committees with jurisdiction over kindergarten through grade 12 education detailing the effectiveness of the program and recommendations for improvement in future years.

(b) The commissioner may award participating districts and schools additional funds to administer the program, including out-of-state recruiting efforts and retention activities. The commissioner may allow participating districts and schools to reserve up to five percent of Come Teach in Minnesota funding to administer the program, including for out-of-state recruiting efforts and retention activities.

Subd. 5. **Come Teach in Minnesota Hiring Bonus program account.** (a) An account is established in the special revenue fund known as the "Come Teach in Minnesota Hiring Bonus program account."

(b) Funds appropriated for the Come Teach in Minnesota Hiring Bonus program under this section must be transferred to the Come Teach in Minnesota Hiring Bonus program account in the special revenue fund.

(c) Money in the account is annually appropriated to the commissioner for hiring bonuses under this section. Any returned funds are available to be regranted.

122A.627 POSITIVE BEHAVIORAL INTERVENTIONS AND SUPPORTS.

"Positive behavioral interventions and supports" or "PBIS" means an evidence-based framework for preventing problem behavior, providing instruction and support for positive and prosocial behaviors, and supporting social, emotional, and behavioral needs for all students. Schoolwide implementation of PBIS requires training, coaching, and evaluation for school staff to consistently implement the key components that make PBIS effective for all students, including:

- (1) establishing, defining, teaching, and practicing three to five positively stated schoolwide behavioral expectations that are representative of the local community and cultures;
- (2) developing and implementing a consistent system used by all staff to provide positive feedback and acknowledgment for students who display schoolwide behavioral expectations;
- (3) developing and implementing a consistent and specialized support system for students who do not display behaviors representative of schoolwide positive expectations;
- (4) developing a system to support decisions based on data related to student progress, effective implementation of behavioral practices, and screening for students requiring additional behavior supports;
- (5) using a continuum of evidence-based interventions that is integrated and aligned to support academic and behavioral success for all students; and
- (6) using a team-based approach to support effective implementation, monitor progress, and evaluate outcomes.

Consistent with section 120B.232, subdivision 1, character education curriculum and programs may be used to support implementation of the key components of PBIS.

122A.631 SUPPORTING HERITAGE LANGUAGE AND CULTURE TEACHERS.

Subdivision 1. **Purpose.** The purpose of this section is to increase the number of heritage language and culture teachers in Minnesota.

Subd. 2. **Definition.** "Heritage language and culture teachers" means teachers with a connection to a community's language and culture who use this connection to support students as they learn academic content or the language and culture of that particular community.

Subd. 3. **Eligibility.** Applicants for the heritage language and culture licensure pathway program must:

(1) hold a current license issued by the Professional Educator Licensing and Standards Board or meet the criteria for licensure in section 122A.181; and

(2) seek initial, dual, or additional licensure in a heritage language.

Subd. 4. **Heritage language and culture teacher licensure pathway program.** (a) The Professional Educator Licensing and Standards Board shall develop a program to support initial and additional licensure for heritage language and culture teachers. The program must include:

(1) a yearlong mentorship program;

(2) monthly meetings where applicants receive guidance on completing the portfolio process from a portfolio liaison, dedicated specifically to facilitating this program;

(3) a stipend to cover substitute teachers when meetings take place during the school day;

(4) a waiver for all portfolio and licensure testing fees; and

(5) a portfolio review committee created by the board.

(b) For applicants seeking an initial license in a world language and culture, the applicant must demonstrate meeting the standards of effective practice in Minnesota Rules, part 8710.2000, and content-specific pedagogical standards in Minnesota Rules, part 8710.4950, through the portfolio process.

(c) For applicants seeking a dual license, the applicant must demonstrate meeting the standards of effective practice in Minnesota Rules, part 8710.2000, content-specific pedagogical standards in Minnesota Rules, part 8710.4950, and all standards for the chosen dual license through the portfolio process.

Subd. 5. **Heritage language and culture educators seeking a world language license.** Heritage language and culture teachers seeking a world language and culture license pursuant to Minnesota Rules, part 8710.4950, who demonstrate proficiency through one of the following may use this proficiency to

evidence meeting the required content-specific world language and culture standards, which do not include content-specific pedagogical standards, for licensure in their heritage language:

(1) passing a board-adopted assessment;

(2) holding a certificate to serve as a translator or interpreter; or

(3) completing an undergraduate or postbaccalaureate degree from an accredited university where the majority of coursework was taught via the non-English instructional language.

122A.635 COLLABORATIVE URBAN AND GREATER MINNESOTA EDUCATORS OF COLOR GRANT PROGRAM.

Subdivision 1. **Establishment.** The Professional Educator Licensing and Standards Board must award competitive grants to increase the number of teacher candidates who are of color or who are American Indian, complete teacher preparation programs, and meet the requirements for a Tier 3 license under section 122A.183. Eligibility for a grant under this section is limited to public or private higher education institutions that offer a teacher preparation program approved by the Professional Educator Licensing and Standards Board.

Subd. 2. **Competitive grants.** (a) The Professional Educator Licensing and Standards Board must award competitive grants to a variety of higher education institution types under this section. The board must require an applicant institution to submit a plan describing how it would use grant funds to increase the number of teachers who are of color or who are American Indian, and must award grants based on the following criteria, listed in descending order of priority:

(1) program outcomes, including graduation or program completion rates and licensure recommendation rates for candidates who are of color or who are American Indian compared to all candidates enrolled in a teacher preparation program at the institution and, for each outcome measure, the number of teacher candidates who are of color or who are American Indian;

(2) the extent to which an institution's plan is clear in describing how the institution would use grant funds for implementing explicit research-based practices to provide programmatic support to teacher candidates who are of color or who are American Indian. Plans for grant funds may include:

(i) recruiting more racially and ethnically diverse candidates for admission to teacher preparation programs;

(ii) providing differentiated advising, mentoring, or other supportive community-building activities in addition to what the institution provides to all candidates enrolled in the institution;

(iii) providing academic tutoring or support to help teacher candidates pass required assessments; and

(iv) providing for program staffing expenses;

(3) an institution's plan to provide direct financial assistance as scholarships or stipends within the allowable dollar range determined by the board under subdivision 3, paragraph (b), to teacher candidates who are of color or who are American Indian;

(4) whether the institution has previously received a competitive grant under this section and has demonstrated positive outcomes from the use of grant funds for efforts helping teacher candidates who are

of color or who are American Indian to enroll in and successfully complete teacher preparation programs and be recommended for licensure;

(5) geographic diversity among the institutions. In order to expand the number of grant recipients throughout the state, whenever there is at least a 20 percent increase in the base appropriation for this grant program, the board must prioritize awarding grants to institutions outside of the Twin Cities metropolitan area. If the board awards a grant based on the criteria in paragraph (a) to a program that has not previously received funding, the board must thereafter give priority to the program equivalent to other programs that have received grants and demonstrated positive outcomes; and

(6) the percentage of racially and ethnically diverse teacher candidates enrolled in the institution compared to:

(i) the aggregate percentage of students of color and American Indian students enrolled in the institution, regardless of major; and

(ii) the percentage of underrepresented racially and ethnically diverse teachers in the economic development region of the state where the institution is located and where a shortage of diverse teachers exists, as reported under section 122A.091, subdivision 5.

(b) The board must not penalize an applicant institution in the grant review process for using grant funds only to provide direct financial support to teacher candidates if that is the institution's priority and the institution uses other resources to provide programmatic support to candidates.

(c) The board must determine award amounts for development, maintenance, or expansion of programs based only on the degree to which applicants meet the criteria in this subdivision, the number of candidates who are of color or who are American Indian supported by an applicant program, and funds available.

(d) The board must determine grant awards in part by multiplying the number of teacher candidates to be provided direct financial assistance by the average amount the institution proposes per candidate that is within the allowable dollar range. After assessing an institution's adherence to grant criteria and funds available, the board may grant an institution a lower average amount per candidate and the institution may decide to award less per candidate or provide financial assistance to fewer candidates within the allowable range. Additionally, an institution may use up to 25 percent of the awarded grant funds to provide programmatic support as described in paragraph (a), clause (3). If the board does not award an applicant institution's full request, the board must allow the institution to modify how it uses grant funds to maximize program outcomes consistent with the requirements of this section.

Subd. 3. Grant program administration. (a) The Professional Educator Licensing and Standards Board may enter into an interagency agreement with the Office of Higher Education. The agreement may include a transfer of funds to the Office of Higher Education to help establish and administer the competitive grant process. The board must award grants to institutions located in various economic development regions throughout the state, but must not predetermine the number of institutions to be awarded grants under this section or set a limit for the amount that any one institution may receive as part of the competitive grant application process.

(b) The board must establish a standard allowable dollar range for the amount of direct financial assistance an applicant institution may provide to each candidate. To determine the range, the board may collect de-identified data from institutions that received a grant during the previous grant period and calculate the average scholarship amount awarded to all candidates across all institutions using the most recent fiscal year data available. The calculation may be used to determine a scholarship range that is no more than 25 percent

of this amount and no less than half the average of this amount. The purpose of direct financial assistance is to assist candidates matriculating through completing licensure programs if they demonstrate financial need after considering other grants and scholarships provided.

(c) All grants must be awarded by August 15 of the fiscal year in which the grants are to be used. An institution that receives a grant under this section may use the grant funds over a two- to four-year period to sustain support for teacher candidates at any stage from recruitment and program admission to graduation and licensure application.

Subd. 4. **Report.** (a) By August 15 of each year, an institution awarded a grant under this section must prepare for the board a detailed report regarding the expenditure of grant funds, including the amounts used to recruit, retain, and support teacher candidates of color or American Indian teacher candidates to complete programs and be recommended for licensure. The report must include:

(1) the total number of teacher candidates of color and American Indian teacher candidates who:

(i) are enrolled in the institution;

(ii) are supported by grant funds with direct financial assistance during the academic reporting year;

(iii) are supported with other programmatic supports;

(iv) are recruited and newly admitted to a licensure program;

(v) are enrolled in a licensure program;

(vi) have completed a licensure program; and

(vii) were recommended for licensure in the field for which they were prepared;

(2) the total number of teacher candidates of color or American Indian teacher candidates at each stage from program admission to licensure recommendation as a percentage of all candidates seeking the same licensure at the institution; and

(3) a brief narrative describing the successes and challenges of efforts proposed in the grant application to support candidates with grant funds, and lessons learned for future efforts.

(b) By November 1 of each year, the board must post a report on its website summarizing the activities and outcomes of grant recipients and results that promote sharing of effective practices and lessons learned among grant recipients.

122A.68 TEACHING RESIDENCY PROGRAM.

Subdivision 1. **Establishment.** A school district with a teaching residency plan approved by the Professional Educator Licensing and Standards Board may hire graduates of approved Minnesota teacher preparation programs as teaching residents. A district shall employ each resident for one school year. The district and the resident may agree to extend the residency for one additional school year. A school may employ no more than one teaching resident for every eight full-time equivalent licensed teachers. No more than 600 eligible teachers may be employed as teacher residents in any one school year.

Subd. 2. **Teacher eligibility.** Persons eligible to be hired as teaching residents must have received their initial license no more than two years prior to applying for a residency and must have less than nine months of full-time equivalency teaching experience as a licensed teacher.

Subd. 3. **Program components.** In order to be approved by the Professional Educator Licensing and Standards Board, a school district's residency program must at minimum include:

- (1) training to prepare teachers to serve as mentors to teaching residents;
- (2) a team mentorship approach to expose teaching residents to a variety of teaching methods, philosophies, and classroom environments that includes differentiated instructional strategies, effective use of student achievement data, and support for native and English language development across the curriculum and grade levels, among other things;
- (3) ongoing peer coaching and assessment;
- (4) assistance to the teaching resident in preparing an individual professional development plan that includes goals, activities, and assessment methodologies; and
- (5) collaboration with one or more teacher education institutions, career teachers, and other community experts to provide local or regional professional development seminars or other structured learning experiences for teaching residents.

A teaching resident's direct classroom supervision responsibilities shall not exceed 80 percent of the instructional time required of a full-time equivalent teacher in the district. During the time a resident does not supervise a class, the resident shall participate in professional development activities according to the individual plan developed by the resident in conjunction with the school's mentoring team. Examples of development activities include observing other teachers, sharing experiences with other teaching residents, and professional meetings and workshops.

Subd. 4. **Employment conditions.** A school district must pay a teaching resident a salary equal to 90 percent of the salary of a first-year teacher with a bachelor's degree in the district. The resident shall be a member of the local bargaining unit and shall be covered under the terms of the contract, except for salary and benefits, unless otherwise provided in this subdivision. The school district must provide health insurance coverage for the resident if the district provides it for teachers, and may provide other benefits upon negotiated agreement.

Subd. 5. **Applies toward probationary period.** A teaching residency shall count as one year of a teacher's probationary period under section 122A.40, subdivision 5, or section 122A.41, subdivision 2. A residency extended for one year shall not count as an additional year under this subdivision.

Subd. 6. **Learning and development revenue eligibility.** A school district with an approved teaching residency program may use learning and development revenue for each teaching resident in kindergarten

through grade six. A district also may use the revenue for a paraprofessional who is a person of color enrolled in an approved teacher preparation program. A school district must not use a teaching resident to replace an existing teaching position unless:

(1) there is no teacher available who is properly licensed to fill the vacancy, who has been placed on unrequested leave of absence in the district, and who wishes to be reinstated; and

(2) the district's collective bargaining agreement includes a memorandum of understanding that permits teaching residents to fill an existing teaching position.

Subd. 7. Recommendation for licensure requirements. The Professional Educator Licensing and Standards Board must develop for teachers of students in prekindergarten through grade 12, model teaching residency outcomes and assessments, and mentoring programs.

122A.69 PRACTICE OR STUDENT TEACHERS.

The Professional Educator Licensing and Standards Board may, by agreements with teacher preparation institutions, arrange for classroom experience in the district for practice or student teachers in an approved teacher preparation program. Such practice and student teachers must be appropriately supervised by a fully qualified teacher under rules adopted by the board. 122A.70 TEACHER MENTORSHIP AND RETENTION OF EFFECTIVE TEACHERS.

Subdivision 1. Teacher mentoring, induction, and retention programs. (a) School districts must develop teacher mentoring programs for teachers new to the profession or district, including teaching residents, teachers of color, teachers who are American Indian, teachers in license shortage areas, teachers with special needs, or experienced teachers in need of peer coaching.

(b) Teacher mentoring programs must be included in or aligned with districts' teacher evaluation and peer review processes under sections 122A.40, subdivision 8, and 122A.41, subdivision 5. A district may

use staff development revenue under section 122A.61, special grant programs established by the legislature, or another funding source to pay a stipend to a mentor who may be a current or former teacher who has taught at least three years and is not on an improvement plan.

Subd. 2. **Board grants.** The Professional Educator Licensing and Standards Board must make grant application forms available to sites interested in developing, sustaining, or expanding a mentorship program. A school district or group of school districts, a school or coalition of schools, or a coalition of teachers may apply for a program grant. A higher education institution or nonprofit organization may partner with a grant applicant but is not eligible as a sole applicant for grant funds. The Professional Educator Licensing and Standards Board, in consultation with the teacher mentoring task force, must approve or disapprove the applications. To the extent possible, the approved applications must reflect effective mentoring, professional development, and retention components, and be geographically distributed throughout the state. The Professional Educator Licensing and Standards Board must encourage the selected sites to consider the use of its assessment procedures.

Subd. 2a. **Funded work.** (a) Grant funds may be used for the following:

(1) additional stipends as incentives to mentors who are of color or who are American Indian;

(2) financial supports for professional learning community affinity groups across schools within and between districts for educators from underrepresented racial and ethnic groups to come together throughout the school year. For purposes of this section, "affinity groups" means groups of licensed and nonlicensed educators who share a common racial or ethnic identity in society as persons who are of color or who are American Indian;

(3) programs for induction aligned with the district or school mentorship program during the first three years of teaching, especially for teachers from underrepresented racial and ethnic groups;

(4) professional development focused on ways to close opportunity and achievement gaps for students of color and American Indian students; or

(5) for teachers of color and American Indian teachers, graduate courses toward a first master's degree in a field related to their licensure or toward an additional license.

(b) A charter school or district that receives a grant must negotiate additional retention strategies or protection from unrequested leaves of absence in the beginning years of employment for teachers who are of color or who are American Indian. Retention strategies may include providing financial incentives for teachers of color and teachers who are American Indian to work in the school or district for at least five years and placing American Indian educators at sites with other American Indian educators and educators of color at sites with other educators of color to reduce isolation and increase opportunity for collegial support.

Subd. 3. **Criteria for selection.** (a) At a minimum, applicants for grants under subdivision 2 must express commitment to:

(1) allow staff participation;

(2) assess skills of both beginning and mentor teachers;

(3) provide appropriate in-service to needs identified in the assessment;

(4) provide leadership to the effort;

- (5) cooperate with higher education institutions or teacher educators;
- (6) provide facilities and other resources;
- (7) share findings, materials, and techniques with other school districts; and
- (8) retain teachers of color and teachers who are American Indian.

(b) The Professional Educator Licensing and Standards Board must give priority to applications to fund programs to induct, mentor, and retain Tier 2 or Tier 3 teachers who are of color or who are American Indian, and Tier 2 or Tier 3 teachers in licensure shortage areas within the applicant's economic development region.

Subd. 4. **Additional funding.** Grant applicants must seek additional funding and assistance from sources such as school districts, postsecondary institutions, foundations, and the private sector.

Subd. 5. **Program implementation.** A grant recipient may use grant funds on implementing activities over a period of time up to 24 months. New and expanding mentorship sites that receive a board grant under subdivision 2 to design, develop, implement, and evaluate their program must participate in activities that support program development and implementation.

Subd. 5a. **Grant program administration.** The Professional Educator Licensing and Standards Board may enter into an interagency agreement with the Office of Higher Education or the Department of Education. The agreement may include a transfer of funds to the Office of Higher Education or the Department of Education to help administer the competitive grant process.

Subd. 6. **Report.** By September 30 of each year after receiving a grant, recipients must submit a report to the Professional Educator Licensing and Standards Board on program efforts that describes mentoring and induction activities and assesses the impact of these programs on teacher effectiveness and retention. The board must publish a summary report for the public and submit the report to the committees of the legislature with jurisdiction over kindergarten through grade 12 education policy and finance in accordance with section 3.302 by November 30 of each year.

The purpose of this section is to support research on the comparative effectiveness of different teacher education program structures, after new programs have been designed and implemented, and the first graduates are in service.

Subd. 2. **Responsibility.** By July 1, 1989, the Board of Teaching must begin to evaluate the effectiveness of prebaccalaureate, postbaccalaureate, and other alternative program structures for preparing candidates for entrance into the teaching profession. The evaluation shall be conducted by independent research centers or evaluators who are not associated with a Minnesota teacher education institution and shall be longitudinal in nature.

INTERSTATE AGREEMENT

122A.90 INTERSTATE AGREEMENT ON QUALIFICATIONS OF EDUCATIONAL PERSONNEL.

The Interstate Agreement on Qualifications of Educational Personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein in the form substantially as follows:

INTERSTATE AGREEMENT ON QUALIFICATIONS OF EDUCATIONAL PERSONNEL

ARTICLE I

PURPOSE, FINDINGS, AND POLICY

(1) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

(2) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

ARTICLE II

DEFINITIONS

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

(1) Educational personnel means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(2) Designated state official means the educational official of a state selected by that state to negotiate and enter into, on behalf of this state, contracts pursuant to this agreement.

(3) Accept, or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(4) State means a state, territory, or possession of the United States; the District of Columbia; or the commonwealth of Puerto Rico.

(5) Originating state means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to article III.

(6) Receiving state means a state (and the subdivisions thereof) which accepts educational personnel in accordance with the terms of a contract made pursuant to article III.

ARTICLE III

INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS

(1) The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

(2) Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

(3) No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

(4) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the

program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(5) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(6) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

ARTICLE IV

APPROVED AND ACCEPTED PROGRAMS

(1) Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(2) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

ARTICLE V

INTERSTATE COOPERATION

The party states agree that:

(1) They will, so far as practicable, prefer the making of multilateral contracts pursuant to article III of this agreement.

(2) They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

ARTICLE VI

AGREEMENT EVALUATION

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the agreement, and to formulate recommendations for changes.

ARTICLE VII

OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

ARTICLE VIII

EFFECT AND WITHDRAWAL

(1) This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(2) Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

(3) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

ARTICLE IX

CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.
