373.01 POWERS.

Subdivision 1. **Public corporation; listed powers.** (a) Each county is a body politic and corporate and may:

(1) Sue and be sued.

(2) Acquire and hold real and personal property for the use of the county, and lands sold for taxes as provided by law.

(3) Purchase and hold for the benefit of the county real estate sold by virtue of judicial proceedings, to which the county is a party.

(4) Sell, lease, and convey real or personal estate owned by the county, and give contracts or options to sell, lease, or convey it, and make orders respecting it as deemed conducive to the interests of the county's inhabitants.

(5) Make all contracts and do all other acts in relation to the property and concerns of the county necessary to the exercise of its corporate powers.

(b) No sale, lease, or conveyance of real estate owned by the county, except the lease of a residence acquired for the furtherance of an approved capital improvement project, nor any contract or option for it, shall be valid, without first advertising for bids or proposals in the official newspaper of the county and the county's website for three consecutive weeks, and once in a newspaper of general circulation in the area where the property is located. The notice shall state the time, place, and manner of considering and accepting proposals, contain a legal description of any real estate, and a brief description of any personal property.

After publication in the official newspaper, county website, and relevant newspaper of general circulation, bids may be solicited and accepted by the online auction process authorized in section 471.345, subdivision 17. Leases and proposals that do not exceed \$15,000 for any one year may be negotiated and are not subject to the competitive bid procedures of this section. All proposals estimated to exceed \$15,000 in any one year shall be considered at the time set for accepting proposals, and the one most favorable to the county accepted, but the county board may, in the interest of the county, reject any or all proposals.

(c) Sales of personal property the value of which is estimated to be \$15,000 or more shall be made only after advertising for bids or proposals in the county's official newspaper, on the county's website, or in a recognized industry trade journal. At the same time it posts on its website or publishes in a trade journal, the county must publish in the official newspaper, either as part of the minutes of a regular meeting of the county board or in a separate notice, a summary of all requests for bids or proposals that the county advertises on its website or in a trade journal. After publication in the official newspaper, on the website, or in a trade journal, bids or proposals may be solicited and accepted by the electronic selling process authorized in section 471.345, subdivision 17. Sales of personal property the value of which is estimated to be less than \$15,000 may be made either on competitive bids or in the open market, in the discretion of the county board. "Website" means a specific, addressable location provided on a server connected to the Internet and hosting World Wide Web pages and other files that are generally accessible on the Internet all or most of a day.

(d) Notwithstanding anything to the contrary herein, the county may, when acquiring real property for county highway right-of-way, exchange parcels of real property of substantially similar or equal value without advertising for bids. The estimated values for these parcels shall be determined by the county assessor.

(e) Notwithstanding anything in this section to the contrary, the county may, when acquiring real property for purposes other than county highway right-of-way, exchange parcels of real property of substantially similar or equal value without advertising for bids. The estimated values for these parcels must be determined by the county assessor or a private appraisal performed by a licensed Minnesota real estate appraiser. For the purpose of determining for the county the estimated values of parcels proposed to be exchanged, the county assessor need not be licensed under chapter 82B. Before giving final approval to any exchange of land, the county board shall hold a public hearing on the exchange. At least two weeks before the hearing, the county auditor shall post a notice in the auditor's office and the official newspaper of the county of the hearing that contains a description of the lands affected.

(f) If real estate or personal property remains unsold after advertising for and consideration of bids or proposals the county may employ a broker to sell the property. The broker may sell the property for not less than 90 percent of its appraised market value as determined by the county. The broker's fee shall be set by agreement with the county but may not exceed ten percent of the sale price and must be paid from the proceeds of the sale.

(g) A county or its agent may rent a county-owned residence acquired for the furtherance of an approved capital improvement project subject to the conditions set by the county board and not subject to the conditions for lease otherwise provided by paragraph (a), clause (4), and paragraphs (b), (c), (d), (f), and (h).

(h) In no case shall lands be disposed of without there being reserved to the county all iron ore and other valuable minerals in and upon the lands, with right to explore for, mine and remove the iron ore and other valuable minerals, nor shall the minerals and mineral rights be disposed of, either before or after disposition of the surface rights, otherwise than by mining lease, in similar general form to that provided by section 93.20 for mining leases affecting state lands. The lease shall be for a term not exceeding 50 years, and be issued on a royalty basis, the royalty to be not less than 25 cents per ton of 2,240 pounds, and fix a minimum

amount of royalty payable during each year, whether mineral is removed or not. Prospecting options for mining leases may be granted for periods not exceeding one year. The options shall require, among other things, periodical showings to the county board of the results of exploration work done.

(i) Notwithstanding anything in this subdivision to the contrary, the county may, when selling real property owned in fee simple that cannot be improved because of noncompliance with local ordinances regarding minimum area, shape, frontage, or access, proceed to sell the nonconforming parcel without advertising for bid. At the county's discretion, the real property may be restricted to sale to adjoining landowners or may be sold to any other interested party. The property shall be sold to the highest bidder, but in no case shall the property be sold for less than 90 percent of its fair market value as determined by the county assessor. All owners of land adjoining the land to be sold shall be given a written notice at least 30 days before the sale. This paragraph shall be liberally construed to encourage the sale of nonconforming real property and promote its return to the tax roles.

Subd. 2. Road equipment agreements, terms. Notwithstanding any other contrary law, a county may enter into a rental purchase agreement or conditional sales agreement to acquire road equipment but the seller shall be limited to the remedy of recovery of the property in case of nonpayment of all or part of the purchase price. The purchase price shall be payable over not more than five years.

Subd. 3. Capital notes. (a) A county board may, by resolution and without referendum, issue capital notes subject to the county debt limit to purchase capital equipment useful for county purposes that has an expected useful life at least equal to the term of the notes. The notes shall be payable in not more than 20 years and shall be issued on the terms and in the manner determined by the board. A tax levy shall be made for payment of the principal and interest on the notes, in accordance with section 475.61, as in the case of bonds.

(b) For purposes of this subdivision, "capital equipment" means:

- (1) public safety, ambulance, road construction or maintenance, and medical equipment;
- (2) computer hardware and software, whether bundled with machinery or equipment or unbundled, together with application development services and training related to the use of the computer hardware or software; and
- (3) projects that eliminate R-22, as defined in section 240A.09, paragraph (b), clause (2).

Subd. 4. Tax anticipation certificates. The county board of any county may, by resolution, issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of taxes levied for any fund named in the tax levy for the purpose of raising money for such fund, but the certificates outstanding for any such separate funds shall not on the date on which the certificates are issued exceed 75 percent of the amount of taxes previously levied for such fund remaining uncollected. No certificate shall be issued to become due and payable later than 15 months after the deadline for the certification of the property tax levy under section 275.07, subdivision 1, and the certificates shall not be sold for less than par and accrued interest. The certificates of indebtedness may be issued at any time after the levy has been finally made and certified to the county auditor. They shall be numbered consecutively, be in denominations of \$100 or a multiple thereof, may have interest coupons attached, shall be otherwise of such form and terms, and may be made payable at such place, as will best aid in their negotiation, and the proceeds of the tax assessed and collected on account of the fund and the full faith and credit of the county shall be irrevocably pledged for the redemption and payment of the certificates so issued. Such certificates shall be payable primarily from the moneys derived from the levy for the years against which such certificates were issued,

but shall constitute unlimited general obligations of the county. Money derived from the sale of such certificates shall be credited to the fund or funds the taxes for which are so anticipated.

Subd. 2. **No loss if closed.** Any act authorized, required, or permitted by law or contract to be performed at or in county buildings, or their offices, which are closed as provided in this section, may be performed on the next succeeding regular business day and no liability or loss of rights on the part of any person shall result from the closing.

Subdivision 1. **County war memorial; cost limit.** Subject to the limitations of this section, a county may construct and maintain in the county a building, including a hospital, to be erected as a memorial to the men and women who have served in the armed forces of the United States during a time when it was at war,

if the construction of the building at a sum not to exceed a specified amount is authorized by a vote of the electors of the county in the manner provided by section 375.20. The cost of the building shall not exceed \$250,000.

Subd. 2. **Supervision.** The war memorial building, if not a hospital, shall be under the supervision and control of the county board. The county auditor on receipt of the certification shall levy upon all taxable property in the county a tax in each year certified by the county board sufficient to produce the amount certified. 373.06 ACTIONS AGAINST COUNTIES.

No action shall be maintained by any claimant, except the state of Minnesota, against a county upon any claim except county orders, when the only relief demanded is a judgment for money, until the claim has been presented to the board and it has failed to act upon it within the time fixed by law, or the board consents to the institution of the action.

No action shall be brought by any person, except the state of Minnesota, upon any county order until the expiration of 30 days after a demand for payment of it has been made. Any judgment against the county entered in an action brought on an order without a demand is void.

History: (645) *RL s 414; 1984 c 629 s 1*

373.09 CLAIMS AGAINST COUNTY; APPEAL.

When a claim against a county is disallowed in whole or part by the county board, the claimant may appeal to the district court by (1) filing a written notice of appeal in the office of the auditor within 15 days after written notice is mailed to the claimant by the county auditor showing the disallowance of the claim and (2) giving security for costs, to be approved by the auditor. The auditor shall notify the county attorney of the appeal.

When a claim is allowed in whole or in part by the board, no order shall be issued to pay it or any part of it, until three days after the date of the decision. The county attorney may, on behalf and in the name of the county, appeal from the decision to the district court, by filing a written notice of appeal in the office of the auditor within three days after the date of the decision appealed from. Any seven taxpayers of the county may appeal in their own names from the decision to the district court by (1) filing a written notice of appeal stating the grounds in the office of the auditor within three days after the date of the decision appealed from, and (2) giving security to the claimant for the claimant's costs and disbursements. The security shall be approved by a judge of the district court. After filing of a notice of appeal no order shall be issued in payment of the claim until a certified copy of the judgment of the court is filed in the office of the auditor. Upon filing of a notice of appeal, the court has jurisdiction of the parties and of the subject matter, and may compel a return to be made.

373.10 PROCEEDINGS ON APPEAL.

Within ten days after an appeal has been taken, the auditor shall, without charge, file in the office of the court administrator a certified copy of the claim and a transcript of the record of the action of the board on it, together with a copy of the notice of appeal, and the date of its filing in the auditor's office. The proceedings shall be put upon the calendar for trial as an issue of fact. The court shall direct pleadings to be made as in a civil action, upon which the proceeding shall be tried, and all questions of law summarily heard and determined. Issues of fact shall be tried and judgment rendered and perfected as in a civil action but no

execution shall issue on the judgment except for the collection of a counterclaim or costs and disbursements in case of a judgment for them against a claimant.

373.11 APPEALS; COUNTERCLAIM.

An appeal from the judgment of the district court may be taken as in other civil cases within 30 days after the actual entry of the judgment. If no appeal is taken, a certified copy of the judgment shall be filed in the office of the auditor. If an appeal is taken, the determination of the court of appeals shall be certified to the district court and judgment entered in accordance with it, and that judgment certified to and filed in the office of the county auditor. In either case, after the certified copy is filed, orders shall be drawn on the county treasury in payment of any judgment in favor of a claimant. Execution may issue out of the district court for the collection of any costs awarded against a claimant. If costs are awarded against a claimant and there is any allowance on the claim in favor of the claimant, the amount of the costs shall be deducted from the allowance. In any case of an appeal, the county may interpose in the district court as a counterclaim any demand which it has against the claimant, and have execution for the collection of any judgment in its favor.

373.12 JUDGMENTS AGAINST COUNTIES; HOW PAID.

When a judgment is recovered against a county, or against a county officer, in an action prosecuted by or against the officer officially and the judgment is to be paid by the county, no execution shall issue except as provided in this section. Unless reversed, the judgment shall be paid from funds in the treasury, if available. If funds are not available, the unpaid amount of the judgment shall be levied and collected as other county charges, and, when collected, shall be paid to the person in whose favor the judgment was rendered, upon the delivery of a proper voucher. If payment is not made within 30 days after the time the treasurer is required by law to make settlement with the auditor next after the rendition of the judgment, execution may issue, but only the property of the county shall be liable on it.

(a) to promote and develop the Great River Road in Minnesota;

(b) to pay actual expenses of commission members incurred in the performance of their duties as commissioners;

(c) to purchase stationery and office supplies;

(d) to pay dues to the national Mississippi River Parkway Commission; and

(e) to purchase lands and interests in lands including scenic easements, in addition to the normal right-of-way required for the Great River Road.

373.40 CAPITAL IMPROVEMENT BONDS.

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given.

(a) "Bonds" means an obligation as defined under section 475.51.

(b) "Capital improvement" means acquisition or betterment of public lands, buildings, or other improvements within the county for the purpose of a county courthouse, administrative building, health or social service facility, correctional facility, jail, law enforcement center, hospital, morgue, library, park, qualified indoor ice arena, roads and bridges, public works facilities, fairground buildings, and records and data storage facilities, and the acquisition of development rights in the form of conservation easements under chapter 84C. An improvement must have an expected useful life of five years or more to qualify. "Capital improvement" does not include a recreation or sports facility building (such as, but not limited to, a gymnasium, ice arena, racquet sports facility, swimming pool, exercise room or health spa), unless the building is part of an outdoor park facility and is incidental to the primary purpose of outdoor recreation. For purposes of this section, "capital improvement" includes expenditures for purposes described in this paragraph that have been incurred by a county before approval of a capital improvement plan, if such

expenditures are included in a capital improvement plan approved on or before the date of the public hearing under subdivision 2 regarding issuance of bonds for such expenditures.

(c) "Metropolitan county" means a county located in the seven-county metropolitan area as defined in section 473.121 or a county with a population of 90,000 or more.

(d) "Population" means the population established by the most recent of the following (determined as of the date the resolution authorizing the bonds was adopted):

(1) the federal decennial census,

(2) a special census conducted under contract by the United States Bureau of the Census, or

(3) a population estimate made either by the Metropolitan Council or by the state demographer under section 4A.02.

(e) "Qualified indoor ice arena" means a facility that meets the requirements of section 373.43.

Subd. 2. **Application of election requirement.** (a) Bonds issued by a county to finance capital improvements under an approved capital improvement plan are not subject to the election requirements of section 375.18 or 475.58. The bonds must be approved by vote of at least three-fifths of the members of the county board. In the case of a metropolitan county, the bonds must be approved by vote of at least two-thirds of the members of the county board.

(b) Before issuance of bonds qualifying under this section, the county must publish a notice of its intention to issue the bonds and the date and time of a hearing to obtain public comment on the matter. The notice must be published in the official newspaper of the county or in a newspaper of general circulation in the county. The notice must be published at least 14, but not more than 28, days before the date of the hearing.

(c) A county may issue the bonds only upon obtaining the approval of a majority of the voters voting on the question of issuing the obligations, if a petition requesting a vote on the issuance is signed by voters equal to five percent of the votes cast in the county in the last county general election and is filed with the county auditor within 30 days after the public hearing. If the county elects not to submit the question to the voters, the county shall not propose the issuance of bonds under this section for the same purpose and in the same amount for a period of 365 days from the date of receipt of the petition. If the question of issuing the bonds is submitted and not approved by the voters, the provisions of section 475.58, subdivision 1a, shall apply.

Subd. 3. **Capital improvement plan.** (a) A county may adopt a capital improvement plan. The plan must cover at least the five-year period beginning with the date of its adoption. The plan must set forth the estimated schedule, timing, and details of specific capital improvements by year, together with the estimated cost, the need for the improvement, and sources of revenues to pay for the improvement. In preparing the capital improvement plan, the county board must consider for each project and for the overall plan:

(1) the condition of the county's existing infrastructure, including the projected need for repair or replacement;

(2) the likely demand for the improvement;

(3) the estimated cost of the improvement;

(4) the available public resources;

(5) the level of overlapping debt in the county;

(6) the relative benefits and costs of alternative uses of the funds;

(7) operating costs of the proposed improvements; and

(8) alternatives for providing services more efficiently through shared facilities with other counties or local government units.

(b) The capital improvement plan and annual amendments to it are not effective until approved by the county board after public hearing.

Subd. 4. Limitations on amount. A county may not issue bonds under this section if the maximum amount of principal and interest to become due in any year on all the outstanding bonds issued pursuant to this section (including the bonds to be issued) will equal or exceed 0.12 percent of the estimated market value of property in the county. Calculation of the limit must be made using the estimated market value for the taxes payable year in which the obligations are issued and sold. This section does not limit the authority to issue bonds under any other special or general law.

Subd. 5. Application of chapter 475. Bonds to finance capital improvements qualifying under this section must be issued under the issuance authority in chapter 475 and the provisions of chapter 475 apply, except as otherwise specifically provided in this section.

There must be a reasonable relation between the fee and the cost of providing the service. (3) any combination of agreements under clauses (1) and (2).

(c) The agreements under paragraph (b) provide that all parties must pay the principal and interest on obligations, if the revenues for the facility are insufficient to pay the obligations in full.

(d) The county board finds, based on analysis provided by a professional experienced in finance, that the facility's revenues and other available money will be sufficient to pay the obligations, without reliance on a property tax levy or the general purpose state aid of the county or any party to a joint powers agreement.

Subdivision 1. **Definitions.** For the purpose of this section, "project" means a facility that generates electricity from renewable energy sources listed in section 216B.1691, subdivision 1, paragraph (c).

Subd. 2. **Energy purchase contracts; generation projects.** A county may, for itself or in cooperation with other counties, enter into agreements for the purchase of electrical energy from one or more projects, and may enter into agreements with a utility for the purchase and sale of the electrical energy so purchased. Agreements may be for a term of one year to 20 years. A county may also acquire an ownership interest in a project and may enter into agreements for the purchase and sale of electrical energy produced. A county may not sell, transmit, or distribute the electrical energy at retail or provide for end use from an off-site facility by the county or counties of the electrical energy. A county's on-site generation authorized under this subdivision is limited to a total of ten megawatts. Nothing in this section modifies the exclusive service territories or exclusive right to serve as provided in sections 216B.37 to 216B.43. The energy to be purchased by a county under agreements entered into under this section and the energy produced that is commensurate with the county's interest in projects shall not in any year exceed the total amount of energy used by the county for its own facilities in the immediately preceding year, regardless of the source from which energy was obtained.

Subd. 3. **Joint purchase of energy and acquisition of generation projects; financing.** (a) A county may enter into agreements under section 471.59 with other counties for joint purchase of energy or joint acquisition of interests in projects. A county that enters into a multiyear agreement for purchase of energy or acquires an interest in a project may finance the estimated cost of the energy to be purchased during the term of the agreement or the cost to the county of the interest in the project by the issuance of revenue bonds of the county, including clean renewable energy revenue bonds, provided that the annual debt service on all bonds issued under this section, together with the amounts to be paid by the county in any year for the

(b) An agreement entered into under section 471.59 as provided by this section may provide that:

(1) each county issues bonds to pay their respective shares of the cost of the projects;

(2) one of the counties issues bonds to pay the full costs of the project and that the other participating counties pay any available revenues of the project and pledge the revenues to the county that issues the bonds; or

(3) the joint powers board issues revenue bonds to pay the full costs of the project and that the participating counties pay any available revenues of the project under this subdivision and pledge the revenues to the joint powers entity for payment of the revenue bonds.

Subd. 2. **Postponement of election.** (a) In the event of severe or inclement weather, the county auditor may postpone an election when the National Weather Service or a law enforcement agency has issued storm warnings or travel advisories indicating that the weather conditions would make travel to a polling place difficult or hazardous for voters and election judges. When one or more jurisdictions are holding elections in conjunction with one another, the jurisdiction that covers the largest geographic area has the authority, after consulting with the other auditors and clerks, to make the decision to postpone all of the elections. A decision to postpone an election must apply to every precinct in the jurisdiction.

(b) A decision to postpone an election must be made no later than 6:00 p.m. on the day before the election. The auditor must contact the election judges and notify local media outlets of the postponement. The auditor must also post a notice on the jurisdiction's website, if practicable.
