Subd. 2. **Authorization.** (a) The agency may issue up to \$30,000,000 in aggregate principal amount of housing infrastructure bonds in one or more series to which the payment made under this section may be pledged. The housing infrastructure bonds authorized in this subdivision may be issued to fund loans, or grants for the purposes of clauses (4) and (7), on terms and conditions the agency deems appropriate, made for one or more of the following purposes:

(1) to finance the costs of the construction, acquisition, and rehabilitation of supportive housing where at least 50 percent of units are set aside for individuals and families who are without a permanent residence;

(2) to finance the costs of the acquisition and rehabilitation of foreclosed or abandoned housing to be used for affordable rental housing or for affordable home ownership and the costs of new construction of rental housing on abandoned or foreclosed property where the existing structures will be demolished or removed;

(3) to finance that portion of the costs of acquisition of property that is attributable to the land to be leased by community land trusts to low- and moderate-income home buyers;

(b) Among comparable proposals for permanent supportive housing, preference shall be given to permanent supportive housing for veterans and other individuals or families who:

(1) either have been without a permanent residence for at least 12 months or at least four times in the last three years; or

(2) are at significant risk of lacking a permanent residence for 12 months or at least four times in the last three years.

(c) Among comparable proposals for senior housing, the agency must give priority to requests for projects that:

(1) demonstrate a commitment to maintaining the housing financed as affordable to senior households;

(2) leverage other sources of funding to finance the project, including the use of low-income housing tax credits;

(3) provide access to services to residents and demonstrate the ability to increase physical supports and support services as residents age and experience increasing levels of disability; and

(4) include households with incomes that do not exceed 30 percent of the median household income for the metropolitan area.

(d) To the extent practicable, the agency shall balance the loans made between projects in the metropolitan area and projects outside the metropolitan area. Of the loans made to projects outside the metropolitan area, the agency shall, to the extent practicable, balance the loans made between projects in counties or cities with a population of 20,000 or less, as established by the most recent decennial census, and projects in counties or cities with populations in excess of 20,000.

(e) Among comparable proposals for permanent housing, the agency must give preference to projects that will provide housing that is affordable to households at or below 30 percent of the area median income.

(f) If a loan recipient uses the loan for new construction as defined by the agency on a building containing more than four units, the loan recipient must construct, convert, or otherwise adapt the building to include:

(1) the greater of: (i) at least one unit; or (ii) at least five percent of units that are accessible units, and each accessible unit includes at least one roll-in shower, water closet, and kitchen work surface meeting the requirements of section 1002 of the current State Building Code Accessibility Provisions for Dwelling Units in Minnesota; and

Subd. 3. **No full faith and credit.** The housing infrastructure bonds are not public debt of the state, and the full faith and credit and taxing powers of the state are not pledged to the payment of the housing infrastructure bonds or to any payment that the state agrees to make under this section. The bonds must contain a conspicuous statement to that effect.

Subd. 3a. **Refunding bonds.** (a) The agency may issue housing infrastructure bonds in one or more series to refund bonds authorized in this section. The amount of refunding housing infrastructure bonds that may be issued from time to time will not be subject to the dollar limitation contained in any of the authorizations in this section nor will those bonds be included in computing the amount of bonds that may be issued within those dollar limitations.

(b) In the refunding of housing infrastructure bonds, each bond must be called for redemption prior to its maturity in accordance with its terms no later than the earliest date on which it may be redeemed. No refunding bonds may be issued unless as of the date of the refunding bonds the present value of the dollar amount of the debt service on the refunding bonds, computed to their stated maturity dates, is lower than the present value of the dollar amount of debt service on all housing infrastructure bonds refunded computed to their stated maturity dates. For purposes of this subdivision, "present value of the dollar amount of debt service" means the dollar amount of debt service to be paid, discounted to the nominal date of the refunding bonds at a rate equal to the yield on the refunding bonds.

(c) If as a result of the issuance of refunding bonds the amount of debt service for an annual period is less than the amount transferred by the commissioner of management and budget to pay debt service for that annual period, the agency must deduct the excess amount from the actual amount of debt service on those bonds certified for the next subsequent annual period.

**Subd. 4. Appropriation; payment to agency or trustee.** (a) The agency must certify annually to the commissioner of management and budget the actual amount of annual debt service on each series of bonds issued under subdivision 2.

The amounts necessary to make the transfers are appropriated from the general fund to the commissioner of management and budget.
